I believe we should rebuild the WTC area just as it was, there would be great tribute to bring things back and show they world we can move on. It will also how we are not in grandious in our architecture or gawdy.

I think classic rebuild is the only way.

This plan to rebuild the twin towers is simply amazing. It encompasses a desire to remember those who fell that day as well as the drive to show the world that America will not stand by and let our strength, our prosperity, and our principles be infringed upon by any government or fanatical ideology. We should absolutely rebuild the towers and they should be taller! They should be looked at as a beacon of hope for a better world and a symbol of the tenacity of the American spirit.

Oscar Sanchez Jr 9/11 Families & Close Friends 9/11/2008
Let's build the towers again and show the World NY is back.

Milton Brito * All Other Americans 9/11/2008
I support the rebuilding of the Twin Towers. Please restore the pride and respect of our country by showing those who participated in these horrible acts of terrorism that we can and will stand tall once again.

Charles Murray All Other Americans 9/11/2008
Finally, a common sense approach, as to what to build at ground zero, is catching on. Rebuild the towers, bigger, better and stronger! God Bless America...

JAMES SMALL * All Other Americans 9/11/2008
I BELIEVE THE WORLD TRADE CENTERS SHOULD BE REBUILT BIGGER AND BETTER THAN BEFORE. TO SHOW THE ENEMY THAT WE WILL NEVER EVER FORGET AND WILL WORK HARD TO FIND THOSE RESPONSIBLE.

Michael Longo * Metro New Yorkers 9/11/2008

Melissa Buchanan * All Other Americans 9/11/2008
Nothing will look as strong as having OUR towers back. I dont want them taken away forever!

Michael Guillermo All Other Americans 9/11/2008
Now this is an American idea! I think this is what Americans would want to do if we all had a say.

Rodney Stewart * All Other Americans 9/11/2008

Lets show the world that no matter what happens we will still stand strong and never back down!!! The UNITED STATES OF AMERICA is one BIG family!! And that will never change.

we will never forget any of you brave people....

Andreas Berg Citizens of Other Nations 9/10/2008

I totally support the rebuild of the Twin Towers. I think this has much more to it, than the new projects that are going on with Freedom Tower. The Twin Towers keeps the originality, strengthens safety, and also shows us that nothing is really destructable. Note that this will not hide the tragical accident, but rather make a confident tribute to what once was.

We can, we will, please let them finish this project.

Jorge Garcia All Other Americans 9/9/2008

My dad had the privilege to see the towers during his business trip to New York back in the 1980's. It had always been a dream of mine to visit New York one day and witness the spectacular elegance of the Twin Towers standing in all their might and glory-until the day they crumbled to the ground. Not only does New York not feel the same without them; the entire nation feels the void as well. If rebuilding the towers is what THE PEOPLE want, then this is what we should get. REBUILD THE TOWERS!

Michael Voorhis All Other Americans 9/9/2008

This vision is a much more effective statement than the current plan. Large numbers of people agree; don't let the bleeding hearts take away a famous symbol of New York City!

WE WANT OUR TOWERS BACK PLEASE REBUILD THE WORLD TRADE CENTER THAT WAY WE COULD SHOW THAT OUR COUNTRY IS STRONG AND THAT WE NEVER FAIL..

NEW YORK WILL NEVER BE THE SAME AGAIN WITHOUT THE TOWERS.
SO HEADS UP AND REBUILD THE TOWERS.

Gavin Burt Citizens of Other Nations 9/8/2008

The WTC Towers must be rebuilt - New York's skyline doesn't look or feel the same without them - down with the Fear (Freedom) Tower! Bring back the towers!!!

 **Jeremy Wiant** All Other Americans 9/11/2008

Ther is no better way to show the World what America is truly made of than to rebuild the Twin Towers! Honor those who were taken from us....Rebuild the Twin Towers!!

 **Chris Bigger** All Other NY & NJ Residents 9/11/2008

The twin towers must be rebuilt. The best memorial to those who were lost is rebuilding what was there. Not to mention, we rebuilt the Pentagon as it was, why should towers be any different?

 **Wely Hanes** All Other Americans 9/11/2008

Having been to New York City before and after the towers collapsed I can say they are much more impressive than the freedom tower.

 **Spencer Gilbert *** All Other Americans 9/11/2008

 **Robert Oleksa** Metro New Yorkers 9/11/2008

Rebuild the towers bigger and better than before. Twin Towers II will be the biggest symbol of defeat to the terrorists that destroyed the original towers. The freedom tower would be a victory for the terrorists.

I support the Twin Towers II plan 100%.

