REBUILD THE TWIN TOWERS! Nothing has rewarded the jihadists more than the ongoing sight of a world landmark wiped off the face of the earth.

— Dan Taylor / Citizen of Other Nations

The world was robbed of the 21st-century Twin Towers most of us always wanted.

Im really sorry when the Twin Tower collapsed and im sure that it would rebuild again. Here in the Pacific Region its quite cool to be part of it but we really sorry for what had done to the Americans that many lives have lost.

I am from Ireland and it has been my dream to visit New York City and its wonderful sites for many years. I hope that the towers will be built again.

This whole thing is about guts, faith, hope, belief and the will and strength to fight back. It's not about how hard you can hit, but it's about how hard you can get hit, and keep coming back.

Rebuilding the Twin Towers is a statement. An iconic way to define America again as the great country it used to be.

This is such a great opportunity for America that it would be a waste not to use it. Remember how this will look in history books, how Americans will look tough again.

Jared Eggleston * Our Armed Forces & Families 11/9/2007

When i think of New York City, the first thoughts that hit my mind are The Empire State Building, Statue of Liberty, Madison Square Garden, and The World Trade Center. What would happen if the other buildings were destroyed? Would we rebuild them? Of course we would. That goes the same for The World Trade Center. We should rebuild them to let the terrorists know that no matter how hard you hit us, no matter how hard u put us down, we always get back up, were america, we never stay down.

Alessandro Fioco Citizens of Other Nations 11/8/2007
Rebuilding the Twin Towers is too much important: to give a signal of continuity with the past, and to rescue a precious monument of all humanity...give back us the Twin Towers...the WTC that Yamasaki projected like a monument to men's cooperation and faith in a peaceful worldwide future...

Augustus Foster All Other Americans 11/8/2007
Rebuilding the Twin Towers as before would be the American/Awesome thing to do.

Zachary Woods All Other Americans 10/27/2007

I would love to have the towers back, not the eyesore "freedom tower"

Rebuilding the Twin Towers is very important to both the cultural and financial prosperity of our great city.

Martin Sullivan Our Armed Forces & Families 10/23/2007

Put the Towers back! Add a floor for an appropriate memorial, but the Towers must go back. We must show that we can indeed be knocked down by a surprise attack, but we are America and we will be back, bigger and stronger than before. The Towers were chosen as targets because they typified the United States. Any 'alternative' design for the WTC will simply become the Osama bin Laden memorial. Stand firm! Rebuild the Towers!

Alex Weaver * All Other Americans 10/23/2007

We should rebuild them the way they were. It will show that America can prevail from hard times; it will also truly restore the New York skyline, and fill the holes in all of our hearts, whether or not we lost someone close. Besides, would you rather see two tall, proud, symbols of our freedom, or an ugly triangular slab in Lower Manhattan?

Jennifer Kelly 9/11 Families & Close Friends 10/23/2007

Our towers need to be rebuilt as they were...only one floor taller as a show of bravado....
oh, and perhaps OBL's head on a pike at the top. That would be perfect.

No other design could ever be (or has been to date) as inspired as the original. **The two towers were meant for this site.**

 **Wesley Smith** All Other Americans 11/4/2007

Please rebuild them!

 **Laurits Rune Nielsen** Citizens of Other Nations 11/4/2007

If they aren't rebuild, it would in my eyes seem as a defeat to terror, if they are rebuild, it will signal that we have overcome it, and that **we are stronger than the sick terrorists who did this think we are.**

I want to visit and perhaps live in New York when I'm older, but it wouldn't be the same if the towers weren't rebuilt for when I do go there. I'd have to visit the Empire State Building and the Chrysler building, but what I'd of really loved to of visit was the World Trade Centre.

 **Lisa Alony** All Other NY & NJ Residents 11/1/2007

The Towers were an icon and such a familiar and beloved profile of the cityscape, much like the Statue of Liberty and the Empire State Building. **They can ONLY be rebuilt — never replaced.**

 **Tyara Green** All Other NY & NJ Residents 10/31/2007

It looks as if the city is trying to emulate dubai with that ridiculous design. New York wouldn't be New York without our original towers.

 **Kamran Shaukat** Metro New Yorkers 10/31/2007

I do New York city photography and had photographed the Twins Towers as much as anybody else in the world hence my feelings for them. I very strongly feel by building them exactly the way they were would let us reclaim our city and heal wounds of the 9/11. The Towers were the gateway to USA for people coming from far and wide. They annouced their arrival to the New World!

Rising majestically into the skies they defined not just a city but a whole country! Let's bring them back.

What better signal to the world than putting the TT back where they belong, perhaps twenty feet taller.

 **robert scott** 9/11 Survivors & Families 10/30/2007

been 2 nyc twice, both after 9/11 2002 & 2005 first time to pay my respects to the victims. second time to see how the regeneration was going !!!!!

LETS HAVE THE TOWERS BACK SOON!!!!

dont let the small minded terrorist win. they only attack what they cannot obtain in their own country – FREEDOM.

 **Chris Seamans** Metro New Yorkers 10/28/2007

 **samuel foran** Citizens of Other Nations 10/28/2007

Rebuild the twin towers exactly as they were, rebuilding the towers would heal the wounds of 9/11 and the new york city skyline, not some freedom tower, i would love to come to new york one day and see those two beautiful towers rising from the skyline, **please please dont give up get the twin towers rebuilt as they were on 9/10/01, good luck**

Let's build them back the way there were only taller and strong then put some anti-aircraft guns on the roof just below the biggest American flag you've ever seen.

 **Rick Koch** All Other Americans 10/16/2007

Absolutely. Do it. Build them back. Just like before, but bigger. With a giant American flag flying from the top.

I was born and bred in B'klyn 71 years ago.I lived either in B'klyn or Queens most of those years.I in fact lived for many years in Middle Village and Maspeth where we were able to see the twin towers from our overpass.When they came down it changed our scene which we saw many times a day. What a loss. My brother is a fireman that went and fought the fire the first week from day one. He is now suffering from respiratory problems. **So our involvement has me wanting to see it again.**

THEM DOWN & WE NEED TO PUT THEM BACK UP!
TWIN TOWERS ARE THE ONLY WAY TO HONOR 9/11
VICTIMS. ANYTHING LESS IS A GREAT DISHONOR TO
THEIR MEMORIES. STOP THE MADNESS & MAKE THE
TWIN TOWERS YOUR PRIORITY OR FOREVER HOLD
YOUR PEACE. WHERE THERE'S NO TWIN TOWERS,
THERE'S NO PEACE FOR THEIR SOULS.:(

The twin towers were a monument to all Americans,
and just because they were brought down, we should
rebuild them to show that us Americans will never
ever give up, and will always have pride!!!

Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.

* Indicates that the signer has not yet activated the validation link, often due to spamblocking software. They are included out of respect for the sincerity of the comments.
