REBUILD THE TWIN TOWERS! Nothing has rewarded the jihadists more than the ongoing sight of a world landmark wiped off the face of the earth.

— Dan Taylor / Citizen of Other Nations

The world was robbed of the 21st-century Twin Towers most of us always wanted.

Only re-erecting the towers will make the appropriate statement about the future and America. *Is it a vision of hope or a vision of fear?*

 **David Bowden** Metro New Yorkers 9/9/2007
Failure to rebuild the Twin Towers to AT LEAST THE SAME HEIGHT is a surrender to the wishes of the murderers and an acknowledgement that hostile alien Moslems have the right to veto New Yorkers having edifices of that height.

Courage and American patriotism require rebuilding the World Trade Center to AT LEAST THE FORMER HEIGHT.

 **Christopher Bossick** Construction Workers & Families 9/9/2007
Please help the alliance and the people of New York City get back what we miss so much, the twin towers! I was a maintenance electrician at the towers and loved to go to work every day as did those who were fortunate to work there as well. I believe that we would show great strength as a nation by rebuilding the Towers. N.Y.C. union construction can build a safer, stronger, and better than ever World Trade Center.

 **Alisha Lewis** Architects and Builders 9/9/2007
If the walls inside the Empire State Building are marble, and the monuments and memorials in D.C. have these kinds of memorials, then why can't we incorporate the two?

By engraving their names, and rebuilding our towers, we are saying that we will continue to live our lives the way WE choose, and NOTHING they do can change that, and those lost will be immortalized, and will be a permanent part of the foundation.

By changing the design, we are admitting that they have an effect on us, that we fear them, and that they can control us.

So why give them that power?

 **Jerod Barker** All Other Americans 9/8/2007
I dream of them still all the time and wishing to see the towers for myself. Truly magnificent buildings!

 **Andrew Broad** Citizens of Other Nations 9/8/2007
My name is Andrew, I am 16 years old and i live in England. Everytime I see images of the twin towers, although i have never visited them, i miss them.
I wish along with many other people to be able to

THERE IS NO REASON TO CHANGE THE DESIGN OF A BEAUTIFUL LAND MARK-RB

 **Ian Larson** All Other NY & NJ Residents 9/6/2007
The towers should be returned to their original look with a few more stories added to them.

 **Renee Bragg** All Other Americans 9/5/2007
PLEASE rebuild the towers as they once were. We need their majesty! They were a symbol of our strength as Americans.

 **Michael Zina** All Other Americans 9/5/2007
I want the twin towers rebuilt. I have never been there and i have always wanted to.

I'm sorry but..., the Freedom Tower & the other WTC buildings just don't have the same physical & emotional presence that the Twin Towers of the WTC had.

 **ty johnson *** All Other Americans 9/4/2007
It will help america in general

 **Steve Gonzalez** All Other Americans 9/4/2007
I think we owe it to the people who lost their lives and their families to rebuild these towers. they should be built in memory of the victims and show that this nation will remain united and stronger than ever!! RIP 9/11 victims.

 **Eileene Luna** Citizens of Other Nations 9/4/2007
since i was a little girl, i've always want to go to New York on Christmas.. i really hope that one day, standing in front of the new towers, my daughter says: "mom, they're amazing", to which i will answer: "yes, they are hon, some fanatics tried to vanish them off, but they rebirth, as a proof that no matter how bad the fall is, but the courage and dreams that makes you rise stronger..and indeed; Amazing!"

 **Roy Collier** All Other Americans 9/4/2007
Twin Towers are one of the top icons known around the world.Rebuild them,we show we are still here not frightened to rebuild again!The Freedom Tower design's a disgraceful victory for Bin Laden and all terrorists. DO NOT BUILD FREEDOM TOWER but stronger n better technology Twin Towers!Rebuild WTC TwinTower! Terrorism is not supposed to be only

witness the awesome and symbolic twin towers. R.I.P victims and towers alike.

 **Kelly Dee** All Other Americans 9/8/2007

Everytime I see the Towers in the skyline of New York in an old movie or television program I get a lump in my throat. Everytime I see a new movie or television program without the Towers, I feel even worse. The only way to heal the wounds caused on 9/11 is to REBUILD THE TOWERS!

 **S. Lefever *** All Other Americans 9/8/2007

Rebuild the towers even taller, and top them with anti-aircraft guns.

 **Mikey Porrazzo** 9/11 Survivors & Families 9/8/2007

don't let terrorists tear our country apart

 **Goddard Lewko** All Other Americans 9/8/2007

Let's build them again. Just as tall, if not taller. Tallest in the world even. Two beacons of cold metal, masterfully raised into the sky, like iron flags whose broad skyward stripes and bright spire persevere through the bombs, planes and poisons some would bring against their fellow man.

