REBUILD THE TWIN TOWERS NOTHING HAS SWAYED THE IMMEDIATE THAN THE ONGOING FIGHT OF A WORLD LANDMARK WIPED OFF THE FACE OF THE EARTH

REBUILD THE TWIN TOWERS NOTHING HAS SWAYED THE IMMEDIATE THAN THE ONGOING FIGHT OF A WORLD LANDMARK WIPED OFF THE FACE OF THE EARTH

The world was robbed of the 21st-century Twin Towers most of us always wanted.

I never liked the Twin Towers while growing up on Long Island. I thought they were ugly. But now that losers like Osama bin Laden, a coward who hides in caves and lets others do his dirty work, has succeeded in knocking them down I miss those two ugly towers and want them back! Maybe you could make them a little more stylish and less early 1970's, but still I WANT THEM BACK! Anything else is giving in to the terrorists. Let's put them back up within Osama's lifetime so he knows he has FAILED.

Is this what victory looks like?
A hole in the ground and lost memories?
Let's rebuild them even higher and let the whole world see what liberty and democracy can accomplish!

 **Tom DiNicola** All Other Americans 7/1/2007

There is no doubt in my mind that the only way America can completely heal from the 911 murders, is to rebuild those towers, not with a smaller version or with a memorial, but with a new soaring structure equal to or surpassing the originals. We are America and we symbolize the spirit of freedom and possibility to all the world. Let's show everyone, and ourselves, that we can make this happen.

The best slap up side the head to terrorists would be the rebuilding of the Twin Towers. It would show them they are a just a bump in the road, and after passing over the bump it's "full speed ahead". Anything less would support the terrorists. And let's get after it!

 **john douglas *** All Other Americans 7/1/2007

This makes the most sense out of all the hubbub on what to do with the site. Trying to replace them with something else just does not seem right or popular.

 **Samuel Brady** All Other Americans 7/1/2007

I submit to you that these towers are a sign of defeat and we are defeated until we rebuild those towers. If we can build other American landmarks such as the Hoover Dam and the Golden Gate Bridge in record time, surely we can grow a couple of skyscrapers! It's essential that we restore those landmarks as a sign of victory. Unless of course we no longer care for victory, in that case save the money and build another

There can be no better testament to the indomitable spirit of Americans generally and New Yorkers in particular than the rebuilding of the Twin Towers as they stood prior to 9/11. Perhaps 1 or 2 stories higher...

As Americans, we have the ability, ingenuity and the resources to rebuild two skyscrapers in substantially less time than it took the terrorists – who live in caves – to plan the attack that toppled them. It's time to get to work!

 **Elizabeth Beasley** All Other Americans 7/1/2007

The Twin Towers being rebuilt would be the greatest memorial to those who lost their lives on 9/11. Donald Trump even has an excellent plan for the rebuild. We need to show that we are stronger than those who took those towers down!

 **Trevor Hollingsworth** All Other Americans 7/1/2007

Rebuild it. No greater statement could be made. Make it stronger and one story taller. Anything less would be weak and would not represent the spirit of America. May God bless this great nation. We are the last hope and should never forget that.

 **Julie Lawson *** All Other Americans 7/1/2007

Rebuild them. It's the right thing to do.

 **Lynne Gegenheimer** All Other Americans 7/1/2007

There is a hole in the NY skyline that can only be filled by rebuilding the Twin Towers. Anything less and the bad guys win.

 **Richard Marcinkowski** All Other Americans 7/1/2007

 **Mark McMahan** All Other Americans 7/1/2007

Rebuild both in New York, then build one in Afghanistan and another in Iraq. Good ideas should populate the globe.

The twin towers need to return, perhaps even taller and stronger as a symbol that America cannot be broken.

Build them higher. Build them stronger. Build the Twin Towers.

[Rich Cleary](#) All Other Americans 7/1/2007

Rebuild the WTC Complex ESPECIALLY the Twin Towers EXACTLY as they were prior to 9/11. Well, of course this doesn't mean minus extra safety enhancements (ie No More of that spray on fire extinguishing Foam that blew off when the planes struck, and using more heavy duty steel trusses).

The Freedom Tower though, geeze what a joke. Some of the plans seem like they've been more along the lines of a 50 story building with a 60 story antenna/spire! What does that say about America?!

The Twin Towers partner to create New York's distinct skyline. Let them stand tall; for their subtle beauty, glory, and elegance will stifle the evil of terrorist acts. May our silent towers of strength deafen the cowardly outbursts of Al-Qaeda.

It's past time to proceed with rebuilding this iconic landmark.If we fail to do so, we fail to continue the legacy of those Americans who died within its walls. And we perpetuate, instead, a legacy of enemy terrorism. Let's roll!!

the only way to show terrorism that we will not be shaken or disturbed by their actions is to rebuild what they have destroyed. make it taller, stronger, and bigger than before. A memorial will tell them they were successful. a rebuild will show our resolve. AND NO 911 GEORGE SOROS MUSEUM. HOW DISGRACEFUL.

[Chris Landreneau](#) All Other Americans 7/1/2007

Most nations are rebuilt after devastating wars and memorials are erected. Let's do the same. Rebuild the Twin Towers as a testament to our resolve that we will not wallow in self-pity about this terrible attack on our nation.

It's time new York was home to the tallest towers in the world. REBUILD bigger and better!

The twin towers were always a symbol to me of New York and her people. Bigger than anything else and living large.

Tell the terrorists we Americans, especially New Yorkers, dare you to try it again once our new towers are built.

Time to rebuild.

Go Pat Go!

This has always seemed the most appropriate memorial to me- and to build them even taller than before. I am so glad the horrible Museum of Leftism and Hating America was rejected... and now that it is, perhaps we can go the rest of the way and unabashedly affirm our national pride.

1 story higher and stronger. Period.

[Adam Jennings](#) All Other Americans 7/1/2007

I have been saying since Sept. 12th 2001 that they should be rebuilt bigger and better. All the other ideas were simply stupid. REBUILD THE TWIN TOWERS!!!

[Jennifer Haydon](#) All Other Americans 7/1/2007

Build them back up! The terrorists HATED those towers, they represented something that was despicable to the terrorists but beautiful to Americans...Freedom, democracy and capitalism. The terrorists celebrated when they fell, they laughed and congratulated themselves for their ingenuity. Show them what we are made of. Show them that no matter what they do, we can recover. We can make the towers rise again out of the rubble.

[Philip Romero](#) Metro New Yorkers 7/1/2007

I support the idea of rebuilding the original towers. The only thing better would be to build a third tower, or to build nothing on the site and make it a national park. Now that would be a proper use for eminent domain. But the current design is awful. Plus, to build some other structure on the very footprint of the towers seems disrespectful. Either rebuild the originals, or don't build anything.

[Theresa Colbert](#) All Other NY & NJ Residents 7/1/2007

We must never forget what 9/11 meant to our nation. It should spur us all on to greater virtue and all that is best about our Nation and its people: freedom, honor, compassion, justice, neighborliness, fear of God, a sense of brotherhood, respect for life, self-sacrifice. People like George Soros are sworn enemies of the USA and all it stands for. He and those infamous, America-hating traitorous, God-less individuals like him should be promptly escorted to our borders and evicted from our land.

[Matthew Wright](#) Construction Workers & Families 7/1/2007

What greater way to show that evil will not prevail.

Than to restore that which evil tried to take away.

Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.

* Indicates that the signer has not yet activated the validation link, often due to spamblocking software. They are included out of respect for the sincerity of the comments.
