The Twin Towers were the most iconic structures ever built. The Twin Towers had an outdoor observation deck on the South Tower and the famous Windows On The World restaurant on the 107th floor of the North Tower. The Freedom Tower will not include any of the things that the Twin Towers had which is really disgraceful. The government and politicians are corrupt, greedy, and selfish. We want the original Twin Towers rebuilt but stronger and safer. REBUILD THE TWIN TOWERS!!!

Freedom tower my ass.

Abdussalam Aljoffe Citizens of Other Nations 4/4/2011

New York would never be the same again without those titanic magnificent towers rebuilt again. This is the only restoration of New York image and reputation. This is the best revenge that Americans can do to humiliate terrorists and honor those who paid their lives in that site. New towers that are identical to the ones attacked would be the best memorial and best symbol of a nation that never dies. That's what I call reincarnation.

Raffaele Guido Citizens of Other Nations 4/4/2011

Hi, I'm Italian. I love your Country and New York too. You know that the Twin Towers were the symbol of your great City in all the world, people of other nations love them, and me too. I hope so much you will rebuild them in all its splendor and stronger than before soon, because Twin Towers were also the symbol of freedom, progress and human strength. At the bottom, all the world miss them! A special thought for all victims of 9/11! Great luck!

Zach Hovde * All Other Americans 4/2/2011

I was in 2nd grade when the towers went down...I am now in 11th grade and know that IT WOULD ONLY BE AMERICAN TO REBUILD THE TWIN TOWERS!

Paul Thompson * Citizens of Other Nations 4/1/2011

I've always thought they should simply rebuild the towers for several reasons. One, they were beautiful and iconic buildings. Two, it would be a massive boost to New York's tourist economy. Lots of people would return to NY just to see them again, I as a British person who has only been abroad once in my life (NYC April 2009!), would book a plane instantly tomorrow just to go back and see them alone! Thirdly,

im from the UK and i defo agree that the Twin Towers should be rebuilt the usa is strong and by doing this they would show this to everyone, i remember the day when i got home from school i saw on the news about this it was scary stuff. i really feel sorry for everyone who had to witness such terror that day and my heart goes out to everyone who lost there lives that day

Jennifer Wiezer * 9/11 Families & Close Friends 3/9/2011

We as americans need to stand together to let everyone know we will not be defeated. The replica of the buildings themselves would be the memorial where you could visit your relatives or friends that might have died there.

MARTIN HUMPHREY Citizens of Other Nations 3/8/2011

I always thought they should have been rebuilt exactly the same as before, maybe a little taller with safety in mind so structurally more sound. Similar in idea to the war when Germany blew up a bridge we would rebuild it, they would blow it up again and we would rebuild it again. Stubborn pride in the face of the enemy. Anything less is showing submission and the Manhattan skyline isn't the same without them. Remember those who lost their lives in a fitting manner. Bring the Twins back !!!

Oakley Johnson * All Other Americans 3/7/2011

It would not be right to not rebuild the Twin Towers! They are an american icon and they should be rebuilt. To honor all who died and the survivors and to show the terrorists that the USA will NOT be defeated and show them this will only make us stronger! God bless the USA.

Bryan Trachier All Other Americans 3/7/2011

I hope somehow and some way by some miracle the twin towers can be rebuilt, in spite of the current ongoing construction on the "tombstone" tower. I share the sentiments of many Americans that the only right way to honor the memory of those who were lost

it would be a great message to terrorism, telling terrorists they will never win, no matter what buildings they destroy. Rebuild the towers, make New York New York again!!!

 **Dylan Hebert** Citizens of Other Nations 3/31/2011

Rebuild them better and stronger than before. Show the terrorists that they won't win by knocking down our buildings, that we are strong enough to put them right back.

 **Brent Lander** All Other Americans 3/29/2011

The only part that I like about the "Freedom Tower" complex is the museum. Rebuild the REAL World Trade Center!!

 **Jesse Smith** All Other Americans 3/29/2011

I hate that they are gone. But that doesn't mean that it has to stay that way.

 **Adam Foley *** All Other Americans 3/29/2011

I am a Middle School student that thinks the United States should have the Twin Towers built again. This will bring American spirit back and destroy the spirits of the Muslims. They deserve it after all the crap they've done to us.

 **Gabriel Montalvo *** All Other Americans 3/28/2011

THIS IS SO STUPID. i have gone to ground zero a few times. i have seen the progress and its ok. BUT I WANT THE ORIGINAL TOWERS JUST TALLER AND SAFER AND STRONGER. PLEASE.

