We don't let terrorists do our urban planning for us. The Twin Towers were meant to stand forever and they should be rebuilt.

— Darin Allan / All Other Americans

The world was robbed of the 21st-century Twin Towers most of us always wanted.

Click above for more comments that rebuke the cynicism that tried
to replace the Twin Towers and failed.

Lets not show those who would try to defeat us, that they can be successful. Anything other than new twin towers would be a tribute to their "success". Lets not show that they have succeeded at anything!!!! God Bless America!!!

The terrorists wanted the towers gone to rebuild with nothing less then 2 more twin towers is a disgrace to all americans. They need to be rebuilt to show them We may get knocked down but from the ashes WE RISE UP stronger then before

Rebuilding the towers to be as they were before, even if constructed better, would really show the true spirit of the USA.

They can destroy and we can create. The true difference between the culture of oppression and Freedom.

I hope that the Twin towers and complex get rebuilt at least the way it was before. Great work!!!

I grew up in Williamsburg Brooklyn and can remember seeing the Twin Towers from every block I walked or drove my car down.

When I went home I stared at them through my bedroom window before I fell asleep.
Those were the days.

I know in my heart the people that still live in Brooklyn would rather look at a big blank space the sky fills, than anything other than the newly re-built TWIN TOWERS.

As a flight Attendant our industry was severely effected and to this day still is. Passengers may have returned but our jobs will never be the same. I would

It would really be nice to see the towers soaring above the NYC skyline again. As a former NY native of upstate NY I can't see NYC without the towers. The towers were there most of my life and the NYC skyline looks like it's missing something.

If the Capitol Building, the White House, the Statue of Liberty had been destroyed, they would have been rebuilt as they were, because that would be the only way to truly defy the will of the terrorists. Why should the Twin Towers be any different?

Vincent DiGregorio All Other Americans 4/24/2006

My Uncle worked on both towers and I had cousins working there when the planes hit. Lucky they lived. Please preserve these wonderful monuments of America and do not let the radical muslims win.
GOD BLESS AMERICA.

It is NOW TIME to REBUILD the TOWERS!!!

We shall overcome, but we will never forget.

Joel Smith All Other Americans 4/24/2006

I say rebuild them for the people of the USA as well as all that were lost.

Perhaps America's greatest strength is its endurance.

love to see the towers rebuilt and I know several of my coworkers would too. Could you please add the category of Airline Employees or Aviation.

I have believed and stated from the very beginning that the towers should be put back exactly as they were before the attack. That's the biggest "f" you I can think of to show those bastards they will NOT change us or our way of life. Stay strong, never forget and GOD BLESS AMERICA!!!!!!

 **Lisa McDoneld** All Other Americans 4/24/2006

If we don't build the twin towers to the height or even higher than they were before then the terrorist have won and I be darn if I'm a loser. God Bless AMERICA.

 **Stephanie Heintzeler** Metro New Yorkers 4/24/2006

To be in Downtown Manhattan is heartbreaking and it will always be. Whatever other building would stand at the World Trade Center Site- it will always be a building standing "where the Twin Towers used to be", always a sad replacement.

I worked at One WTC on the 105th floor for nearly 20 years. I left that job in Dec of 1999. I lost many close friends in the 9/11 tragedy. The best way to keep their memory alive is to put back what belongs there —the Twin Towers in all their glory. Terror MUST not change the way we want to live our lives. By putting anything else there, we are admitting our apprehension due to that fact.

 **Vaughn Conrad** All Other Americans 4/24/2006

Not that ugly projects. Same exterior design and toller – to show that we only getting bigger and stronger. I think what all the victims would want. Give it to Tramp, he knows how to build. Politics and greed... shows that they win. Shame on you.

Rebuild the Twin Towers, not the uninspiring freedom tower that means nothing to NYC and the people of the great USA. The dirty polititions who want the freedom tower build should be sent packing in disgrace.

Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.

* Indicates that the signer has not yet activated the validation link, often due to spamblocking software. They are included out of respect for the sincerity of the comments.
