REBUILD THE TWIN TOWERS! Nothing has rewarded the jihadists more than the ongoing sight of a world landmark wiped off the face of the earth.

— Dan Taylor / Citizen of Other Nations

The world was robbed of the 21st-century Twin Towers most of us always wanted.

The American Public pays the bills but is continually left out of the decision making process. Until the politicians remember who pays their salaries we must make our voices loud and clear: "If you want our money, pay attention to what we say! Rebuild the towers!!"

Rebuild the towers, bigger, taller, stronger. Make sure the jihadis know that whatever they do, we will bounce back stronger every time. We can do this, we MUST do this so they know they didn't win! I loathe anyone who wants to do less than restore the towers.

Not a Freedom Tower fan. Trade 7 looks great.

Corey Vaughan Metro New Yorkers 7/1/2007

As a resident of NJ and former employee in tower 5 the events of 9/11 are forever scarred into my memory. I was able to see the towers from my classroom and as everyone in the area Seeing what happened that day was one of the worst events of my life. Now the thought of the Freedom tower and the other buildings saddens me. Please give us back our skyline, bring back the twin towers in all their glory

Alan Gishlick All Other Americans 7/1/2007

I grew up near NYC, the city is incomplete without the towers.

REbuilding the twin towers would be a better stand then to build a monument...but two towers with a memorial would be something great.

Dennis ALEXANDER All Other Americans 7/1/2007

It makes perfect sense to rebuild the icons of freedom. Rebuild the towers....now !

Derrick Toddy Metro New Yorkers 7/1/2007

I lived in Manhattan when the towers fell, and would love nothing more than to return once they are rebuilt. An odd looking structure meant to evoke the Statue of Liberty is just no substitute.

I am a native new yorker and want the city back the way that it was. Glamorous and stylish with the Twin Towers gleaming again! Screw those terrorists, this is America isn't it!?!?

Nancy Banulski All Other Americans 6/30/2007

May the towers rise again in honor of those whose lives were lost.

Chris Bresson All Other Americans 6/29/2007

Anyone remember the old websites of WTC? Maybe a reminder of who and what was there by the people who created the websites would bring back memories of how proud these twin buildings were to the city. In an effort to memorialize the old WTC, I collected most of the webpages from archives. Hope this helps.

Once a New Yorker, ALWAYS a New Yorker. We need the skyline.

Mark Burgarelli All Other Americans 6/27/2007

Rebuild the Twin Towers so they may pierce the sky again and signify our country's resilience.

Rebuilding the Towers is the best way to show our enemies that, despite the destruction of 9/11, they've accomplished nothing. Bring 'em back!

as a former new yorker it is the right thing to do. Lets do it!

 **christopher stone** Citizens of Other Nations 7/1/2007

BUILD THEM BACK!

 **Emil Gray** All Other Americans 7/1/2007

Rebuilding the Twin Towers seems to me to be the best "in your face" of which I can possibly think.

I have only been to New York once in my life and fortunately for me it was December 26, 1998. I saw the Twin Towers and then The Radio City Rockets that day. To this day I do not know which was the most inspiring.

 **Chris Brahney** All Other Americans 7/1/2007

Rebuild the towers. God Bless!!!

 **Ron Bernhardt** Metro New Yorkers 7/1/2007

Don't let them take the towers from us, Don't let them prevail.

 **Sam Mercanti *** All Other Americans 7/1/2007

Rebuild the towers in the memory of those lost and as a testament to the spirit of this great nation. Let us stand tall and rebuid the towers over and over again if need be!

 **Matt Janes** All Other Americans 7/1/2007

 **Richard Haggerty** All Other Americans 7/1/2007

Let's not cringe and say, "what if they attack again?" Let's stick it in their faces with new twin towers — even bigger and better than before.

 **John DeGrazio** All Other NY & NJ Residents 7/1/2007

Why is this country losing it's courage? Build the towers back to spec and let's kick all these dirty politicians out of office- it's time to take America back, and there is not a single one of these globalist/billionaire politicians that have such plans, so we must get loud.

 **Tom McMahon** All Other Americans 7/1/2007

Just do it!

 **Tara Rochford *** All Other Americans 6/27/2007

The Twin Towers should be built back the way they were and bring back the historic New York City Skyline.

No other buildings could ever replace that view.

I have always thought the original Twin Towers should be rebuilt and – as long as the families of victims agree – have never seen where the problem lies in rebuilding them exactly as they were before. Don't we want to see those lovely iconic skyscrapers in the New York skyline once more? The design for the new tower is laughable, a travesty. Rebuild these icons and stick two fingers up to the cowards that destroyed them.

 **michele murphy** Metro New Yorkers 6/26/2007

The twin towers were always a part of the New York skyline. They need to be rebuilt.

Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry

and is kept private.

* Indicates that the signer has not yet activated the validation link, often due to spamblocking software. They are included out of respect for the sincerity of the comments.
