REBUILD THE TWIN TOWERS Nothing has rewarded the phadists more than the ongoing sight of a world landmark wiped off the face of the earth.

The world was robbed of the 21st-century Twin Towers most of us always wanted.

I PERSONALLY GREW UP WITH THE PILOT (VICTOR SARACINI) OF THE SECOND PLANE THAT CRASHED IN THE SECOND TWIN TOWER. I AM ONLY TOO HAPPY FOR THE OPPORTUNITY TO HAVE MY NAME ADDED ON AND TO PASS THIS ON TO ALL MY ONLINE FRIENDS SO THEY CAN DO SO. THANK YOU!

The face of our city has since been destroyed, the moment those beloved towers fell to the ground. We will never forget the heroes and the victims that perished that day. But what we will forget are those towers that they were in that trying morning. We need to do what is right for victims and rebuilding the Twin Towers will prove to all other countries that our nation will never tolerate terrorism. We shall not change the face of our skyline and kill our pride for terrorists.

Ravi Singh Metro New Yorkers 4/29/2006
 Build better and taller than before

 It would be a monument to our determination not to be swayed by those who wish us harm.

 Each time I fly into NY, I still look for the Towers. Rebuilding the Towers, with improved efficiencies and memorials, will be a constant reminder to our citizens as well as those bend on destroying our solidarity and freedom, that we will come back better every time.

 The terrorists will have won a permanent victory over Western Civilization unless those towers are re-built

Steven Franken All Other Americans 4/28/2006

They should have been rebuilt immediately, but stronger. We had the chance to send a message that if you blow it up, we'll rebuild it, and we blew it. What will we do if the Empire State Building is destroyed?

Why would they want to build anything else but the Twin Towers...We the people have the right idea to tell the terrorists that we will not allow them to change our City or Country. Thank You!

Americans should all be of one voice. Rebuild the towers. Make them stronger, larger to show the resolve and the power of reason in guiding a secular public under a constitutional republic whose sole purpose is to protect its citizens individual rights. This includes of course property rights. America!

Emanuele Militello Citizens of Other Nations 4/28/2006

Rebuilding the Twin towers will show to the world that terrorism will never prevail.

 NYC does not look the same without the Twin Towers.

This website is not as scalable as newer sites are and is best viewed on full-size monitors.

higher than they were before.

 **Thomas Bowden** All Other Americans 4/28/2006

Yes, build it taller than before, and dedicate the 93rd floor to the bold passengers of United Flight 93, who fought and won the first battle in the war against Islamic totalitarianism.

 **Patricia McBride Crowley** All Other Americans 4/28/2006

I worked on Wall Street when the World Trade Center was being built. I'm a native New Yorker living in RI. I would like to see a monument built to show our pride.

 **Jose Sandoval** All Other Americans 4/28/2006

New York isn't New York without the real World Trade Center. Freedom Tower "looks like" the North Tower... so all we need now is the South Tower. We wouldn't have this discussion if it were the Statue of Liberty... would we?

The only way to truly show that we have not been defeated by terrorism is to rebuild twin towers at least as tall. It's also the most fitting memorial to those who died – getting back to the business of trade and exchange among nations of the world.

Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.

* Indicates that the signer has not yet activated the validation link, often due to spamblocking software. They are included out of respect for the sincerity of the comments.
