The world was robbed of the 21st-century Twin Towers most of us always wanted.

Click above for more comments that rebuke the cynicism that tried
to replace the Twin Towers and failed.

Those that sought to destroy us shall see that freedom makes us strong. The followers of Islamic extremists will be defeated. Rebuild the towers as a monument to those that died and message to the evil zealots to see.

[Larry Root](#) All Other Americans 6/6/2006

To do anything other than rebuilding the towers (possibly bigger and certainly better), albeit well-intentioned, **would be akin to raising a monument to terrorism.**

Replace what was destroyed to **show the world we will never be defeated by evil.**

The memorial should be in an added 5 story walk up to the observation desk. Along the walk up should be a stained glass memorial to each victim with an eternal flame in the center.

its been almost 5 years and there is never a day where i am not reminded of that day. As i drive through or past the city there is a void, an emptiness, and thousands of souls that need to be remembered,...leave the footprints untouched and build them back the way they were just adjascent... bigger and stonger to show we will not be broken.

The current "Freedom Tower", which is nothing more than a typical sixty story building masquerading as a skyscraper, is based on a financially conservative real estate development plan. It certainly would be more cost effective in the short-term to build a low cheap building with easier to rent office space. However, rebuilding the "Twin Towers" is matter of utmost importance. **The decision to rebuild or not rebuild them will have a significant cultural and historical impact for centuries.**

My family from colombia, where evil is tryin to take over a democratic government. Where the president just won re-election this past sunday. he such an honest man, he doesnt pay himself, and the people urged their congress so that they can change the laws so that he could run for a 3rd term. Remember seeing him cry on 911, and colombians and my family cried. i think its probably due to fear and were shocked that america was attacked. Its not falling, its the getting up that counts.Never Forget

I support with my energy the idea that the Twin Toers should be erected again, as they were, instead of the terrible project of liberty tower that is planned. Please New York, save us from this awful new tower and give us the twins back... their symbol and gemellity is needed by the big Apple!!!!

We must rebuild the towers! We cannot let the terrorists win.

After these many months, I still cannot look in the direction of that empty space in our skyline, and in my heart. Your proposal gives voice to the personal hope that New York's majestic profile could be restored as it was, with towering twins to tell the world of our undaunted audacity. **Nothing less can truly fill that void** in our city's sights-to-see, and

Shut down the borders and God Bless America.

 **Donna Newberry** Citizens of Other Nations 6/2/2006
9/11 affected millions worldwide but you cannot hold the people of New York down. Rebuild the towers not only for the people of Manhattan but **as a mark of respect** to those who tragically lost their lives and their families.

 **David Picton** Our Armed Forces & Families 3/27/2006
As a former U.S. Navy Vietnam Veteran my only comment is "NY Skyline not the same without the Towers". REBUILD!

I miss the Twin Towers daily, even though I am not in New York. I feel that stronger, bigger, and better would more appropriately symbolize american resolve.

 **Alfredo Rodriguez** All Other NY & NJ Residents 5/30/2006

This seems like a no-brainer: Rebuild. What is wrong with that?

instruct our enemies in our citizens' constancy and courage. This idea is worthy of immediate support and action.

NOTHING COULD BE BETTER FOR NEW YORKERS AND THE WORLD THAN REBUILDING SIMILAR LOOKING TOWERS, STRONGER AND TALLER = TO BE WORLD'S TALLEST AGAIN!
IF YOU REBUILT IT QUICKLY, IT SAID KNOCK US AND WE GET BACK UP 123, BUT NOW DRAGGING ON TO BUILD SOME SILLY SKELETON BUILDING..BAD MOVES! REBUILD THE TWINS ASAP!

 **Annamay Olsen** All Other NY & NJ Residents 5/28/2006

Those "Twin Towers"...were so apt...they represented "partnership" don't you think? We LOVED THEM. They became our "friends" in lower Manhattan. When I saw the first designs of the new plan...with that singular building with the sword-like top piercing the sky, I thought of it as villainous, unfriendly, threatening...is that what we want to become? Bring us back our old friends, the Twin Towers!

Let's do this! The towers were one of the things that made the skyline of Manhattan truly legendary.

From the very begining, this nation was defined by the belief that our future, will be better than our past, that no matter what hardship we faced, no matter what heartbreak we endured, we have the character, and the strength to make tomorow better than our greatest dreams. If Two Towers should fall, we would Rebuild them, thrice.
Nothing less, will be acceptable to our national pride.

 **Bryant Blake** All Other Americans 5/28/2006
I knew one of the people who died in the 9/11 attack, and knowing Maynard as I did **he would be the first in line to say rebuild the Towers** to show the terrorists we can't be beaten!

 **Greg Tashjian** 9/11 Families & Close Friends 5/28/2006

I lost a high school friend-Tim Ward-a passenger on the plane that hit Tower 2. For Tim and every other American touched by 9/11, we must rebuild!

Rebuild the Twin Towers. **Taller, Stronger and Prouder to demonstrate that while any fool can destroy, it takes brains and guts to build.** And that they might occasionally inflict pain, but that they have no hope of subduing us.

 **Kevin DOHERTY** All Other Americans 5/27/2006
The towers should be rebuilt , no doubt about it. **To let the terrorists have the final say in the destroyed NY skyline would be nothing but a second tragic event** and anyone participating in the thought of constructing anything other then what once stood there has never been in the towers and understood what they represented.The Pentagon was not scrapped so why should the towers be? REBUILT TO THEIR FORMER GLORY!

rebuild the towers and not that ugly hollow needle

Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.

* Indicates that the signer has not yet activated the validation link, often due to spamblocking software. They are included out of respect for the sincerity of the comments.
