REBUILD THE TWIN TOWERS! Nothing has rewarded the jihadists more than the ongoing sight of a world landmark wiped off the face of the earth.

The world was robbed of the 21st-century Twin Towers most of us always wanted.

I would LOVE to see those two buildings re-built! The Twin Towers is what makes New York what it is! Re-building them is the right thing to do! Don't let the terrorists win, And as for the freedom tower? Scrap it! It's an odd looking building that doesn't belong in New York. Doesn't fit in with the rest of the buildings, it doesn't look good! Everyone wants the Twin Towers rebuilt. So do all the New Yorkers a favor and put the Twin Towers back were they belong! Make it happen!

Toby Hobby * Citizens of Other Nations 10/2/2008

Bring back the heart of New York City. In this case, in order to move on, we must all move back.

vivian vigil * All Other Americans 10/1/2008

I think we as americans should rebuild them towers and stick it to osama bin laden and say this to him, if you ain't down with that i got two towers who say this to you osama bin laden and that is SUCK-IT!!!!!!

Jeanette Bolton * Citizens of Other Nations 10/1/2008

Rebuild these towers, people who never got the chance to visit should be able to go on the observation deck and see all the glamour that is manhattan. Please don't let terrorism scare you into the wrong decision, let true freedom reign and restore the skyline by rebuilding the twin towers !!!

Joanne Bolton * Citizens of Other Nations 10/1/2008

I live in the UK, and if honest I never felt the impact of that awful day nor did I know of these beautiful buildings that once stood high in NY. Last year, I saw a dedication to 9/11 on TV and that was the first time I really knew the full scale of the terror attacks, I know, must have been on another planet. Then I realised how much these buildings stood for I also recalled how many movies I had seen the towers in over the years. I feel denied of visiting the towers and want to see them rebuilt.

greetings from Nutley, NJ.

I used to live in Manhattan for 3 years from 1994-1997. i was born in 1992. the last time I revisited the REAL WTC Twin Towers was in December 2000, and I want to revisit the complex standing ontop the Twin towers II! not a necropolis like "Freedom Tower". The REAL, TRUE freedom towers are the twin towers and i too want them to build the Twin Towers II BIGGER, BETTER STRONGER! WE WANT TO SHOW AL QUEDA THAT WERE NOT WEAK AND THAT WE WILL KICK THEIR FU**ING A**

I think not rebuilding the towers is a joke. They made the city. New York is tough and grimy. A bunch of pointy shiny structures in the middle of downtown just don't fit in with the architecture or feel of the city. When I look at pictures of the city before 9/11 I just want to cry that it'll never be like that again.

Rick Receveur * All Other Americans 9/24/2008

Rebuild them

Julia Gile * All Other Americans 9/23/2008

The Twin Towers must stand again in honor of the spirit and perseverance of our heroes. Then the survivors, families, and the world can see our resolve.

Scott Shapiro * All Other Americans 9/23/2008

Considering the plans for the new tower that is going to be erected, an inelegant and unattractive structure, it should be obvious to all that rebuilding the Twin Towers precisely the way they were (with certain safety upgrades, of course), both towers reaching high into the New York City sky line as the best refutation for the hatred, mindset and philosophies of those who took them down in the first place.

Gerardo Galaviz * All Other Americans 9/23/2008

Any plan other than construction of the new and improved Twin Towers falls short of the expectations of millions of Americans. The iconic symbolism behind building these towers bigger and taller than ever can be matched by no other design, we need to make a statement against those who oppose our freedom.

Samir Randeria * Metro New Yorkers 9/22/2008

The proposed WTC plan is a national embarrassment. The towers should be rebuilt.

While I don't necessarily think the new design is abhorrent, it would make a terrific statement if the twin towers were rebuilt in all their glory. It says to those that mean us harm, "you knock us down, we get right back up!" In terms of healing, rebuilding the towers in the image of the originals will be a signal that those who died on 9/11 did not do so in vain, but rather, their passing was a moment that united the nation in a common goal of strength and courage in the face of evil.

The freedom tower makes me sick to my stomach, I cannot stand to look at the New York skyline without the twin towers for any longer. The design for the new world trade center does not present the right image. Resilience, determination, and hope are things that need to be portrayed in the new buildings and there is no better way than to rebuild bigger and better. The towers need to rise again as a symbol of a nations healing and as a memorial to those who lost their lives for their countrymen.

Just imagine in your mind...The Twin Towers rising up the Two Towers rising up in the NY skyline. The spirits of Ny'ers and Americans and citizens of the world alike watching it get bigger, better, and safer day by day. Then laughing cuz terror wont be able to stop it or bring them down cuz we will strive to protect these buildings and the people who work there!

 **John Spratsky** Lwr. Manhattan Residents & Workers 9/29/2008
What are we waiting for? Lets get these buildings back where they belong! cant wait to here more and hope to see the booklet posted up soon as well as a report to the nation!

