As a 9/11 Family I say build the Towers again and one extra floor. It is clear sharia has infiltrated America and many Americans have already forgotten 9/11. Thank God for the United States Military! They KNOW what they are fighting for. Since the murder of our loved one "Bill" life has never been the same. I have watched as Islamist continue to advance their agenda of "the caliphate" (global domination). What will it take for Americans to wake up? Islamist/sharia is HERE. Please see it.

By all means, rebuild it if we can.

Christopher Recupero All Other Americans 12/29/2007

Rebuilding is the perfect way to show the people who destroyed the towers that they did not win. You can bomb the towers, you can hit them with planes and knock them down, but you can't keep them down. It's symbolic of the American spirit - perseverance, getting up and going on no matter how many times you get knocked down. To build anything else would just not be as powerful or as meaningful. Please reconsider that freedom tower.

We should not only build back the twin towers, but a 3rd tower should be added so when you look from the direction of Mecca, you will see a BIG F. U.
Please rebuild the towers. Thank you.

We truly need to rebuild the twin towers. We need to rebuild now for the sake on our beloved New York and this country. We can't let a group of people dictate what should or should not be put there. We have to look at the need of this city and country. It is disgraceful that nothing is built at the site of our beloved towers.

Pietro Savini * Citizens of Other Nations 12/19/2007
I spent two weeks of my life in united states,in a house of my us friend in march/2001 and january 2005,i have lost my serenity after the 9/11 infamous

Nathan Jedziniak Our Armed Forces & Families 11/28/2007

It occurs to me that a hundred years ago, this would not even have been a question. Of course they should be rebuilt. Exactly as before. No taller, no bigger. The act of destroying the the Towers is a symbol, as is the act of rebuilding them just like they were. I don't care about sending the message. I care about rebuilding them so people can stop living in fear. Maybe one day when people look at the skyline of New York, instead of pain, they'll feel hope.

I would love to see these two amazing towers rebuilt - what better way to show terrorists that they simply can not and WILL NOT ever win?! In fact, I think we should go even further and not only rebuild the towers but rebuild them higher than before in increments of a certain measurement for each person that was murdered. A rebuilt WTC would be a demoralizing blow for the demons behind the vile act of 2001.

Michael DeVita All Other Americans 11/26/2007

I grew up with an unobstructed view of our country's symbol of freedom & power. I want nothing more than to show the rest of the world that if they knock us down we will get right back up. As long as the towers remain gone the enemy assumes victory & gains followers. Rebuilding the towers will restore patriotism & pride, two things many American's have lost as we send soldiers to fight back. Show the world the strength of liberty & the power of a country that refuses to accept persecution.

Brendan Divida * Our Armed Forces & Families 11/25/2007

I think we should bring them back to what they once were and bring back the soul of NY by rebuilding them.

Andrew Mangan All Other Americans 11/21/2007

This is one way to show the people who attacked us that they did nothing; that they proved nothing. Rebuilding the Twin Towers would show them that we will overcome anything they throw our way.

David Bigatti All Other Americans 11/21/2007

To not rebuild the towers, is to surrender and give in to the enemy. We cannot let that happen, we cannot give the enemy the satisfaction!!!

David Werner * All Other Americans 11/21/2007

Rebuild them as they were only better! That is the American way!

attack...and i wanna back the old NY skyline!!!!!!!!!!!!!!

Ashley Howard * All Other Americans 12/19/2007

I personally think that the twin towers is a sign of hope for us if it is to be rebuilt. It will show that we are proud and we can fix any damage that anyone will cause to the us, to have the twin towers rebuilt would be a great honor, and I really hope they get rebuilt!

I want to help the Twin Towers stand up again. Should they never stand up again is a sign of weakness and defeat.

Joanna Neilson Citizens of Other Nations 12/9/2007
They should restore the original skyline, and yes, even bigger than before – the Twin Towers were functional and beautiful, and New York needs to have them again.

Andrew R All Other Americans 12/8/2007
Rebuild the Twin Towers and scrap the Freedom Towers idea. This new design does nothing but glorify fear and defeat. Raise up as Americans and petition.

Frank Yanke * All Other Americans 12/6/2007
The Twin Towers stood for, and presented something to the world! What better way to show them we're still standing than to rebuild them side by side?

It will unite Americans back together stronger than before with a huge sense of pride.

Colm MacNiallais Metro New Yorkers 12/6/2007
The Twin Towers were my favorite and most beloved buildings in this city and my heart was broken on 9/11, for the towers and for those who lost their lives. I want these towers to be rebuilt just as they were, perhaps with modifications to prevent collapse should the terrorists strike again. Rebuild the Twin Towers NOW!

Chaim Berger * Metro New Yorkers 12/6/2007
I believe the twin towers need to be rebuilt, but not just, only higher and more pretty. and thats what i'm waiting to show my children, who already dont remember the new york skyline of before 9/11.

Jenny M * All Other Americans 12/5/2007
They should rebuild the Towers because they are a part of what New York life is about. R.I.P all of those who tragically lost their lives that sad day.

May those who died in the attack of Sept.11,2001 to be in god's glory always and forever. I always remembered and will remember the World Trade Center as the heart of manhattan. It's sad to remember the times of visting the twin towers, taking pictures and taking tours...I still believe the World Trade Center should be rebuilt again to keep our memories alive, to start new careers, and to feel more power no matter what happened...God bless america! R.I.P for those innocent lives. Love, carolyn

I believe that the Twin Towers should be rebuilt, again. We should not fear terrorism. But terrorism should fear the Americans. Anyhow, I think that is the only way to overcome this fear. We ought to rebuild the twin towers. That is one way to show them that they did not invoked fear on us but they united us as a country, once again!

Darlene Keefer * All Other Americans 11/15/2007
Rebuild the twin towers as a memorial to all those who perished and to all those left behind and the helpers after the rath. I visited NY for the first time and stayed in a hotel that just opened up next to where the towers were. It was a little creepy as we were one of the first ones in that establishment. NY

was everything I had heard and I want to see it back again. ~D

Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.

* Indicates that the signer has not yet activated the validation link, often due to spamblocking software. They are included out of respect for the sincerity of the comments.
