REBUILD THE TWIN TOWERS! Nothing has rewarded the jihadists more than the ongoing sight of a world landmark wiped off the face of the earth.

— Dan Taylor / Citizen of Other Nations

The world was robbed of the 21st-century Twin Towers most of us always wanted.

Click above for more comments that rebuke the cynicism that tried to replace the Twin Towers and failed.

Rebuild the twin towers just as they were before!

We Americans can all stand straight and tall by having these buildings stand straight and tall—not some wimpy, twisted caricature of a building.

I think the Towers should be rebuilt, Don't forget all the Americans that died on 9/11. Let's do this in memory of them, if not for anyone or anything else. Do not let the terrorists win!

Loretta Moen All Other Americans 4/25/2006

But with the rebuild, better evacuation design should be in place. Please read 102 Minutes.

If the twin towers were rebuilt exactly the way they were, it would be the most symbolic thing that the U.S. has ever done. It would be somewhat of a "slap in the face" to all the terrorists.

The World Trade Center was a very special place for me. I came to New York City with a dream and ambition.

I was exhausted after 4 days without any food and very little water.

I came to rest at a place where I could identify.

This website is not as scalable as newer sites are and is best viewed on full-size monitors.

horizen is not the same.

They could dedicate one entire floor to the victims of 9/11 in tribute.

It's the only way to forget and not forget.
And you don't have to build an memorial place, because its a memorial already.

NYC back like it was before.

The Freedom Tower should be re-named the Surrender Tower. It is a disgrace to our Military Personal who are putting their lives on the line to defend our way of life and our right to have our skyline look the way WE want it to.

Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.

* Indicates that the signer has not yet activated the validation link, often due to spamblocking software. They are included out of respect for the sincerity of the comments.
