REBUILD THE TWIN TOWERS! Nothing has rewarded the jihadists more than the ongoing sight of a world landmark wiped off the face of the earth.

— Dan Taylor / Citizen of Other Nations

The world was robbed of the 21st-century Twin Towers most of us always wanted.

Click above for more comments that rebuke the cynicism that tried to replace the Twin Towers and failed.

We should build the towers back the way they were. The Twin Towers is the real New York. I think we should put them back bigger, better and in gold!

 **Stuart Edwards** Citizens of Other Nations 8/16/2006

As one who has enjoyed many happy times in the Big Apple. I would love to see the twin towers rebuilt to make a fantastic “two fingers” to terror – Agincourt style. Whatever is built, I want the Janitor to make sure the illuminated windows spell out “F*** You Bin Laden” one fine night. Terror is the tool of the failed and defied by the strong.

New York City should sell the site to Donald Trump and extend every courtesy he needs to build the WTC according to his design. There would be no greater example of the American spirit than to put this project in the hands of one of history's greatest capitalists.

Rebuild them one floor taller. On the top floor of one, a memorial for the victims of 9/11. On the top floor of the other, a memorial for our troops who have fought since 9/11.

I would really like to see the Trade towers rebuilt. We owe it to the city of New York and WTC victims. I can't think of a better anti terrorist statement than to rebuild the towers.

Please rebuild the Twin Towers of the World Trade Center, in New York City! I am eleven years old, and I want to see them rise again!

I just visited Ground Zero last month and I am sorry to say that it just looked like a construction site and I saw little, if anything that caused any emotion.

I felt more emotion at Gettysburg a few days before visiting Manhattan.

We should have already rebuilt the site by now, even with slight modifications, to show these terrorists that we will not be defeated or intimidated.

Instead, we have committees, meetings, focus groups five years after the fact.

The time for talk is over.

the movie. I have been interested and captivated by the subject for years and the last time I checked the plans were still under development. Imagine my surprise to see that joke they call Freedom Tower... who approved that ugly sh*t? Where's the other one? What kind of airheads thought that replacing the most breathtaking structures I had ever seen, with a single building? We need the twins.

Preserve the NYC skyline by rebuilding the two towers. Show the world, no mater what they do to us, we Americans will rebuild. I believe the greatest insult to Usama Bin Laden would be rebuild the two towers.

Shannon Olson All Other Americans 8/13/2006
This is the only memorial that is appropriate for those who died that day. I know if you could ask any one of those who gave their lives on that day whether we should rebuild the towers or put up a memorial, they would choose towers. I also have a feeling that if you could ask those who died on 9/11 what action the US should have taken in retribution, the answer they would want to hear is: total destruction of Iran, Iraq, Pakistan, Syria, Saudia Arabia.....you get the picture.

It has been almost 5 years since this horrific, tragic, heart-wrenching. life-changing disaster. My heart, my soul will never forget ALL who perished. Even though I didn't personally know one person, they still were my brothers and sisters, who gave their life unwillingly, to wake the rest of us up! God bless all those who perished and all the hurting souls that they left behind. God bless our great nation! Peace.

The rebuilding of the Twin Towers will, to take the words of JFK, let every nation know, whether it wishes us well or ill, that we shall pay any price, bear any burden, meet any hardship, support any friend, oppose any foe to ensure the survival and success of lberity.

God Bless America

Re-build the Twin Towers. The Freedom Tower/bin Laden monument celebrates death. Twin Towers would celebrate life, as they would simply "regrow." So it is with NYC. So it is with all life save those individual personalities that perished there. **Honor those who cannot be replaced with what can: new Twin Towers.** Don't let Al Queda redesign NYC. Building the Freedom Tower is a cowardly act, and it's shame would stand for generations as a beacon of fear. Disgusting.

Juan Carlos Ortega All Other Americans 8/9/2006

Rebuild the Twin Towers. Exactly how they were. It should not matter how much it costs. Take it from our taxes whatever. We are America. Proud. We need to think of all the lives lost. This should stand for more than just a victory against terrorist. It should be a symbol to represent Pride and represent again those whose lives were lost on that horrible day. God Bless America.

Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry
