There's a hole in the skyline above New York City. The terrorists made that hole and would love to permanently alter that unique skyline. Only by rebuilding the twin towers do we deny them their permanent victory. Part of fighting back is making things right again. There would be no greater memorial to those who were killed and injured at WTC bombing in 1993 and the WTC attack in 2001 than to rebuild the towers. I'm sure somebody has the blueprints somewhere. Let's stop wasting time!!!!

**George Smithson \*** Our Armed Forces & Families 7/1/2007

The Towers need to go back up. Nothing less will do to discourage the enemy, to show that all they do will come to nothing.

**John Puziss \*** All Other Americans 7/1/2007

**William ` Rogers** All Other Americans 7/1/2007

The grand re-opening of the Twin Towers would be a great day in USA history. It would show the resolve of this country to anyone who wants to attack us.

**Annie Fernandez** Metro New Yorkers 7/1/2007

**Doug Duddles** All Other Americans 7/1/2007

Rebuilding the twin towers exactly as they were is the best and only way to show our resolve in the face of our enemies. Some meak alternative only serves as a sign that we lack the resolve to stand against them.

**James Ferguson** All Other Americans 7/1/2007

Rebuild the Twin Towers , seems like a no-brainer

**Joseph Frank Baraba \*** Our Elected Representatives 7/1/2007

Don't you politicians get it !...It's " WE THE PEOPLE," who rule , not you the politicians. Many Americans are getting fed up wih you not listening and soon trust me , many of you in Congress and else where will be out of a job ! Re-build the Twin Towers, that's what the public wants , you need to obey us , the American people.....

**Michael Barrett** All Other Americans 7/1/2007

Rebuild the towers!!

**Mark King** All Other Americans 7/1/2007

great idea

**Robert A. Hudson \*** All Other Americans 7/1/2007

It is one of those DUH! moments. Of course we rebuild.

**Mike Randolph** All Other Americans 7/1/2007

**Randall Probst** All Other Americans 7/1/2007

I would like to see the Towers re-built as a slap in the face of the terrorists would took so much away from us on 9/11. I think it would say to them we are back, bigger and better than before. You can not thwart the resilient spirit of the American People!

**Nate Fasulo \*** All Other Americans 7/1/2007

Rebuilding the towers is the best way of showing the terrorists that they cannot change New York's skyline, and that no matter what they do we'll outlast them and we're better than them.

**carmen carella** All Other Americans 7/1/2007

**Davidson Family** All Other Americans 7/1/2007

Rebuild our towers. I don't want to have to tell my kids about the buildings that used to be there.

Put the towers back the way they were. Bigger even. That would be one of the great stories in American history.

**al dartley** All Other NY & NJ Residents 7/1/2007

do not allow our ennies to control or dictate to america. boldly rebuild the twin towers. any other construction would be a permanent statue and symbol of our surrender to the will of the enemy, and for them to perpetually gloat over their their act of demeaning our nation.

**Scott Harcourt \*** All Other Americans 7/1/2007

Rebuild the World Trade Center now. Let each steel beam represent the strength and courage of each firefighter and policeman lost, performing their duty that day. Let every pane of glass represent the souls of the innocent loved ones taken away, as well as their family members who were left to carry on. Finally, Name each tower "Liberty" and "Justice", and name the space between them "indivisible", for these are the foundations on which this nation stands.

**Jason Lane** Metro New Yorkers 7/1/2007

We should not yield an inch to the perverted ideology that destroyed the Twin Towers. What better wat to say we are united against the purveyors of wanton death and destruction than to rebuild what was destroyed.

**Marc Ille** All Other Americans 7/1/2007

Robert A. Hudson

 **Erik Cordova** Business Supporters 7/1/2007

I have agreed with this idea since the attack and I truly believe that this is the best thing for our country. I know there are many people that don't agree with this idea and we all know their true intentions are to keep America down because they are jealous. I stand for our President, our troops, their mission and rebuilding this marvelous structure. I know we will win the fight and one-day we will all have peace.

The Twin Towers should be rebuilt exactly as they were. It would be the best sign to the terrorists that no matter what they do, they can never win (as well as a big f-you to them). Rebuild them, and put a 9/11 memorial right on the top floor to go along with the panoramic New York view!

 **Margaretta Ryan \*** All Other NY & NJ Residents 7/1/2007 **William H. Barlow** All Other Americans 7/1/2007

Rebuild our towers.

