The world was robbed of the 21st-century Twin Towers most of us always wanted.

Anything short of total restoration is an abomination.

Nothing, absolutely nothing, is acceptable – other than total and complete restoration of The Twin Towers.

Give the people what we want, and what we want is simple – we want the towers back !

The Alliance is correct – there's much more at stake here than the buildings themselves. The terrorists understand symbolism very well and the reconstruction of these structures which are now embedded in everyone's psyche would represent a hammer blow to their ambition to weaken our resolve and undermine western civilisation. I only hope those in power can be persuaded to see the bigger picture. This will be Pataki's legacy.

I definitely oppose the Silverstein WTC agenda.

I always felt they should be rebuilt. Don't know if anyone would want to work there, but I resent that they were taken from us very much. I always knew I was home when I saw them.

My hometowns skyline is not the same without the twins. rebuilding as they were says to the filth that helped destroy them
"we will not be terrorized."

I think the Towers should be built in the exact image as they were before they were knocked down, except taller. I ask for nothing in return for my service other than that these towers be rebuilt just as they once stood. That would bring a excessive joy to me and my fellow soldiers.

We cannot give into terror! Rebuilding can only send the message that freedom cannot be trampled-and that the free cannot be intimidated!

Don't let the terrorists win....REBUILD THE TWIN TOWERS!

 **James Turkovich** All Other Americans 4/27/2006
Just look at them. The towers stood as a solid symbol instantly recognizable and identified with NYC and the USA. The freedom tower pales in comparison. It's no way to show a triumph over terrorism.

 **Patricia Dyer** NYC's Finest & Families 4/27/2006
GOD BLESS YOU FOR STARTING THIS PETITION.

 **Gerald Keller** All Other Americans 4/27/2006
Fall down seven times, get up eight. It is important that we show the world that we have the spirit of winners. If terrorists destroy, we will rebuild out of courage, not memorialize out of fear.

Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.

* Indicates that the signer has not yet activated the validation link, often due to spamblocking software. They are included out of respect for the sincerity of the comments.
