REBUILD THE TWIN TOWERS! Nothing has rewarded the jihadists more than the ongoing sight of a world landmark wiped off the face of the earth.

— Dan Taylor / Citizen of Other Nations

The world was robbed of the 21st-century Twin Towers most of us always wanted.

Click above for more comments that rebuke the cynicism that tried to replace the Twin Towers and failed.

I would gladly leave my home and family in Washington State for the time it takes to rebuild the towers. As a contractor it would give me a great amount of pride to be a part of a project that shows the world our determination and will. I say build it and I will pack my tools if you want me. This is the right thing to do.

Kurt Kusenko All Other NY & NJ Residents 6/24/2007

Take us back to where we belong. Return the towers and build them taller. Return the same design to show the world that we still retain the great qualities we had on Sept 10...that we're still optimistic, generous and looking forward. But build them taller as a warning that we recognize we live in a Sept 12 world and we're stronger, vigilant and resolved. Dare them to come again.

David Arieti All Other Americans 6/24/2007

I think that everyone should close their eyes and picture the day that the towers would be restored. Imagine the sense of pride you would feel and see. Just having the towers up would be a great memorial to all that perished. PLEASE GET THE TOWERS REBUILT!!!!!!!!!!!!!!

Let's put NYC back the way it was!

DAVID HUPMAN All Other Americans 6/24/2007

IF IT'S NOT REBUILT THE SAME THEY WIN!

DIEGO MONTANEZ All Other Americans 6/24/2007

We should rebuild them stronger and bigger than before with a memorial for the fallen inside the building.

Rebuild the original towers! I can see adding a memorial site, but if we are such a "super power," we should rebuild those two beautiful buildings. They could be the same height, or even better, make them the tallest buildings in the world.

Send the message to these jerks in the Middle East who hate our life that we are strong, UNITED, and believe in freedom – not tyranny and cowardice!

REBUILD THE WTC buildings!

Build them as they were! Stop pandering to the Left Wing Idiots like Bloombug, Clintonista, and Scammer.

Livio Nespoli * All Other Americans 6/24/2007

Why anything else! Building them exactly how they were would stuff it right in the terrorists faces!

Bring them back.
Bring them bigger.
Never smaller.
Bring their silhouette to the horizon.
They are the memorial.
Nothing more needed.
Build a bridge between the two.
Way on top.
Write the names of those who died.
Way on top.
Bring them back.

Let us fight the terrorists on the battlefield, but let us fight them also with our will! There is no better way to strike back at the terrorists and show them that the more they push US, the more we press on!

Building anything other than the Twin Towers is dishonoring to not only those who lost their lives on 9/11, but to our brave military men and women who have sacrificed their lives in defense of our freedom and liberty. Rebuild the Towers as they were!!!

There is no better way to remember our fallen citizens and to show the world our unflappable resolve. Build those towers; bigger, better, and prouder!!!

Nothing I can think of would restore America's sense of pride and wholeness like rebuilding the Twin Towers exactly as they were.

It would be a statement to the world and to those who mean us harm, that we are the most resilient and courageous people on earth, and that we will NOT be cowed by the atrocities of madmen.

Rebuild the WTC towers as they were, except this time, add one more floor to each building as a memorial to those who perished on 9/11/.

Although the towers are reminders of the terrible events of that day, I have always thought they should rebuild stronger versions of what stood there. It just isn't New York anymore. I don't know if rebuilding the towers will heal as much as some say, but Manhattan looks like it's missing it's two front teeth Everytime I look out my window and the Freedom tower design is not in the spirit of NYC. I would like to see something close to what stood, not the Freedom tower.
-  **Dennis Nelson** All Other Americans 6/24/2007
It is the sensible thing to do.
-  **JOHN GALER** Our Armed Forces & Families 6/24/2007
As citizens with family members in harms way . . . we all are concerned. To rebuild the towers seem extremely proper.
-  **Mike Corforte** All Other NY & NJ Residents 6/24/2007
Rebuild the Towers 100 feet higher than before! There is no better way to honor those who perished on 9/11. And no better way to make a statement to our enemies that the American Spirit can not be broken!

They should be rebuilt only taller than before.

I think we should rebuild the Twin Towers because it would restore the World famous New York Skyline. Bring the some comfort to the families and loved one of those that lost their lives that day on 9/11. It would show the world we will not be affraid of Terrorist and we will not bow to Terrorism. God Bless America and all americans and God Bless all those who have fallen in service of this country and through their unselfishness, bravery and courage.
-  **Matthew Shirley** All Other Americans 6/24/2007
Build them as they were and add one story.

- What greater tribute than to re-build the towers as they were when so many lost their lives. It would be the ultimate statement that we will not be defeated.

The pride of freedom would insist on the rebuilding of the towers.
-  **Mike Helton** Our Armed Forces & Families 6/24/2007
To echo a previous signer, BUILD THEM 9'11" TALLER!!
-  **Carl Horn** Journalists & Media Figures 6/24/2007
New York City is, among many other things, the capital of comic books, a distinctly American form of entertainment. In the Eisner-winning graphic novel EX MACHINA, writer Brian K. Vaughan has his hero point out that when the White House was burned down during the War of 1812, it wasn't replaced with a memorial structure, it was rebuilt as it was before. There can be no better sign of defiance, or statement that the lives and dreams lost on 9/11 will go on, than to return the Twin Towers to NYC.
-  **Greg Buggy** All Other Americans 6/24/2007
Put it back up or the terrorists win..... Build it NOW!!!!
-  **Bonnie & Michael Werthmann** All Other Americans 6/24/2007
Best idea – rebuild the same – but one storey taller to let the terrorists know how we REALLY feel!
-  **James Floyd** All Other Americans 6/24/2007
If anything happens other than the towers being built back very close to the way they were, I will always feel like we lost.

The morning they dropped, I turned to my wife and said the best possible thing we could do is rob the terrorists of the sensationalism of it all and rebuild the towers immediately!
-  **Richard Cochrane** All Other Americans 6/24/2007
No other structures in the world conjure such a grand presence as the Twin Towers. I reject any design the timid and soft pc bureaucrats want to impose upon us the people. Only the Towers belong at this site, at least 150 stories each this time.
-  **Rick Burke** All Other NY & NJ Residents 6/24/2007
I agree let's rebuild the towers as big if not bigger than they were before and restore the NYC skyline. Anything less is a disgrace that is showing the terrorist that they have won. Let's notify the people in OUR government that it is they who must follow our will, and it is not the other way around.

Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's

purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.

* Indicates that the signer has not yet activated the validation link, often due to spamblocking software. They are included out of respect for the sincerity of the comments.
