Please do this. It's the right thing to do...

Petter Sandstad Citizens of Other Nations 4/26/2006
Great initiative. The Muhammadans cannot hurt, if we don't let them. Not rebuilding The Twin Towers would be to let the terrorists win.

David Martorana All Other Americans 4/26/2006
I was at the unveiling of the current proposed replacement tower, and the entire room was underwhelmed. Everyone wants the towers back. Bring them back.

Either rebuild the original towers with added safety features, or build the "flipping off those bastards" design.

The twin towers should definitely be rebuilt, as long as it's by a private company and not the government.

Dave Ryan Citizens of Other Nations 4/26/2006
I have always hoped to see the towers rebuilt. I was living in Brooklyn at the time of the attacks, and have visited the city once since, the void in the skyline is almost surreal. Bring back a great attraction and symbol to a wonderful city

Born and raised in NYC, now live in SF.. Those buildings were an icon...REBUILD as they were...

Alex Henderson Metro New Yorkers 4/26/2006
Rebuilding the WTC as it was is the best idea for the area, and sends a clear message to terrorists that we shall overcome.

Scott Taranovich All Other Americans 4/26/2006
That there is still a hole in the ground at ground zero is shameful. What is planned to fill it is not much better. The twin towers should rise again.

There is only one opiton -REBUILD.
To see the Towers stand TALL again will be one step towards justice against those who murdered and destroyed on 9-11.

Betsy Speicher All Other Americans 4/26/2006
Rebuild the Towers even taller!

The towers should be rebuilt and all that nonsense of the freedom tower shoud go down the drain. We need a stronger icon such as the Twin Towers to show the world and the terrorist that we have never been defeated and we rise again but this time, we won't fall

This website is not as scalable as newer sites are and is best viewed on full-size monitors.

I agree. Rebuild them like they were.

The day the Towers fell,all I wished is that I could have been up there to help.I am now in school to be a paramedic.The attacks inspired me to do so.If we don't rebuild the towers,we are just giving in to the Terrorists' dreams.*GOD*BLESS*AMERICA*

Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.

* Indicates that the signer has not yet activated the validation link, often due to spamblocking software. They are included out of respect for the sincerity of the comments.
