I have watched the New York governor ruin a perfectly good design by Daniel Libeskind. Now the tower is seen by world citizens and Americans as the "Fear Tower" with its block-like bottom, what a disgrace. And the first six designs were pitiful. I am a citizen of greater Los Angeles and I say REBUILD. It is pathetic that there is so little done after 8 years. It's time for the taxpayers to get what they want, towers that will sell. Scrap that Freedom Tower, it's crap.

Joel Pomeleo * All Other Americans 7/29/2009

NYC just wouldn't feel right if the Freedom Tower is built in the World Trade Center's place...

Darius Heslip All Other Americans 7/27/2009

Please rebuild them but this time with better support. So if this ever happens again there will be time for most People to get OUT. Next put little water fountains on top of the ceilings so if there's a fire it will detect it and hopefully will put out the fire and the bars won't melt and no buildings will fall. I Loved These Towers So Much.

REBUILD REBUILD REBUILD. :)

I saw the whole thing on that morning and from the beginning I've wanted the towers rebuilt, but bigger and stronger. I was appalled by the so-called Freedom Tower's design, and I am disgusted with the ridiculous construction delays at the WTC. I want to see Lower Manhattan the way it used to be.

We should rebuild the twin towers and a third one for good measure!

America must never be defeated or deprived of its constitutional rights of freedom and ingenuity. Building and rebuilding of America is a continuing process showing the envious world our pride and determination.

I allways dreamed of going over to america one day... to go up the twin towers. Now I realize my dreams are not completely abolished.

If the freedom tower is ever created, I will never have anything to do with them.

America, stick up for yourself.

Do you honestly think, that surrendering to those terrorists is the best option.

They took thousands of lives, that were not theirs to take,

Don't let them take America's spirit.

Rebuild!!! Show the terrorists how weak they really are.

Nelson Morales Jr. Metro New Yorkers 7/9/2009

I'm all in for rebuilding the Twin Towers, however, I don't feel that building a New York/American Icon across the Hudson is the right idea. I would love to see the Twin Towers rise up from the ashes of Ground Zero but the PA doesn't, Unless a miracle happens and they dismantle the "Freedom Tower" complex in favor of TTII. There is the idea of filling in parts of the hudson near the WFC to build twin towers II to complement the skyline. I'm all for restoring the Twin Towers, but in New York.

Keith Emond All Other Americans 7/8/2009

Although I've never been to NYC and saw the WTC as it stood, I've come to associate NYC with those magnificent twin towers shining like a beacon over the city skyline. I like the idea of seeing the new concept of twin towers rather than what has been proposed - "The Freedom Tower?" I've seen those concept drawings and I just don't think it's an attractive building or the right way to go with redeveloping that site. So, come on people, let's get twin towers built on that site again already.

The Twin Towers should be rebuilt!!!! Anything less shows our lack of resolve. The families of the people that died that day are much more in support of the Twin Towers than the Freedom Tower. Their voices deserve to be heard and acted upon.

REBUILD THE TWIN TOWERS, BABY!!!!

 **Donna Venet** Metro New Yorkers 7/18/2009

I used to work on 103rd floor. When they finish re-building, let me know where to send my resume to apply for a job to work on the top floor.

 **Don Conrad *** Metro New Yorkers 7/17/2009

Rebuild the original Twin Towers! Mayor Bloomberg, step in and do something! The LMDC obviously is not doing a good enough job!

 **laurel persowich *** Citizens of Other Nations 7/17/2009

Nothing will ever replace the Twin Towers, except the same towers.

 **Elpidio Morejon** All Other Americans 7/17/2009

REBUILD! Only the re-erection of the Twin Towers will bring healing and be a shout of: Yes we can! You could not beat us!

 **Kent Elde *** Citizens of Other Nations 7/16/2009

I have been in love with The World Trade Center since I first saw the architectural models in the early seventies. It inspired my lifelong interest in architecture. I witnessed live the destruction and horror on 9-11 on my television. It was something I did not ever wish to see. I would like to see the towers built back again onto The New York City Skyline with all my heart. But, how is that to be when your country has somehow elected this man Obama as your president?!? His supporters say NO!!!!

TTA Note: Support for new Twin Towers is strongly bipartisan — left, right, and center.

The last time I have seen the Twin Towers was on August 25, 2001. 2 weeks before the attacks. As a Brooklyn-born woman raised in NJ I believe that the Twin Towers weren't just 2 buildings; they were the heart of New York. Any immigrant who comes here to the US to become a citizen, the first he or she will look at aside from Lady Liberty will be the Twin Towers. I HATE the new 1 World Trade Center tower. IT STINKS!!! REBUILD THE TWIN TOWERS AND LET'S REBUILD THE PRIDE OF NEW YORK!!!!

 **James Botsford *** All Other Americans 7/6/2009

Please rebuild "The real World Trade Center." NYC is not the same without it. As for the Freedom Tower and all its other buildings, find a new construction site for them, cuz Manhattan sure ain't the place for them.

 **Laura Geiger** All Other Americans 7/6/2009

This so called "Freedom tower" will be a symbol of defeat, if it gets built the terrorists have won. REBUILD THE TWIN TOWERS!

 **Eric Burbach** All Other Americans 7/5/2009

I said it within days of 9/11 – They should rebuild the towers EXACTLY the way they looked pre 9/11. What better way can we show the resiliency of the American spirit by saying – terrorists can do what they want but we'll put them right back. F— you bin Laden!

I was born in 1994 and I first remember seeing the Twin Towers in a movie in 1997 when I was 3. I remember thinking wow such tall big towers. That's how I knew New York. Ever since then I wanted to live in New York City. The Twin Towers is how a lot of people know NYC. If there were no Twin Towers, I never would've known about NYC until probably the age of 10. The old WTC was so beautiful. I like the design, reminds me of the 90's. The Freedom tower is just ugly. I want the old ones back.

 **Juan Ramirez** All Other Americans 7/1/2009

Rebuild the original version of the towers, they were beautiful, and were the best representation of New York City. No one should ever change this, ever!

 **Brad Sullivan *** All Other Americans 7/1/2009

Why Don't they rebuild the Twin Towers In Las Vegas! At least Vegas Can Get a Building Built in less then 4 years!!! And have construction around the clock 24-7!

 **Ernest Pisano** Metro New Yorkers 7/1/2009

To not rebuild these towers as they were is a national disgrace! They represent all that is mighty and powerful with this great city and reflect the spirit of the USA. Please, enough is enough.....REBUILD THE TWIN TOWERS NOW!

Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.

* Indicates that the signer has not yet activated the validation link, often due to spamblocking software. They are included out of respect for the sincerity of the comments.
