REBUILD THE TWIN TOWERS! Nothing has rewarded the jihadists more than the ongoing sight of a world landmark wiped off the face of the earth.

— Dan Taylor / Citizen of Other Nations

The world was robbed of the 21st-century Twin Towers most of us always wanted.

Click above for more comments that rebuke the cynicism that tried to replace the Twin Towers and failed.

Re-Build the Twin Towers!!

**Richard Kronenfeld** Metro New Yorkers 11/7/2006  
I always thought that the original Twin Towers showed New York City's strength and power as an economic capital of the world. On occasions, I had business meetings there and would always eat lunch at the Windows of the World restaurant and enjoyed fantastic views of the city. I believe the Twin Towers should be rebuilt exactly as they were before 9/11, except make the structures safer. I look forward to seeing them built.

**Robert Soltes** All Other Americans 11/6/2006

I was a skyscraper fan since I was a little kid, on 9-11, I was in class when I heard that a plane had crashed into one of the towers, then into the other one. Never in my wildest imagination did I think the towers would collapse. When I saw the towers come down it was as if someone took a dagger and put it through my heart.

We, the people of America need to get together and put pressure on the politicians and Silverstein so they will do what's right, what we all want.

REBUILD THE TWIN TOWERS

**Joakim Valkvæ Volle \*** Citizens of Other Nations 11/6/2006

Rebuild the Twin Towers,now!!  
I cant believe that they are building this so called Freedom Tower, worst pile of crap I have ever seen!

**William Harris** Metro New Yorkers 11/5/2006

I am only 14 and live in Stamford, CT. I have fond memories of the Twin Towers and always thought they were the most beautiful buildings in New York. I was shocked, like everyone else about the events of 9/11. I lost my favorite buildings. From that day on, I knew

**vaughan norris** Citizens of Other Nations 10/29/2006

Build it bigger . . . it's the only true way.

**Micah Tinkler** All Other Americans 10/29/2006

Rebuild it! One floor higher.

**Matt Farnham \*** All Other Americans 10/29/2006

A message needs to be projected by what is put where the Twin Towers once stood. That message, succinctly (and without the angry expletives), should be "Business as usual." We will not be broken, we will not cower, we will not evade. Nothing says that better than rebuilding the Towers.

**Mildred Haley** All Other Americans 10/28/2006

**Pierra Paradis-Brillant** Citizens of Other Nations 10/28/2006

Like all graves it has to be sealed. Rebuilding the Towers is the best way to pay respect to the 9/11 victims. I never had the chance to see the Towers in real but I loved them and want them back. New York has a great name. That name can never be destroyed, the towers can be rebuilt and they must be: to honour those who are dead, and to show that rebuilding means evolution, and with the force of reason, it wins over the lunacy of the fanatics who seek to destroy us. We can change the world now!

**Vallery Mann** All Other Americans 10/28/2006

TAKE IT BACK!!! REBUILD!!!

**Stuart Clark** Citizens of Other Nations 10/26/2006

Yes rebuild them. Build them taller and prouder than ever before. The technology exists to build towers over 1km high.

Do it, America because you can. Be the first to build habitable apartments or office space higher than 1000m! Stand up and be proud; you have a lot to be proud of!! Don't cringe before the Islamofascist Cowards and the Post Modernist idiots who love to hate you, freedom and Western Civilisation.

I might sound like a "patriot" but I am not even American. I am Australian.

**Danae Wingard** All Other Americans 10/26/2006

Im doing a persuasive speech on this issue in my communications class..and information or anything i could use would be greatly appreciated!

**Gandalf Greeney \*** Metro New Yorkers 10/26/2006

i think they should rebuild the towers the way it originally stood. they should also build a deck on the roof with marines gaurding all sides with heavy artillery. Satelite systems are a must with constant survailance operated by professionals. (and this is for

they had to be rebuilt. The Freedom Tower is ugly and must not be built! If it's built, it will showcase our failure. Let's go with Trump's idea and show the terrorists that the phoenix will rise from the ashes and they have lost!!!

**Michael Pronobis** All Other Americans 11/5/2006

In WW II, when the enemy sank our aircraft carriers, we built new ones, and named them after the ones we lost. I don't know if this was a matter of defiance, or to confuse the enemy, but it was a good idea. Rebuild the Towers.

**Thomas Cribbin** Metro New Yorkers 11/4/2006

The Freedom tower is not the right thing to build. We should Re-build the towers bigger and better than they were before. By building the freedom tower, we have given into fears of terrorism, and we may as well live with our tales between our legs for the rest of our lives. i thought we were americans, since when do we give into them? This is the wrong idea, we must rebuild them and show that we as americans can band together and display our ingenuity and fearless attitudes

**Gary Walden** All Other Americans 11/4/2006

I can't believe that we would even consider building anything but the twin towers. The currently proposed freedom tower is strictly for the PC crowd.

**Mark Hughes** All Other Americans 11/3/2006

I'm in my home when i saw in the TV was this catastrophe. I look the actual plans for Ground Zero, and I think is just the wrong thing to do. Don't build the Freedom Tower. Build the Twin Towers again, to honor all the heroes of 9-11.

**Emilio Andrés Gingins** Citizens of Other Nations 10/31/2006

I'm not a New Yorker, but I feel a New Yorker. Don't give up, bring us the Twin Towers back, taller and stronger. Is the best tribute.

I am a little confused as to why there seems to be so much controversy over the design of the new World Trade Center, and why it is taking so long. I like all other Americans became a New Yorker on 9/11. I think we should rebuild the World Trade Center exactly as it once stood. What better way to shove our ability to produce whatever we want in the terrorist's faces who took them down. Let's rebuild the WTC as it once was. Tall, proud, and true!!!

**DOUGLAS PATRIE** All Other Americans 10/26/2006

**Jody Smith** All Other Americans 10/24/2006

This is the only way to show these people that did this that they cannot disrupt our lives or diminish our resolve. I honestly believe that the NY skyline looks empty and this is the ONLY way to make it whole again. I say no to the freedom tower!

The Towers site does NOT belong to New York or any individual. Congress should take the land via Eminent Domain, and immediately stop all the political nonsense. If the President can make war, he can nationalize that site. Americans want a Belton-Gardner or similar rebuild. Even if the towers were rebuilt as empty shells, our need for healing would be met. It isn't the office space that we care about. (I grew up in NJ, 5 miles from ground zero.) Dave Anthony
