REBUILD THE TWIN TOWERS! Nothing has rewarded the jihadists more than the ongoing sight of a world landmark wiped off the face of the earth.

— Dan Taylor / Citizen of Other Nations

The world was robbed of the 21st-century Twin Towers most of us always wanted.

Anytime I would get on the NJ Turnpike, or go over the Raritan bridge, I would always strain to find the towers on the horizon. My loss was small compared to others, Astrid Sohan the girl that gave me my first kiss.

The Manhattan skyline looks incomplete without the Twin Towers. The so-called Freedom Tower would be the world's biggest monument to the success of terrorists. In Dresden, they rebuilt the Frauenkirche, New York can do it too with the Twin Towers

The WTC was a symbol of American optimism. That symbol of optimism needs to be reforged. Regardless of their appearance, the stature of them towers that rise should represent the best of American imagination, technology, determination, and commerce.

Born in N.Y. and raised on L.I.Living in FI since '79. My Dad helped build the twin towers. Been to the top of the Trade Ctr. many times. Others should have the opportunity to see the breathtaking view. N.Y is not the same without them.

Until we Americans stop the current undemocratic rebuilding process sponsored by governor Pataki, and listen to the voice of the people by rebuilding the Twin Towers, we will never triumph over those killers who long to destroy our democratic ways.

Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear
