The world was robbed of the 21st-century Twin Towers most of us always wanted.

I would love to see the view on Manhattan what I should see if nothing happend. I want it back! I don't like building like Freedom Towers. It doesn't say anything to me.

Roger Castleberg * Our Armed Forces & Families 10/26/2008

Rebuild better than ever!!

Joseph Langham * Architects and Builders 10/26/2008

The initial fall of the towers did not effect me as others. When I learned NYC was not going to rebuild I was shocked. As a CAD operator I thought we should rebuild, even connect the two future towers. To see that would move the world.

Dmitriy Sharov Citizens of Other Nations 10/26/2008

I think that we all must support this project, because The Twin Towers of the World Trade Center is a national symbol of America, of New York, and World Trade.

I was in NY, I saw Ground Zero, and I know, that WE MUST REBUILD THIS SYMBOL of the city of New York! Twin Towers like Lady Liberty, like Empire State Building! That's why I SUPPORT this project!

I know, we don't have much money, but together we can rebuild this towers! I think, that we need oped bank's account. Dmitriy (RUSSIA)

The strongest statement we can make, not just as New Yorkers, but as Americans is to erect two more towers. Make them taller and out of the strongest, most perfect materials we have and place whatever memorials to those who perished inside. Let's show the enemy the strength of our economy, society, and way of life outwardly and memorialize those lost within the walls of the two greatest buildings in the free world.

Timothy Scott Our Armed Forces & Families 10/22/2008

Build 2 120 story bld's with an oversized pointed toed cowboy-boot atop each one, One to put up the ARSE of Binladen, and the other for the limp wristed, spineless "ohh we can't do anything to hurt any ones feelings" piece of SHIP, pile-of-ticks, I mean politicians, Who are supposed to be representing US, Not some Third-World Barbarians Feelings... I agree completely, rebuild the Towers as they were.

What's the point of remembering them if they don't even resemble what they once were.

I think you have a great idea, lets follow thru with this.

Michael Aposporos * All Other Americans 10/13/2008

We absolutley must rebuild the towers as they were in order to show the terrorists that we will never give in and that no mater what they do we will always bounce back.

Richie Steier All Other Americans 10/13/2008

I am for the rebuilding of the World Trade Centers. I pray for you guys to get it done right and to fight till the end. God Bless from the Midwest. May the right decision be made!

Rebuild Please!

John Hall * All Other Americans 10/13/2008

I HATE the Fraud Tower and if I have to hear that name ever again im gonna go insane! We must rebuild or it will be proof America is decaying and our leaders have failed us.

Dale Hill * All Other Americans 10/13/2008

These towers were not only the icon of New York, not rebuilding them would give those who destroyed them the satisfaction that they won. They need to be rebuilt, just as they were, a little taller, a little stronger, and only then will the biggest scar in this nation's history be healed.

Ed G.H. * All Other Americans 10/12/2008

Manhattan's skyline means nothing anymore, and building that new tower will not change that. please re-build the twin towers and make New York look like New York again. do it before it's too late.

Seth Kittrell All Other Americans 10/12/2008

This is a great plan because we need to make New York New York again. Right now, the NYC skyline remains a victory for al - Queda. We need our buildings back. Taller, stronger, and safer, the new twin towers would defy terrorism against our nation. Donald Trump is right, the Freedom Tower is nothing compared to this. Do we really want something in our American city that doesn't even resemble New York, or do we want a legendary landmark to be born again? Bring our towers back!

it wont be new york without the towers it would be like destroying the eiffel tower and building some new building paris wouldnt be the same neither would new york

 **Ismael Carrasco** All Other Americans 10/22/2008

The Twin Towers represented New York and America. The most recognizable buildings in the world need to be rebuilt. Like Donald Trump said, "We can not let the terrorists win," we need to take action to show the world America can not be defeated in any way.

When the Twin Towers were bombed in 1993 it was a sad day. When the Twin Towers were destroyed in 2001 that was a very sad day but we can't let that happen again because no planes should fly over Manhattan. Twin Towers should be rebuilt with more steel NOT THE FREEDOM TOWER!!!!!!!

 **Linda Rivera *** Metro New Yorkers 10/19/2008

The twin towers should be rebuilt. Why should we have to settle for the Freedom Tower. Something was taken away from us by terrorists, it should be placed back to show them that we will not let them take anything away from our Country. They need to be built better and stronger so nothing can take them down.

 **Epifanio Sadural IV** Citizens of Other Nations 10/19/2008

My name is Epi, I'm from the Philippines. I totally the support the idea of TT2. While the Freedom, "Fear"om Tower is still delayed, this is our chance to bring New York's beauty back. I currently live in U.S right now, and a U.S Citizen, but me and my family is from the Philippines, we moved here in 2000 about a year before the attack.

