REBUILD THE TWIN TOWERS! Nothing has rewarded the jihadists more than the opening sight of a world landmark wiped off the face of the earth.

REBUILD THE TWIN TOWERS!

The world was robbed of the 21st-century Twin Towers most of us always wanted.

- The very minimum should be to rebuild the towers as they were. We would much prefer another ten stories or so just for good measure.

- If we don't rebuild they win. I also think we need to show the towers on t.v. and what happen more for we forget and don't undstand why we are fighting.
- As one we stand

I ALWAYS WANTED THE TOWERS TO BE BUILT AGAIN, BIGGER, STRONGER, AND SAFER. WE CAN DO ANYTHING IF WE HAVE THE WILL. DONT LET THE TERRORISTS WIN. REMEMBER THE TWIN TOWERS!

- Leonard Pundt** All Other Americans 4/25/2006
- The twin towers were bold. Now after being attacked, we're going to shrink back? Shrinking back after an attack is one way to invite more attacks.
- Bigger! Bolder! Higher! That's not a target; that's deterrence.

- I have long felt that the Twin Towers should be rebuilt as was. The floors that the planes hit should be made into memorial and museum space.

- To build anything smaller-by any measurement-would display meekness to those who attacked. What must be shown is defiance, strength and a resolve to fight back.

- Terrorism is a war against the mind. It kills civilians so that the witnesses to this inhumanity will make decisions based on fear & hate. We can not submit to

The twin towers should indeed be rebuild – just as before, or taller. No other option will both reassure and inspire our allies, and make our resolve clear to our enemies.

Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.

* Indicates that the signer has not yet activated the validation link, often due to spamblocking software. They are included out of respect for the sincerity of the comments.