 **Ares Tsakiridis** Citizens of Other Nations 9/11/2008

FIG.5. A logical and practical symmetrical version of the site plan with the "Super Block", Twin Towers, Tobin Plaza, Koenig Sphere, fountain restored. The memorials and new towers have the same relationship to each other. This is the BEST BASIC SITE PLAN, with a centered original fountain and plaza. TWO GOOD IDEAS: @ 1776ft twin towers, with 135 floors. 13.15ft between floor to floor. OR (my favorite) CAREFULLY CONSIDER USA's History: Ht=1776ft B/flr-flr=14.92ft. Flr#=119

 **Harrison Kirby *** 9/11 Families & Close Friends 9/11/2008

rebuild the towers why put up the freedom tower? Isn't that just one of the many things that the towers symbolized? Put them back exactly how they were. My parents both would have been dead now if they hadn't of been so lucky. Withdraw troops and blow up every country Osama Bin Laden is "supposed" to be in. Stop being chickens and get back at them for all the people we knew and loved.

 **Michele Johnson** All Other Americans 9/11/2008

Please rebuild- I agree that the best memorial would be a rebuild. We should not allow ourselves as Americans to be controlled by those who made the choice to destroy that which we as Americans held so dear. If we do not rebuild then "they" will continue to try and tear us down, and could very likely succeed. It wasn't just Americans that were affected-it was the world. I implore you to rebuild to help heal the hole in all of our hearts. This has affected us all.

Michele

put it back the way they were and the way it was meant to be!

For me the Twin Towers are the iconic buildings of NYC like the Empire State, Chrysler and other constructions. And without them, the NY is for me and many other people now "naked". Still, after the 8 years of failures in fighting to bring them back i still have the dream, that someday we would see them back, rebuild in their rightful place. Stop the construction of the FT "monster", and bring this amazing buildings back. Greetings from Warsaw, Poland.

 **Mark Matlock *** All Other Americans 9/11/2008

Only choice is to rebuild twin towers

 **Karen Walker** All Other Americans 9/10/2008

 **Daniel Arlie** Our Armed Forces & Families 9/8/2008

All these years after 9-11, after all the lives sacrificed to stop the evil that brought down the towers we can't let a hole in the skyline stand as a monument to the effectiveness of terrorism where once stood a proud monument to American hard work and ingenuity.

Rebuild the World Trade Center in it's original form, obviously designed to withstand any unlikely future aircraft impact, but raise them one floor higher as an act of defiance against tyranny.

 **Patrick Mara *** Metro New Yorkers 9/8/2008

The Twin Towers would be the ultimate memorial for the victims of 9-11-01. New York City will look whole again if they are indeed built.

 **Katrina Elkins** Metro New Yorkers 9/7/2008

 **Aixa Marrero** All Other Americans 9/7/2008

I personally believe that rebuilding the Towers is one of the most important things we can do to exemplify how we wont be affected by attacks. I agree that we should have the Memorial Garden in the middle to rememeber the victims and to show that we are strong, we rebuild the Towers.

 **Mark Anders** All Other Americans 9/6/2008

I am not personally from NY. However, as a fellow-American living in North Carolina, I have been deeply affected by 9/11 from the very beginning. Every time I see a current picture of the NY skyline, be it on television or in photographs, I resent like hell what was done to our nation that day, and in particular, in regards to NY City, what was taken on that day. I have always had a desire to see the towers rebuilt. To me, it seems that to put the whole thing right again, nothing less will do.

 **Jenn Chase** Metro New Yorkers 9/6/2008

 **Jorge Mejia** Metro New Yorkers 9/4/2008

The only high rises that should be built on the wtc site should be nothing other than twin towers! The freedom tower design is cute, but everything it stands for, from it's name to it's conception is nothing more than an unfunny political joke! We have wasted enough time on the planned failure, it's time to build what the people want!

 **Adam Bouthiette** All Other Americans 9/3/2008

Lets put things back to the way they should be. The freedom tower should have never been given the OK. Put the towers back up!

 **Georgina Bouthiette** All Other Americans 9/3/2008

Show them that they can't keep us down.

 **susanne webster** All Other Americans 9/3/2008

I support the rebuilding of the towers.

 **Demetrius Bermudez** Metro New Yorkers 9/1/2008

Make New York look like New York. Build the towers back. If you must change them, make them taller or add a sky bridge between them. The current Freedom Tower design is beyond diappointing.

The World Trade Center must be rebuild!!!!

 **Verlandus White *** All Other Americans 8/28/2008

I totally agree that the twin towers should be rebuilt. Instead of one building standing in solitude, why not replace the old towers with more modernized twins?

 **Thomas Kirk *** Citizens of Other Nations 8/28/2008

Defiance. Plain and simple. There is no greater symbolic embodiment of the will of the people than

two giant middle fingers in the air to terrorism.

The current plans smack of a public cowering in fear...
please mr terrorist sir, don't attack us, we'll play nice.
Besides, you can't attack us, because you can't even find us.

 **J.C. LoPresti *** All Other Americans 8/27/2008

Rebuild the Twin Towers, and Defend Them.

What better tribute to all whom were murdered and perished there, and in the Shanksville field, and at the Pentagon, on that fateful day.

Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.

* Indicates that the signer has not yet activated the validation link, often due to spamblocking software. They are included out of respect for the sincerity of the comments.
