REBUILD THE TWIN TOWERS! Nothing has rewarded the jihadists more than the ongoing sight of a world landmark wiped off the face of the earth.

— Dan Taylor / Citizen of Other Nations

The world was robbed of the 21st-century Twin Towers most of us always wanted.

Click above for more comments that rebuke the cynicism that tried to replace the Twin Towers and failed.

Show some spine—build the WTC back, only stronger than before! Restore the NYC skyline to its former glory.

Eddie McMullen All Other Americans 4/20/2006
This should have been the idea from day one. There never should have been a contest or competition, there should have been a rebuilding of new and better towers – but looking like the SAME towers!

I am an Air Force reservist employed full time as an airline pilot for American Airlines. I lost friends and colleagues on September 11 and witnessed first hand the horrific events of that day as I was on a layover in Manhattan. BUILD THEM AGAIN!

To best honor and remember the victims and heros of 911, The Twin Towers must be rebuilt as they once were. The NY City skyline is bare without them and America deserves to have them back. The Twin Towers were an important symbol of America.

Eric Lange All Other Americans 4/20/2006
It's a no brainer. We must treat this as a national landmark and rebuild them. It is the best non-violent way to stick it to the terrorists.

It is of enormously secondary imporance that the original Twin Towers were, to some extent, a government boondoggle. In practice, they were at the nerve center of global capitalism. In spirit, they represent the essence of capitalism: individual rights, superlative wealth, and immense power—the power to live joyously on earth. Nothing could redound more to the glory of American capitalism than its roll call of enemies: it is hated by the National Socialists, the Communists, the Islamists.

I think we as a nation have waited long enough for restoration not only of the towers, but of hope, pride and promise of a new beginning and new light!

Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.

* Indicates that the signer has not yet activated the validation link, often due to spamblocking software. They are included out of respect for the sincerity of the comments.
