REBUILD THE TWIN TOWERS! Nothing has rewarded the jihadists more than the ongoing sight of a world landmark wiped off the face of the earth.

— Dan Taylor / Citizen of Other Nations

The world was robbed of the 21st-century Twin Towers most of us always wanted.

Click above for more comments that rebuke the cynicism that tried to replace the Twin Towers and failed.

Pataki and the Bloomberg are a disgrace, not as people, but as visionary men. The vision of New York's skyline will far exceed, outlive and outlast the current imbroglio that has produced the Freedom Tower compromise.

With the utmost respect to all family members affected by the death of loved ones in the tragic terrorist attack, the public should be allowed to debate which buildings should stand on this once brilliant site. There has been no courage from the government on this issue.

We could probably recoup much of the already-lost tap-dance time by reusing the existing foundations. Isn't that why we spent so much time and money shoring them up?

George Howley NYC's Finest & Families 5/5/2006

I would love nothing more than to see the Towers rebuilt bigger and better as a sign to the world that the USA cannot be defeated. The rebuilt Twin Towers would be a true symbol of the power, resilience and strength of America and its people. I imagine how great it would be to look up and see the Twin Towers back in their place as symbols of American/New York strength. I could not think of a better memorial to the victims of this horrific tragedy.

Thanks for permitting me to vote.
Good luck.

The World Trade Center was targeted for a reason. We should rebuild it for the exact same reason.

I really dislike the Freedom Tower and the buildings that will surround it. Those horrible buildings will cast the three beautiful World Financial Center buildings into the shade! The twin towers symbolized power and were great additions to the New York City skyline. They were unique, indeed. You'll never find better alternatives. Show the rest of the world that you'll not retreat for the terrorists. Rebuild the towers - higher and stronger than ever!

Put 'em back up, without delay. The Empire State Building was built in a year - is the spirit that made that possible still in five size any one's. Let's do 2 in 364

Rebuild the Towers bigger and better than they were.
Let's do something constructive now, it has been way
to long without any concrete evidence of progress.

 **Jerry Atencio** All Other Americans 5/5/2006

Rebuilding the Twin Towers, a newer and
technologically more advanced version, with the same
appearance would send the strongest message to the
World that the World citizens will not allow terrorists
to destroy symbols of freedom and commerce among
the various nations.

Defeating islamofascism requires not just beating this
enemy on the battlefields and the rat-holes they hide
in, it also requires defeating them in our own minds.
What good is victory without resolution? Not only
should the twin towers be rebuilt, but they should be
taller, wider and more imposing than before. They
should be more than mere buildings. They should be a
statement.....Don't tread on me!

days!

 **Stephen Harper** All Other Americans 5/3/2006

Yes. Rebuild the towers, but make them bigger and
better. Also, those Islamic Fascists who supported the
bastards who destroyed the original towers, especially
Iran, must pay the full price for their treachery; their
own destruction.

 **Robert Mongell** All Other Americans 5/3/2006

No design could be more inspiring to me than seeing
the same or higher, soaring gothic towers which is an
icon of America. Why would we build anything else?

 **Marie-Elena Ansbro** 9/11 Survivors & Families 5/3/2006

The same towers should be rebuilt as tall and proud
as they once stood before. They made the NYC
skyline.

 **Tamir Ilan** All Other Americans 5/3/2006

This is a good start; motivational step. But if we stop
here we will continue to lose this WW3 against radical
Islam and the Third World Countries that are
threatening the existence of our children.

Rebuild the WTC as tall if not taller, without all the
weepy, self-pitying embellishments. Rebuild from
pride, not sorrow. Did the U.S. go into permanent
shock when it was attacked at Pearl Harbor? No, it
planned to strike back and defeat the enemy, not go
into a perpetual crying jag.

Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.

* Indicates that the signer has not yet activated the validation link, often due to spamblocking software. They are included out of respect for the sincerity of the comments.