One freedom Tower will always look like half a job done – a monument to weakness, greed and political corruption and a submission to terrorism. Build two! No Brainer. Rebuild the New Skyline bigger and better than ever for the world to see and literally look up to. You could even have the upper floors atriums that becomes a monument and they are always lit 24/7/365

 **Stephen Roberts** All Other Americans 9/25/2008
They took them away – courage, defiance and pride says “we’ll put them back up”

Thanks for your great work, and may God bless America.

Steve

Please rebuild the towers as they were before. What a better way to show that we will not be swayed and won't let anyone determine how the world's most famous city skyline looks!

 **Anthony Monte** All Other Americans 9/25/2008
I'm a 22 yr old college student majoring in History. The Freedom Tower is a symbolic defeat of our spirit. In 2000, I had the privilege to stand atop the Trade Center. It was a moment I cherish.

9/11 was a terrible attack upon our identity/values. For that attack to succeed, we must concede; WE MUST NOT!

Replacing the WTC with a similar design is the only truly American thing to do!!! The originals were more than just a group of buildings. They were known worldwide as the biggest landmark, of the greatest city, and nation, in the world! Lets show those terrorist chumps what we're made of! Long live America!

 **Ali Al-Roubaie** Citizens of Other Nations 9/22/2008
Hi people, I'm Ali from England, UK.

We must have the ever beautiful Twin Towers rebuilt, and I'm proud to say that I want to be part of it no matter what. The WTC Twin Towers were a symbol of NYC, and not only a icon of the United States but also of the rest of the world. Rebuilding the Twin Towers of the World Trade Center complex will show the rest of the world that whatever is destroyed can be rebuilt the way it was. The USA should show a good example of that to the rest of the world.

The Twin Towers MUST be rebuilt.
America needs closure.
America needs a miracle.
The new WTC provides both.

The Freedom Tower is NOT the solution and niether is that big empty hole in Manhattan.

Make NY NY again.
:)

 **Peter C** Citizens of Other Nations 9/21/2008
Rebuilt the original Twin Towers!

I'm from Australia and would love to visit them some day, if the Freedom Tower is built you can guarantee I won't be visiting.

 **Deanna DeMatteo *** All Other Americans 9/20/2008

I think that they should rebuild the twin towers. It is not right to fill a historic spot with some other building. The twin towers is a part of our lives and should not be forgotten. I always wanted to see the twin towers with my own 2 eyes but if they fill that spot with the freedom tower then my dream can not be fulfilled. REBUILD THE TWIN TOWERS!!!

we should bring back the twin towers because its not right to spend all those years making them and just let two hijacked planes bring them down like that SO LETS BRING THEM BACK BIGGER AND STRONGER

 **Dan Oakes** All Other Americans 9/19/2008
Please rebuild the twin towers with an extra 13 stories each for spite.

 **Peter Horvath** Citizens of Other Nations 9/19/2008
Hi Folks, I am Peter from Hungary (Europe). I tought that america will restore the original twintowers and I was really sad when I heard about new plans making totally new towers. I wish I could do more for america rebuild the original twintowers becouse everyone liked it. But I dont really know what america official, state or plan on rebuilding the ground zero. I cannot find any news in this topic if you can send some send it for ravkin@ymail.com . Is it any chance they will rebuilt the towers?

 **Liz DeMatteo *** All Other Americans 9/19/2008
I would like to see the twin towers rebuilt to show the world we are strong and we will never forget.

 **Diamond DeMatteo** All Other Americans 9/19/2008
They should not make the freedom tower because eva since i wuz little i wanted to see the twin towers and now that the twin towers are gone that cant happen if you build the freedom tower where the twin towers once was. U should follow what evry1 wants and that's for the twin towers NOT the freedom tower. We need that hole in our hearts filled again...that could happen if you rebuild the twin towers!

As a resident of New Orleans, I understand destruction; it challenges our spirit. 9/11 changed us because WE LET IT! Stop the FEAR TOWER! We can't allow them to win, REBUILD THOSE TOWERS! We MUST NOT BACK DOWN OR GIVE IN!

 **Shawn Oliver** * All Other Americans 9/25/2008
Please rebuild the twin towers. After visiting New York recently, the skyline just feels empty without them and not as magnificent.

 **Shawn Skelly** * All Other Americans 9/24/2008
There is nothing that says that America is strong again as by building the Twin Towers the way they were!

twin towers 2 is the best choice

 **Israel Cruz** All Other Americans 9/19/2008
i hope that the twin towers will be back.

i know we can do it lets show the world that we r strong.

 **Ashley Cruz** All Other Americans 9/19/2008
hey if they do ever build them back they should put on a plaque on one of the towers saying (when a phoenix dies it will rise again from its ashes) that would be a good idea . u know what someone needs to complain saying " WE WANT THE TWIN TOWERS BACK, GIVE THE PPL WAT THEY WANT !" someone seriously needs to say something. i never got to see those towers, to see them up again would make my wish come true

freedom tower will be a mistake

Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.

* Indicates that the signer has not yet activated the validation link, often due to spamblocking software. They are included out of respect for the sincerity of the comments.