 **Bill Jackson *** All Other Americans 3/27/2011

I really loved the design of the Twin Towers and the Freedom Tower don't even make a better america. The Freedom Tower looks more like a giant needle that stabbed NYC and makes the country not look strong but weak. So I really WANT them to rebuild the Twin Towers and NEVER the Freedom Tower or an EVIL mosque!!!!!! God bless america!!!!

 **Timothy Sander *** All Other Americans 3/25/2011

Rebuild the Twin Towers! This is the right thing to do. Rebuild the Twin Towers but stronger!!

 **Rick Pew** All Other Americans 3/22/2011

 **Christian Murillo** Metro New Yorkers 3/21/2011

As a fellow New Yorker, it pains me to see just how corrupt this government is but we have to keep on going forward!! Rebuild the world trade center!! Investigate 911!!!! There's too many hidden clues that nobody realizes!

 **Paul Raimi** Citizens of Other Nations 3/21/2011

I love the WTC. I went there in july 2000 with family. It was a great day out on the windows on the world. Its so unreal that they are gone. Bring them back!!! God bless America

 **Paul Sentino** All Other Americans 3/20/2011

This is a big crime going on here in the United States. The Freedom Tower is not going to have the Windows On The World Restaurant. They just scrapped the Windows On The World Restaurant which is a disgrace. Plus there is no outdoor observation. What is happening at ground zero is a rank of abuse and must be dealt with. The Twin Towers must be rebuilt if we want to take our country back!

 **Gregory Issac *** All Other Americans 3/20/2011

I heard that they scrapped the famous Windows On The World Restaurant on the Freedom Tower. This is a disgrace to New York and to the world! The Windows On The World Restaurant made \$37 billion dollars and was the most respected restaurant in New York City and America. This is a crime against New York and the United States of America. This is a big crime against the will of the people. We must rebuild the Twin Towers and never give up the fight! Let us do the right thing by rebuilding our Twin Towers!

 **Sandy William *** All Other Americans 3/20/2011

The Twin Towers were them most iconic structures in the world. The Twin Towers had a beautiful view of New York City from the outdoor roof top observation deck! The North Tower had the famous Windows On The World Restaurant on the 106 or 107th floor. I just heard that the Freedom Towers will not have the

on 9/11 and send a clear message of our strength, unity, and resolve as Americans to the world and our enemies is to rebuild the twin towers even higher and stronger than they were before. Nothing else will bring the healing this country needs.

God bless the people of New York, God bless our troops, and God bless America!

 **Herman Notini *** All Other Americans 3/7/2011

Let's just build the Twin Towers back up again. WE CAN DO IT.

 **Kateri Fulton** Citizens of Other Nations 3/7/2011

I wasn't a victim of those who died. I always wanted to visted New York. I feel so horrible to those who died in the plane crashes and the world trade center. We should rebuild a stronger building that will better protect everyone. We should put a special palce for those victim so that they can visted the site. My heart goes out to those who died especially the one in flight 93 who fight back and try to save their lives as well as other. Everytime I see a movie that has the world trades center. Or they show the world trade center the day of the attack. My heart go out to those victim.

 **Dmitry Shulyukin** Citizens of Other Nations 3/5/2011

The Towers were sublime, exquisite and stunning especially at night. Now, no one will be able to view them, visit them, and enjoy the view from the top, so THE TERRORISTS HAVE SUCCEEDED AND THEIR KIND CAN FOREVER BOAST "HERE WE DID IT". Also, a certain ambitious architect has succeeded in essentially building a memorial to himself in its place (let's not go into the ironies of the causes and effects here). Total crying shame, and I don't feel like visiting New York at all.

 **Jake O'Leary** All Other Americans 3/4/2011

Hello. My name is Jake. I am 13 years old. I live near new york city. I was only 3 when the attacks happen. My parents said when I was real young, I was taken to the top of the world traid center. Oviously I don't remember. I want to view "The top of the world." I would like to see these wonderfull towers rebuilt and perhaps make them 20 stories taller. Ihe freedom towers don't belong in the New York city skyline. They belong in hong kong, Not new york city. So yes Rebuild Replace Remember. Take these words. God bless the people who died.

 **Sandy Hotters** All Other Americans 3/4/2011

It has been 10 years since the attacks on our country. Honestly I think that the only right and true memorial is to rebuild the Twin Towers. Without the Twin Towers the skyline looks empty. The Twin Towers were the most famous landmarks in the world. The Twin Towers were very iconic. They have appeared in alot of movies and television shows. This is how iconic the Twin Towers were. We need our Twin Towers back. This will honor the victims of 9/11. Rebuild the Twin Towers.

