- Our twins were 10 days old when 9/11 happened, the day before we found out 1 of them had heart troubles. To wake up in Australia the next day to find the world had changed forever saddened us, WHAT HAVE WE DONE TO BRING KIDS INTO A WORLD LIKE THIS. The towers ned to stand again!

Anything less is a concession to our enemies.

One of the main things about NYC that facinated me was the twin towers.Now that they're gone, NYC is NOT the same. No "Freedom Tower" or memorial will ever bring back the pride we had for our towers. They should be rebuilt, to shine once again.

rebuild the towers

Please, restore the Manhattan skyline, and tell the totalitarian islamist forces that America cannot be broken by people like them.

Ever since 9/11, I have always believed that the WTC should be rebuilt exactly the same. Had the White House or US Capitol been hit, they would have been rebuilt-as the White House was after the War Of 1812. Rebuild it!

Rebuild the World Trade Center. Spare us all the mawkish memorializing. Just rebuild the towers, make them as safe as possible, add a tasteful, discreet, respectful, unsentimental memorial, and let's move on. Rebuilding is the best memorial.

This is what I always wanted since 9/11. I think they should re-build the towers, or build two larger towers. They should be used by the WTO.

I think there should be memorials both inside and outside the rebuilt towers.

This has my whole hearted support and agreement.

Rebuild them as they were in their grand beauty, and stronger and sturdier!

Anyone remember the law of causality?

Anything less than two, idenitcal, massive, clean-lined skyscrapers that soar to unprecedented heights will invite more attacks.

I'm not a New Yorker, but I want the twin towers back as they were. Those towers were one of my favorite skyscrapers and to build anything else in its place just won't do. Ive never been a fan of the Freedom Tower concept. To me, it was more of a keep-it-safe compromise out of fear more than anything. I don't mind building a memorial to commemorate the victims of 9/11, but if you're going to rebuild that site, I just think they need to do it right and rebuild those twins.

Rebuild 'em. The 1776 foot mausoleum they're planning now makes it seems as though we're supposed to feel sorry for ourselves in the foreseeable future. I would love to one day goto ground zero and see the memorial dedicated to the first Twin Towers.

Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.

* Indicates that the signer has not yet activated the validation link, often due to spamblocking software. They are included out of respect for the sincerity of the comments.
