REBUILD THE TWIN TOWERS! Nothing has rewarded the jihadists more than the ongoing sight of a world landmark wiped off the face of the earth.

— Dan Taylor / Citizen of Other Nations

The world was robbed of the 21st-century Twin Towers most of us always wanted.

I support the original World Trade Center

Lester Todd * All Other Americans 8/6/2008
Rebuild the TWIN TOWERS, we need to show the world we will stand up to anything!

Mike Rollinson * All Other Americans 8/5/2008
The twin towers must be rebuilt, the freedom tower is a horrible idea. Why not rebuild them?? That only shows we have accepted defeat. Rebuild the towers and show that we are strong and that we can rebound from an attack like that. Make the skyline look like the New York skyline again.

Tim Allyn * All Other Americans 8/4/2008

Frank Gotlibowski 9/11 Families & Close Friends 8/3/2008
There is no better way to heal the New York skyline & the hearts of America and to honor & reflect the memories of all the victims that were lost on 9/11. Rebuild the towers in their original form. (Jeffrey D.Bittner R.I.P.)

David Ackerman All Other Americans 8/2/2008
The world trade center was a symbol of the economic and social freedom for which our nation has fought. The towers were bold and iconic. If it be the will of those whose loved ones perished there on that horrible day, I would like to see the towers improved, strengthened, and rebuilt. No other gesture will restore the faith and freedom of our great country quite like this one. It says to the world that violence will not change the fabric of who we are. We do not fear. We prevail.

Eamonn Mooney Citizens of Other Nations 8/2/2008
Please Please Please Bring these amazing towers back dont let OBL Win! These are the true Freedom Towers.

John Ledbetter All Other Americans 8/2/2008

Olivier Maury * Citizens of Other Nations 8/2/2008
the twins were so beautiful, rebuild them again !!

Jessica Blank * Metro New Yorkers 8/2/2008
The "Freedom Tower" plan is a disgrace. Nobody likes it, and nobody wants it. What Americans want (and with very good reason!) is for the Twin Towers to be

Imran Rashid All Other Americans 7/21/2008

I really would enjoy seeing the Lower Manhattan skyline restored with the original two towers that everyone remembers. It shows a sign of courage and bravery that we all made it through the years and will continue to remember all those that risked their lives in saving others.

Byron K All Other Americans 7/21/2008

There's only one option and that's to build them bigger than the last towers.

J Andujar All Other Americans 7/21/2008

When I thought of the saying "United We Stand, Divided We Fall," the Twin Towers came into my mind. Two towers standing for one purpose, yet they were divided. I never got to see them in person, and these could be so much sturdier and stronger than the glass sculpture (that's what it looks like) that they call Freedom Tower. By not rebuilding those two towers, in my opinion, that saying above has no symbol.

Ted Koehler Citizens of Other Nations 7/20/2008

Collectively we could buy the site and have Trump build it. Owned by those who contribute we form our own company, buy out all the deadbeats and get rid of the special interest groups!

Please Bring Them Back It would bring my friends and family some closure and it would help America and the World

if we bring them Back we will be showing the people who destroyed our towers a message that we are stronger than ever

In 1989, at the age of 17, i stayed in America for 6 weeks with a family friend and spent a day in New York (august 4th) and went up the top of the wtc as part of the tour i was on. Alas!! It rained for the entire day and there was no view whatsoever from the top as it was enshrouded by cloud! So rebuilding the towers would give me the chance to come back to NY and fulfil my dream of seeing the finest skyline in the world. REBUILD THE TOWERS!

rebuilt, better than ever. It would send a far better message than the current plan, that's for certain!

 **Brian McKenna** All Other Americans 8/1/2008

I had no idea that this plan existed until today. I grew up in NJ in the shadow of the towers and think this is the way to go! We need to restore the sky-line and remember what happened! This does both! Why is this so hard? It seems like a no-brainer. Lets get this done before it is too late!

 **Ronald Redeaux** All Other Americans 7/31/2008

I hope the towers are rebuilt because New York just isn't the same without them.

 **Raymond Manley** All Other Americans 7/31/2008

Great idea. What better way to show the terrorists than to rebuild the twin towers.

 **James Boroznoff** All Other Americans 7/31/2008

I believe that we should rebuild the twin towers. There is no doubt that the victims of Sept 11 loved working in the twin towers. I think that they would want us to rebuild (contrary to what some people believe). However, the only true "memorial" for Sept 11, would be the twin towers rebuilt.