And when they're finished, I'll climb to the top, by stairs if I have to, and whisper silently to the world. This is a symbol of a free people. There's not a weapon in our world which can take that from us.

 **Georganna Walters *** All Other Americans 9/7/2007

I would really like to see the twin towers built. One thing I don't understand is why did they choose America? What did we ever do to them? It's crazy.

 **BRIAN SMITH** All Other Americans 9/7/2007

Rise Above Adversity !!!!

 **Cathy Sheffler** All Other Americans 9/7/2007

I lived in the NY area when the terrorist pigs did this. I say spit in their faces by rebuilding the towers even taller!

 **Vincent Woska** All Other Americans 9/7/2007

It saddens me that after 6 years we have not rebuilt the towers, still just a hole in the ground that only serves as tribute to the success of the terrorist act.

LET'S REBULD THEM AND MAYBE OUR PRIDE AS WELL!!

 **Greg Farmer *** All Other Americans 9/7/2007

Rebuild them to show those who wish to destroy this country(both foreign AND domestic)that we will NOT go quietly.That OUR voices WILL be heard!That justice WILL be served!! That our citizens who love this country will prevail and destroy all those who wish to do us harm!!!

 **Tara Crocitto** All Other Americans 9/7/2007

 **Tracey Baillie** 9/11 Families & Close Friends 9/7/2007

The way forward is to rebuild. We must NEVER forget this atrocity. People will flock to see and together our hope for the future will blossom. God bless you!

 **Andrew Cupit *** All Other NY & NJ Residents 9/6/2007

 **Bernard Foley** Metro New Yorkers 9/6/2007

I think the towers should be built as they were only stronger using modern technology. I don't really care for any of the new designs. I would like to see the New york skyline as it once was.

USA's responsibility to go after, but the world's,let the United Nations deal with it! USA Govt should focus own soil,rebuilding NYC's Twin Towers back!

 **Mark Hildman** All Other Americans 9/3/2007

 **Nick Trokel** Metro New Yorkers 9/2/2007

Over the years the twin towers has become almost as iconic as the statue of liberty or the empire state building it should be rebuilt to its former glory and stature.

 **John Moran** All Other NY & NJ Residents 9/2/2007

WTC 4 Life everyone! WTC 4 Life! Ever since 9/11 i am sure we all realized by now that the WTC arent just buildings anymore...they are much more then that, i hope you realize what i mean, we must do whats right and unite together to rebuild what was lost, it isnt to late to do the right thing everyone...NYC isnt NYC without the WTC, the WTC is the TRUE meaning of NYC, Freedom, and America. **We all must work together to rebuild them, and they will stand for all that is good.....**

please rebuild the Twin Towers, **electd officials listen to the people of America, that is what you are supposed to do,**and you will realize that the majority of NewYorkers want the Twin Towers rebuilt the exact same way, why would you let the terrorists permanently alter the beautiful Manhattan skyline??, obviously people loved the Twin Towers or else they would not have been built!!, so please consider rebuilding the Twin Towers or else you will dissappoint many Americans,rebuild the Twin Towers

 **Ryan Rizaldy** All Other Americans 9/1/2007

It's called the "Freedom Tower", and its 1776 ft tall. That is pathetic; it's like an emotional whimpering squeal of a desperate comeback. Furthermore, the Twin Towers stood more for our economic triumph than our freedom. **It is a symbol that can only be replaced by none other than itself.** Structures and what they stand for, are essentially immortal. It is ultimately our decision however, to resurrect it, or to let it be desecrated and vanquished by our enemies.

 **Sarah Kenworthy** All Other Americans 8/30/2007

 **Richard Lewis** All Other Americans 8/30/2007

If they weren't destroyed, they'd still be there. And what better way to say, "In your face", than to put them back up, better than ever.

 **Ryan Kruchinsky** All Other Americans 8/27/2007

Rebuild, stronger, and with the spirit the original towers were built with. Push them as high as technology can push. They were here my whole life. They stood as symbols for everything america is about. Don't settle for mediocre. **With the "Freedom Tower", it feels like we are giving up on America.**

 **William Chanez** Journalists & Media Figures 8/26/2007

I think rebuilding the twin towers will close alot of doors for victims as i am one. rebuilding the towers will not only show strength but closure in the whole incident. seeing the skyline without them is heart breaking and undescribable. i believe these marks need to be rebuilt to exact as they were.

 **Kyle Walker** All Other Americans 8/26/2007

 **Jeffrey Gaspar** Metro New Yorkers 8/25/2007

We need to put the twin towers back up, just bigger and better.

Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.

* Indicates that the signer has not yet activated the validation link, often due to spamblocking software. They are included out of respect for the sincerity of the comments.
