PETITION TO REBUILD THE TWIN TOWERS

The world was robbed of the 21st-century Twin Towers most of us always wanted.

We must rebuild, there is no choice. We should not forget and I will not forget!!

**Paul Hancke** All Other Americans 4/26/2006  
I am a former New Yorker who sorely misses those magnificent two buildings.  
For us to raise a substitute building, no matter what explanation given, it would be a tacit sign that we have been defeated by an enemy of freedom and of our country.  
I join with others who see in this attempt at an ersatz replacement and unfitting appropriation of land for a monstrous memorial to be a folly and a sellout of our forefathers.

**joseph redondo** All Other Americans 4/26/2006  
show them they can never bring us down to our knees, build the twin towers as they were

We need to go forward and rebuild for all of those who gave it all!

**Mary Cavallini** All Other Americans 4/26/2006  
By not rebuilding the towers, we are showing them that they accomplished their goal. They set out to destroy a prominent landmark, standing for freedom and free enterprise in America. The towers came down but we have the power to rebuild them and send the message that we are not afraid and that we are still strong.

The Twin Towers were always a symbolic statement about the power of human intelligence as they soared into the sky. There is no better way to reconfirm the power of the human mind over those who promote mindlessness.

We should not have a hole in the ground. The towers should have been replaced as they were before 9/11

Nothing would send a stronger message of resilience toward terrorists, and, more importantly, Americans. We should stand up, show our courage, and rebuild the twin towers.

Finally! I'm glad this petition has been created because I've felt all along that rebuilding the towers is the right thing to do. Apparently some other people do too!

This website is not as scalable as newer sites are and is best viewed on full-size monitors.

The best memorial is to rebuild the buildings ... to add a memorial room (like a chapel in a hospital) would be a nice addition, but the buildings should be rebuilt.

 **Mike Essex** Citizens of Other Nations 4/26/2006

**Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.**

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.

\* Indicates that the signer has not yet activated the validation link, often due to spamblocking software. They are included out of respect for the sincerity of the comments.
