REBUILD THE TWIN TOWERS! Nothing has rewarded the jihadists more than the ongoing sight of a world landmark wiped off the face of the earth.

— Dan Taylor / Citizen of Other Nations

The world was robbed of the 21st-century Twin Towers most of us always wanted.

Click above for more comments that rebuke the cynicism that tried to replace the Twin Towers and failed.

Thank you for providing a means for non-Americans to voice their support for this worthy goal. While I'm a proud Canadian, I am also proud to be your neighbour and definitely believe the World Trade Center should be rebuilt – taller and better than before – and that this is the only way to show honour, and a fitting memorial, for those who died there.

If we build something smaller or shorter, it will be an admission of guilt for building the original towers. We are not guilty! In no respect did we deserve to be "knocked down a peg." The guilt lies with the Islamic aggressors. Take THEM down.

 **Dale Stevens** Citizens of Other Nations 4/25/2006

I am a Canadian who had always loved respected and admired our proud, free, neighbors to the south. I am privileged to now live in the US, the freest nation in the world. But America must get back on the right track – starting with the WTC Towers!

If the terrorists only got one tower, you can believe we would already see the second one rebuilt. Do not let the terrorists win!

 **Steve Wimmer** All Other Americans 4/25/2006
We rebuilt the Pentagon , now lets rebuild the Twin Towers.

We should not back down to terrorists Rebuild the towers.

 **Brian Most** All Other Americans 4/25/2006
I only wish we could build THREE and show that America comes back stronger.

 **Roger E Olson Jr** Metro New Yorkers 4/25/2006
I also agree, and always have since the day I witnessed the fall of the Towers from the corner of West 4th St. and 6th Ave. that the best response to any terrorist, is for us to rebuild two Towers again, taller and Stronger than before. It is my observation that fear is the ultimate weapon of terrorists or any other extremist group and that by not building Two towers again will forever be a mark of the fear that has been imposed upon us as a nation and people. Let us not give in to fear.
Roger

The Twin Towers have always symbolized NY and the great American spirit. To look into the NY sky and not see the beautiful towers anymore hurts. Americans have always been proud of accomplishing what seems to be impossible and in a grand manner. Our Twin Towers were exactly that. It's time to rebuild the new grander Twin Towers in memory of the originals.

About time! Politicians don't seem to give a damn about what the people want.To do anything less then rebuild the towers as before or higher is a disgrace.

I live in Manhattan and work right next to the WTC site both before and after 9/11. It is depressing to see

 **Linda Hanson** All Other Americans 4/25/2006

IT IS IMPERATIVE THAT WE REBUILD THE TOWERS!

The events of 9-11 are one of the main reasons my husband joined the Air Force. We're now stationed in New Jersey and going to see the Manhattan skyline and Ground Zero has had a tremendous impact on me as to why we're here. Please REBUILD.

 **Hugh Roberts** All Other Americans 4/25/2006

This is imperative!

 **Scott Willingham** All Other Americans 4/25/2006

a big ugly hole on the ground rather than the amazing towers that used to be next door. With the learnings from 9/11, we surely can rebuild a safer WTC that looks the way it was.

Yes, myself and many, many others would like to see the Twin Towers rebuilt as soon as possible, without delay. We can never claim victory in the war on terror without rebuilding the Twin Towers.

Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.

* Indicates that the signer has not yet activated the validation link, often due to spamblocking software. They are included out of respect for the sincerity of the comments.
