REBUILD THE TWIN TOWERS! Nothing has rewarded the jihadists more than the ongoing sight of a world landmark wiped off the face of the earth.

— Dan Taylor / Citizen of Other Nations

The world was robbed of the 21st-century Twin Towers most of us always wanted.

Click above for more comments that rebuke the cynicism that tried to replace the Twin Towers and failed.

We would honor those who perished by rebuilding to the occupied height (at least) and doing what they did here—live. We are not OKC, we are NYC—the concrete jungle, not the perpetual victim.

It's been almost 5 years now since that horrible day. Let's show the world our strength, our resilience, **our determination as Americans to preserve our way of life...** and also as New Yorkers, to preserve the historic skyline of the greatest city in the world!

Let's put back the Twin Towers just as they were... only about 100x stronger!

Rebuild the twin towers but with one exception,...add 1 more floor to each tower then they originally had, making the statement to the world that we're back bigger and better then ever.

Polly Guarnieri 9/11 Families & Close Friends 5/18/2006

By the grace of God, my husband, the father of my children, was a survivor...he lost co-workers and friends on 9/11 and still has not recovered emotionally. **Let the people decide this issue.**

Rebuilding the towers would be the ultimate "F YOU!" right in the face of terrorists and countries that wish to bring us harm.

William Clauberg All Other Americans 5/17/2006

Build the towers to let the world know that Americans are proud of our form of government, proud of our legacy, proud of our free enterprise system, **and defiant in our resolve to battle those who would defile it.**

Peter Martucci Metro New Yorkers 5/17/2006

The project should have been turned over to Trump long ago. I feel politicians create obstacles to cause delays and to protect their, lets say, "interests". I don't believe any consideration was given to the victims' families and to metro New Yorkers as to what we want to see happen at Ground Zero. I personally want to see the towers rebuilt bigger than before. Anger over what our government let happen to us as a nation consumes me till this day. **Our elected officials should, for once, listen to what the people have to say.**

After 9/11 Manhattan lost something something more then some people think... Manhattan lost its heart. **The World Trade Towers were more then just buildings they were a symbol, a symbol of AMERICA.** WE have got to bring that back!!! We owe it to AMERICA.

I agree with every word mentioned above. I think that the rebuilding of the two towers is extremely essential to NYC and the whole world, because it is the heart of NY, and without it, it won't live properly and like it used too. **I am a great fan of NY and America. PLEASE Bring back NY's real FREEDOM the TWINS.**

The picture on your home page says it all: without the Twin Towers standing there will always be something missing. I worked on Vesey Street (across the street from the World Trade Center), witnessed the horrible devastation when I returned to work.

It's about time we move forward and stop the bureaucratic BS!

Thank you.

Twice imbecile muslim terrorists attacked the WTC, never understanding that it was ONLY a universally architecturally despised SELF NAMED COMMERCIAL building where 50 thousand New Yorkers—from around the world— worked, shopped, dined and contributed to the economy. IT WAS NEVER A “National”, “World”, or Official/Government SYMBOL; merely a workplace, site of commerce, productivity, communication, prosperity, cooperation, tolerance—American capitalism at work. And what it MUST BE AGAIN. — Stephanie Shaffer {Writer’s Guild of America, E., formerly network news ; Bdcst Exec}

Rebuild the Towers! Bigger and better than before. Anything less is a victory for these cowardly vermin. It is often said that everything changed on that dastardly day. **That will be true only if we let it happen.** I, for one, refuse to give an inch. The United States is the greatest country ever to exist and its people the finest. God Bless America!

 **Valentin Iliescu** Citizens of Other Nations 5/17/2006

The Twin Towers represent NY as well as the Statue of Liberty or the Empire State Building but now they are gone and NY is not as is use to be without them! Rebuilding another tower with less floors like **the Freedom Tower is a sign of weakness and Osama will get exactly what he wanted on 9/11.** If we rebuild we will show them that AMERICA will stand tall again!!! Side by side... Twin by Twin... North by South...

I have always loved the Twin Towers. I never got to visit them as I live in Utah. To me, New York is not New York without them. I want to see them rebuilt as they were, not the freedom tower! I want my chance to see them in person. It would also be nice to have a memorial on site. 9/11 breaks my heart. I wish we could just rewind, knowing what we know now. God bless the USA!

Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.