 **Robert Jenkins *** Citizens of Other Nations 7/29/2008

Its been said many times before the Twin Towers were an integral part of the New York Skyline, there destruction was a terrible loss to City and the Country. There has been no plan bold enough or even suitable enough to replace them. As an outsider I have always marveled at the US attitude towards architecture and design, which is, to say the least, confident and unfettered. If you can't beat it, then replace it. There simplicity was fantastic. Put them back, and make them the worlds tallest!

 **Gail Newsome** All Other Americans 7/28/2008

My son, who is 6 years old, understands the importance of rebuilding the Twin Towers as they stood or better. He wants to visit them, and show "the bad guys" that they "can't beat the American Team". I would like to see him have the opportunity to make that trip.

Americans are not afraid. Build them bigger, better, and stronger than ever. Let us worry about protecting them.

 **Adam Marshall** Citizens of Other Nations 7/26/2008

I just spent a week in NYC and it is sad to see the gap in the skyline from where the towers once stood. Even if they were to build a memorial shell of the towers – that would be a much better option than the freedom tower. A true symbol of freedom would be to show everyone that NYC is not going to retreat from terrorism but rather that it is going to rebuild and to continue on with life as it was on September 10th. Rebuild the Towers!!

All of the United States of America want to see the rebuild of the twin towers thats what we need we need to prove to the terrorists that they can not destroy the USA cause were standing tall most ppl are saying were giving up im not giving up if you give you lost a battle im proud to be american and we need alot of ppl to stand tall i know its hard but we have to stand tall to have the towers rebuild

 **Roland Brand** Lwr. Manhattan Residents & Workers 7/19/2008

 **M Hud** All Other Americans 7/18/2008

Please rebuild the original twin towers design(maybe sturdier)–nothing else will be adequate to tell our enemies that we will never ever give up. If they take it out again we'll build it again and again forever. Surrender is not an option now or ever.

 **Lance Taylor** All Other Americans 7/18/2008

Rebuild Now! Put the bureaucracy to rest! What a more fitting tribute to those who lost their lives, their families and this country than to have the Twin Towers II open on September 11, 2011? I can not think of any.

 **Toby Smith** All Other Americans 7/18/2008

Every time I see a movie with scenes of the twin towers and every time I see a picture of New York post the destruction of the twin towers, I am reminded at what is missing in the New York skyline. The towers need to be rebuilt to help heal this nation. Anything else will only serve as a reminder of what's missing.

 **Nancy Howard** All Other Americans 7/18/2008

I was born and raised in New York. The Twin Towers and the Statue of Liberty have always stood for unity and love of my country! Let the towers rise as a phoenix from the ashes!! Excellent, Excellent idea!!

As I want to be an architect I agree with the fact that the World Trade Center should be built again. The original Twin Towers looked brilliant in books and I believe that the 16 acres at Ground Zero should be rebuilt. As long as they were better-looking, more protected and had the same facilities as well as a memorial I agree that the WTC should be rebuilt!

 **Chip Davidson** All Other Americans 7/18/2008

True American icons.

 **Randolph Sheer** All Other NY & NJ Residents 7/18/2008

To whom it may concern, Its been almost 7 years and we still have nothing to show for where the twin towers once stood. The freedom tower sounds nice, but I here it has serious design flaws, and I think it sends a message to the terrorists that were afraid to rebuild the twin towers. What better way to show the world, the super power we really are by re-building the twin towers, and make them taller, and stronger. This will truly show that, "WE WILL NEVER FORGET"

 **Jesse Cook *** All Other Americans 7/17/2008

Put the towers back up!

IT'S NOT NEW YORK WITHOUT THE SOUTH MANHATTAN TWINS...THEY'LL PUT THIS COUNTRY RIGHT AGAIN.

 **Steven Rios *** All Other NY & NJ Residents 7/17/2008

Rebuild it!

The Twin Towers II is what we need!

Forget The Freedom Towers.

That's a compromise!

It's like getting knocked down and "kneeling" in submission to The Terrorist!

Build them stronger!

Build them taller!

Build them!

Like 2 middle fingers aimed at Terrorism!

opinion wants.

Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.

* Indicates that the signer has not yet activated the validation link, often due to spamblocking software. They are included out of respect for the sincerity of the comments.
