REBUILD THE TWIN TOWERS! Nothing has rewarded the jihadists more than the ongoing sight of a world landmark wiped off the face of the earth.

— Dan Taylor / Citizen of Other Nations

The world was robbed of the 21st-century Twin Towers most of us always wanted.

Click above for more comments that rebuke the cynicism that tried to replace the Twin Towers and failed.

New York City will never be the same without the Twin Towers. To make the biggest statement to the rest of the world would be to rebuild as they were. In Tulsa, my birth city, we have the BOK tower, designed by the same architect who designed the Twin Towers. Please rebuild New York City's skyline.

New York City just isn't New York City without the "twin towers." Please put them back in their original form and make NYC and the rest of the country "whole" again! Let's show the world that despite the tragedy that was unleashed upon us, we have the resolve to unite and withstand any and all transgressions against us. Let us send that message loud and clear!!!

I believe the towers should be rebuilt to help America heal, but to also remind us of what can happen. I did not personally know anyone who lost their life there, but if I or one of my family members had, I would want them rebuilt as a memorial to them. Also to show terrorists...We will survive. GOD BLESS AMERICA !

Rebuild the towers, anything else signifies defeat.

Bill Frombach All Other Americans 9/10/2006

I think we NEED to rebuild The Towers! If it were up to me, I'd add another 10 floors!!!!

Dave McNamee All Other Americans 9/10/2006

Doing anything other than rebuilding the towers would be a crime.

Keep the world trade centre and the memory of the angels taken away that day alive. They might have took the person from us but they will never take their memory. I'm still in deep saddness for America, the people lost that day and their families. ANGELS LIVE ON FOREVER. I hope i will go to heaven so that i will be able to meet every single one of them.

Verlin Kinsey All Other Americans 9/10/2006

I can think of no better way to show the world that while we may get knocked down, we will always get back up again.

I say to rebuild it back the way it was!!

make this into a spot that will be useful but will be memorable to everyone who lost a loved one close to there heart in the 9/11 attack on the twin towers

I most assuredly support no other action thank rebuilding the Twin Towers as they were before. I cannot tell you how simple movies like "Godzilla" and "Independence Day" move me whenever I see the Towers in them.

They were and are an essential piece of New York City, and no American will feel truly whole with out them.

Never in the history of this nation have we surrendered to another nation or enemy ON OUR SOIL! If the World Trade Center towers are not rebuilt, that is what we'd be doing, just as Spain caved to terrorists after the 3/11 train bombings.

Just add a Phalanx Close In Weapon System on the east and west corners of both buildings.

Make each lobby in the North and South towers a memorial for the people killed in the original of each tower. Aircrew, passengers, workers, and the Bravest and Finest.

We must deny our enemies any victory.

5 years ago right after September 11, I had the chance to come to New York and study there in Plattsburgh State University of New York. When for the first time I arrived in Manhattan I could feel the absence of Twin Towers, I felt sad and had tears in my eyes. I used to have a poster of NYC, showed Brooklyn Bridge and the magnificent twin towers

common! At first I didn't know if rebuilding the Towers was the right thing to do but time has passed and now I do! What a magnificent sight they would be NOW! What a grand statement! How soothing and beautiful! With all the political NONSENSE going on about the site, and all the absurd designs (and I'm a designer), this would just shut everyone up.

It'll be great to bring those towers back up. I've only saw them in my own eyes in Liberty Park New Jersey a couple of times in the past and I could never forget their presence. Forget the freedom tower, bring back the towers...NOW!

 **Kathy Butler** All Other Americans 9/10/2006

Why would you build anything else????????????????? Re-build the towers the way they were out of RESPECT for all those who gave their lives FOR YOU!!!!!!

the same towers should be built, not something shiny and glitzy. that's not what this is about. all the fat cats want to get richer, but we the people want our old city back the way it was.

We need to rebuild, giving us strength to move forward.

behind the B Bridge. **For me, if I lose something, I like to search and find the same old item, because it brings memories back, and [I don't buy something else if I can replace what I lost.]**

 **Rick Banks** All Other NY & NJ Residents 9/10/2006

The solution is so simple. You replace what was lost, and make it better.

 **Jeremy Duchow** All Other Americans 9/9/2006

I saw the towers come down when I was 14. and since then I've seen the empty NY skyline as absolutely shameful.

 **Wm. Matt Weese** All Other Americans 9/9/2006

I have heard no one who prefers the short, ugly buildings currently proposed. As a citizen of Oklahoma, I know what it is like to have a terrorist-attacked tower replaced by a useless, silly-looking outdoor memorial (with utmost respect to the Murrah building victims). Please, rebuild... one floor taller. The impact floors on each tower could be made into memorials, one educating and one solemn. Make me want to visit them, as I didn't get to do before their destruction. 09 September 2006

 **Natasha Bolden** All Other Americans 9/9/2006

I believe that the best way for our nation to heal - is to rebuild the towers that hate brought down. The terriost hate everything about America, we need to be stronger than we were that day and build the towers back in the memory of all those that were lost that day. Everyone that went into those buildings, loved them and felt so proud to have been a part of them. I truly hope that the buildings are built back.

 **Wesley Hutchins** All Other Americans 9/9/2006

I have always believed in rebuilding the Twin Towers adjacent to their original footprints.

 **Doreen Henricks** All Other Americans 9/9/2006

I live in Georgia. In 1999 I visited cousins in Brooklyn for the 1st time. The towers were visible from their windows. An old friend took a day off to join me on the plaza. We took the tour of the rooftop, and later took photos of lower Manhattan from Liberty Island. We said goodbye at the subway under the towers as he headed back to New Jersey. **Rebuilding the towers as they were, sends a clear message that America-and New York-will never tolerate acts of terrorism on our soil. Thank you.**

 **REBECCA THOMPSON** All Other Americans 9/9/2006

Rebuild the towers as before, tell the whole world we will not be deminished in any way. Our spirit and determination is stronger now than before 9/11.

I would like to see New York become the city I remember. Before the cowards who sucker punched us. I like Donald Trump's version of re-build the towers one floor higher.

I also would like to dismantle the UN and free up prime NYC waterfront property. Re-locate the diplomats to new digs at the new World Trade Center.What better place for them to work from? The top floors of the new trade centers should contain any memorials. Also the replacement of the towers would be fitting tribute to all.

Right from the start, it's always been my sentiment to rebuild the towers. Aside from any structural improvements, they should rise again

in all their former magnificence and presence.
Anything else will convey weakness on our part.

 **Babette Johnson** All Other Americans 9/9/2006

I like everyone else want to see a great memorial to the victims of 9/11. What ever it takes to make that happenI will honor.Build the twin towers the way they were.Make the memory last. I support what ever you chose to do.

 **Greg Schwenk *** All Other Americans 9/9/2006

The only right thing to do is to rebuild the the Twin Towers. That would be the best memorial to the victims of 9/11 who died in World Trade Centers. Anything less would be a tragedy and a victory for the Islamic Fascist across the world. It would show the world and more importantly the Islamic Extremist that America will never cower and that the American spirt will never die.

Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.

* Indicates that the signer has not yet activated the validation link, often due to spamblocking software. They are included out of respect for the sincerity of the comments.