The Twin Towers 2 will prove, that the terrorists WILL NEVER WIN!

I'm from Seattle Wa. I strongly support rebuilding the Twin Towers. Building the Freedom Tower (or Fear Tower) is like surrendering to the terrorists. The Twin Towers were an asset to the New York skyline and many people came and admired the Twin Towers. To the Port Authority and Larry Silverstein, have the courage and the will to change course and do the right thing before it's too late. As Franklin Deleno Roosevelt once said, "The only thing we have to fear is fear itself".

 **Jazmine Alvarado** All Other Americans 10/16/2008

Building the towers will let them know OUR FLAG IS STILL THERE!

That horrible Freedom Tower design is a sorry replacement for our Towers. We would be sending those responsible for that day a big F.U. by rebuilding the WTC as it was.

 **Kevin Lotter** All Other Americans 10/11/2008

The Twin Towers stood as an expression of American Will. Now, other countries build bigger and better. If we are to be America, we must lead the world in not only justice, opportunity, and mercy, but also in our reaction to events like September 11, 2001. I visited the old towers three times in my 32 years. I was very sad when my favorite city decided to shirk the potencial for greatness for the calamity of the Freedom Tower. Nobody REALLY wants this piece of tripe! Rebuild! Rebuild those towers!

 **daniel marina** Lwr. Manhattan Residents & Workers 10/9/2008

Rebuild!!! New York will never be the same without the twin towers! We can't let bin laden win!

 **Ferlin Fairgrieve** WTC Tenants Who Would Return 10/9/2008

I think rebuilding would be a great idea.

I agree New York won't be the same, untill they are rebuilt.

I am a veteran Firefighter from Florida. The Towers have always fascinated me. In fact when I was a child, I did a report on NYC and the Towers were part of my diarama. Speaking on behalf of my fellow firefighters, we watched what happened that day and saw our brothers killed. NOTHING says we are stronger than evil more than the rebirth of the Towers.

 **Olivier Allaire *** Citizens of Other Nations 10/7/2008

The Video of the Twins Towers touch me a lot.The best thing to do is to stand up and says "Excuse me,terrorists of piece of you know,you destroy our skyscrapers and killed one of our brothers."I come from Montreal and im a kid of twelve years old and my dream is to come to New York City to see this site and i hope they will not do this freedom crap they took out from "Futurama"! Love the Twins II. Peace. Olivier

New Twin Towers for the win. The Freedom Tower is stupid and an embarrassment

 **Christopher Zuniga** All Other Americans 10/5/2008

I was in 12th grade when 9/11 happened and I always wondered whether these towers would be rebuilt. The plans for the Freedom Tower are an embarrassment. Its smaller then the original towers and now its far behind schedule and massively over budget. I believe rebuilding to Twin Towers, taller then before and much safer, would make America appear as a more determined people. "You can knock us down, but we will stand taller."

 **O Ak** Citizens of Other Nations 10/5/2008

It would be awesome to see the two tallest towers in the world standing high above again.

 **Mario Justiniano** All Other Americans 10/3/2008

The twin towers were a new york icon! The city isn't the same without them, and Freedom Tower doesn't belong!!!! REBUILD THE TOWERS

 **Tyler Meyers *** All Other Americans 10/3/2008

I agree that the twin towers should be rebuilt and we definitely should not just give up or give in. I promise to do anything in my power to get as much people as possible to sign this petition and restore the original skyline, not only of new york, but of america. everyone agrees with you not only in america but in the world. why isnt it being built already? the freedom tower should be out of the picture because nothing

could replace the twin towers except the twin towers themselves.

 **daniel ruiz** All Other Americans 10/2/2008

i would love for the twin towers to be re-built i would love to see them above evry other building.I was in the third grade when the towers were destroyed so i dont remember much, and never really paid attention to them or knew they exsited. i think it would be great if they were rebuilt to commemorate the old towers.

 **David Macomber** All Other Americans 10/2/2008

The "freedom" tower is anything but what its name suggests. With its horrific concrete base built out of FEAR, it shows America's inability to return to its old state of mind.

What better way to show that we truly can return than to rebuild what we lost as a symbolic act to show we will both never forget, and that we will never submit to fear.

 **icezilla killa *** Lwr. Manhattan Residents & Workers 10/2/2008

the freedom towers have been delayed to 2014!

 **Gary Malone *** All Other Americans 10/2/2008

The ultimate victory is to rebuild them.

Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.

* Indicates that the signer has not yet activated the validation link, often due to spamblocking software. They are included out of respect for the sincerity of the comments.