 **Christian Adame** All Other Americans 3/3/2011

I believe what this site believes. Rebuilding the World Trade Center TALLER AND STRONGER THAN BEFORE is the only good solution in my opinion. Rebuilding the towers would show the terrorists and the countries that harbor them of the United States' resilience. Building the Freedom Tower will show them that the US would rather replace than rebuild. NAY I SAY!

 **Matt Miller** Citizens of Other Nations 3/2/2011

Hi! I'm Hungarian, and even if I didn't see the Twin Towers, and haven't been to the USA, I want those buildings back! When I see a film, and it sets in New York, and I can't see the towers in the background I feel that something important is missing. They were symbols, and the two towers were as important as any other famous buildings in the USA. Why build a new one instead of rebuilding them, with doubled safety of course? I want them rebuilt!

 **David Steadman** All Other Americans 3/1/2011

I seen those towers go down on 9/11 and I will not stand for this horrible looking freedom tower, I and all of america dont want that tower we want the twin towers and we will fight till the end until we get what america needs in its skyline.

Windows On The World Restaurant which is a disgrace to us all! The famous Windows On The World made \$37 billion dollars and was the best restaurant in New York! We need our Twin Towers back in the skyline again! REBUILD THE TWIN TOWERS!!

i was a friend of the twins... i remember just staring in awe of their incredible height and would say to those who worked up there: "hows the weather up there?" the twins dont deserve to be honored with this whole "freedom tower" junk... REBUILD THE TWIN TOWERS!!!!

 **Gabriel Aguilar** All Other Americans 3/17/2011

This should be up to the people of New York to decide. Politicians have done enough with approving this nasty freedom tower. I may not live in New York but I will in a few years. New York is like the capital of the world and is known for the twin towers at the World Trade Center. Bring them back. The terrorists will not win!

 **Michael Culkin *** Metro New Yorkers 3/17/2011

We need to build the same two buildings and make them taller.

 **Dylan Wrathall** Citizens of Other Nations 3/1/2011

 **Taylor Stevens *** All Other Americans 2/27/2011

 **David Van de Kamp** All Other Americans 2/26/2011

I believe that if the beautiful Twin Towers are not rebuilt, we are, as a nation, failing. Not reconstructing these buildings is admitting defeat, and succumbing to the enemy, and it is a DAMN shame. Please rebuild the Twin Towers of the USA!

 **Jonathan Sander *** Metro New Yorkers 2/24/2011

The Twin Towers must return to New York City. Without the Twin Towers New York will never be the same again! 9/11 was the worst and deadliest terrorist attack of all time. We lost alot of innocent people and alot of office space. In order to restore what was lost on September 11, 2001, we must rebuild the original Twin Towers but stronger and better! That is the only memorial that we can give to the victims and their families! Rebuild the Twin Towers! Rest in peace to Minuro Yamasaki! Minor Yamasaki designed the Twin Towers!

 **Cesar Sanchez *** All Other Americans 2/23/2011

The Twin Towers Need To Come Back. Without them, new york and america wont be the same. Why wont people understand that these towers need to come back! They are just not showing respect to those who died on september 11. They say the freedom tower is the only way to support them. The twin towers will! Also building the twin towers could be the only memorial we could ever have for those events on september 11. Please America, Help rebuild the twin towers!!

 **Cesar Hernandez** All Other Americans 2/23/2011

 **Margarita Santos** Citizens of Other Nations 2/22/2011

I'm a Peruvian (now an American citizen,too) living in the U.S for 17 years, and like everybody in the world I was horrified by the terrorists attacks against New York. I can't still watch the destruction of the Twin Towers. I was deeply affected. If you want to honor the lives lost at this tragic event, New York must rebuild their famous Twin Towers, not replacing them. Raising them like the Fenix, will be a slap in the face for those terrorists and show up to them what this country is: Stronger and not easy to give up, but build the Freedom Tower will do the opposite.

 **Raven Steve *** Metro New Yorkers 2/21/2011

The Freedom Tower is a big insult to those who died on September 11, 2001. That is total disrespect to the victims and the families! By not rebuilding the Twin Towers, we are saying to ourselves and we are saying to the world that we are cowards! We are cowards because we are afraid of terrorism. We are letting them destroy our way of life by not rebuilding the Twin Towers!

We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will

be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.