Building freedom and an enlightened civilization is what Americans have done to improve the human condition, for over 200 years.

The destruction of freedom's light and it's promise of human progress is what the Islamists are avowed to accomplish.

Show them that they will never be successful in their cynical celebration of death and destruction.

Stand up for American values.

Rebuild our towers.

 **Marc Kaiser** All Other Americans 7/1/2007

This would truly show the indominability of a free society. I would say that the new towers should be even taller!

 **Wendell Grubbs** All Other Americans 7/1/2007

Put it back as it was. A Former Marine Vet

 **Jeff Reed** All Other Americans 7/1/2007

It would seem that many of our elected leaders, both at the state and federal level, are vastly out of touch with the will of thier constituents. We Americans have overcome many horrific chapters in our history. And we will overcome the threats to peace in our time. The American spirit is unbeatable. Period. No cave dwelling barbarians in the Middle East will ever change that. REBUILD.

 **Anthony Fuga** All Other Americans 7/1/2007 **Tanya Bachand** All Other Americans 7/1/2007

Damn the torpedos, full speed ahead!

 **Don Furtado** All Other Americans 7/1/2007 **Su Jackson Ross** All Other Americans 7/1/2007

As a tree grew in Brooklyn, the towers should grow again. Evil destroyed a beautiful, sunny fall morning, the morning of my birthday. Evil no more. Rebuilding the towers is the only reasonable option. Visiting "ground zero" shortly after, the mood of the city was sad, but strong. People acted differently to each other and that's what can not be forgotten. With smoke still in the air, strangers bonded and hopefully that will never be lost. Towers for evermore.

 **David Shea** Metro New Yorkers 7/1/2007 **Nini Pack** All Other Americans 7/1/2007

Rebuild. Rebuild. Rebuild. And make them one story HIGHER. God bless America!

 **Robert Joseph \*** All Other Americans 7/1/2007

In America, when something is destroyed suddenly by an unnatural force, we rebuild what was there previously, only bigger and better. That IS the American way. Simple.

 **Grace Jaye** All Other Americans 7/1/2007

Defy the people who brought them down. Put them back, stronger than ever--like the USA!!

 **Wes Helton** All Other Americans 7/1/2007

Rebuild them, don't let the bastards win.

 **Dereck Senter** All Other Americans 7/1/2007

The Twin Towers are a part of our country we can not ignore. We must rebuild them!

 **Mark Heinly \*** All Other Americans 7/1/2007

Rebuild the TOWERS!

 **Robert J Hiza** Metro New Yorkers 7/1/2007 **Bob Wood** All Other Americans 7/1/2007

Build 'em BIGGER and STRONGER with the BIGGEST American flags money can buy flying above each building! Show the world (in the words of Charlie Daniels) GOD BLESS AMERICA AGAIN!!!

 **James Harris** All Other NY & NJ Residents 7/1/2007

God Bless America!

 **Robert Blake** All Other Americans 7/1/2007

Rebuild the towers just the way they were, only this time with the ability to handle the intense heat of jet fuel and the ability of each floor to handle the weight of the entire structure, the same that was done with each piece of the St. Louis Gateway Arch. Make it an American treasure and a statement to the world that we can not be bullied or deterred!

GOD BLESS the U.S.A....do NOT tread on America!!!!

 **Mark Wargo** All Other Americans 7/1/2007

Trump has said to build it one story higher, and I agree.

 **Austin Group** All Other Americans 7/1/2007

The purpose of attacking this great nation was to force us to change, to change out way of life. If we let in to the propositions of government officials who are not interested in the voice of the American People, including survivors and families of those lost, then we are simply giving in to the wants of the terrorists who want us destroyed. We must protect our original way of life and rebuild the Towers just as they were so that it will always be a beacon of determinism and freedom in America.

 **Paul Francosky** Metro New Yorkers 7/1/2007

Just rebuild the towers EXACTLY as they were, no actually build them taller, and stop with the politically correct nonsense that is the main reason there is still a 16 acre hole in lower Manhattan..

 **Wendy Gardner \*** All Other Americans 7/1/2007

Rebuild one story higher.

We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.**

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.

\* Indicates that the signer has not yet activated the validation link, often due to spamblocking software. They are included out of respect for the sincerity of the comments.
