REBUILD THE TWIN TOWERS! Nothing has rewarded the jihadists more than the ongoing sight of a world landmark wiped off the face of the earth.

The world was robbed of the 21st-century Twin Towers most of us always wanted.

New york authorities can build twin towers in other location nearby the current wtc towers to avoid any destruction or complications with newly built Towers in grand zero. Thats the only solution. Please accept my solution to once again new york city can shine in the world of architecture and have the globally reknown skyline with new twin towers and current wtc towers together. Thanks so much and god bless america.

I was born in 2001, I never got to see the Twin Towers :(WE NEED TO REBUILD THEM, WE NEED TO REBUILD THEM!! The original WTC was a very grand symbol for NYC and the United States of America. They were well known across the world! The towers were beautiful and really defined the NYC skyline. If we don't rebuild them, the terrorists win. Let's say your mom died, and then they say she died, but here's a new, different one! IT'S NOT THE SAME. If we build them stronger & safer, it will show the world we will ALWAYS heal from the ashes and come back stronger than ever...WE ARE AMERICA. Imagine if they are rebuilt it would have a TREMENDOUS amount of tourism! My life will be complete when they are rebuilt, I WANT TO SEE THESE BUI

I was born after the 9/11 attacks, and I didn't know what had happened until I was around 5-6. I remember for the first time watching the Disney film Oliver and Company. It started with a great establishing shot of New York. That was the first time I'd ever seen them before, all I had known about NY was the Empire State Building. I thought they were coolest things in the world, idk why. So later on I caught a movie or an episode of a TV show on cable, idk what it was but it featured the Twin Towers. I hadn't seen them in a live action film before and it blew my mind, I fell in love with them. Anyway, later I told my mother about how I wanted to go to NY and see them, which is when I learned about 9/11. I wanted to see them all my life.

The only true way would be to build similar Twin Towers. As always, prayers to the victims and families!

Ever since I was a little kid I dreamed of seeing the great towers but unfortunately I never got the chance. But when I saw this project I knew It had to be done and I fully support and hope that this project will be successful in the future!

The twin towers were a symbol of our great nation. They need to be brought back to life.

Henry Nguyen * All Other Americans 12/19/2016
I never got to see the Twin Towers in person, though I hope that will change soon. The Freedom Tower is fine, but it should be in another city, heck, even another borough. If what it takes to rebuild the Twin Towers is razing the new World Trade Center, then I'm down with that.

Paul Hupperdine * 9/11 Families & Close Friends 12/12/2016

We need the Twin Towers. The new tower, One World Trade Center, just does not do it justice. I can't even express the amount of sadness I have that those buildings aren't there anymore, and what's in their place is an eyesore, a modern contemporary-design skyscraper that completely ignores what made the Twin Towers unique. Nothing like them has ever existed, they were a tribute to the time period in which they were built, and a symbol of America. New York, and America itself needs the Twin Towers back.

John Cooper Citizens of Other Nations 11/29/2016

It wouldn't of been the Freedom Tower. It would of been the Freedom TowerS. Because we want BOTH of those towers back the way they were except we're gonna build them stronger! We want them resisting! We're just being held back.. Who is holding us back? Politicians. Special Interest Groups. Political Correctness. Get 'em the hell outta your way. I'm British, and I say. Let's give the Americans a chance to build it back!

New York without the Twin Towers it's like Rome without the Colosseum, you have to fix that vacuum.

 **Filipp Kurkov *** Architects and Builders 11/9/2017

With all due respect to the new complex of the World Trade Center, in the composition of its buildings there is not such a significant sharpness of the silhouette as it was in the original solution. Powerful character, individuality ... this is of course either twins, or a stronger solution than the current one.

 **Andrews Piloto** All Other Americans 11/7/2017

Our beloved twin towers were the most iconic of New York City. By leaving them in the past, you are knowingly allowing our enemies to claim victory. Ridding this planet Osama's disgusting presence wasn't enough. We want our Twin Towers back! Nothing, especially not the new, inferior to the original, "One World Trade Center" will ever be capable of replacing our glorious towers. Time will never heal those wounds. Sixteen years is far too long of a wait! Only the rebirth of our beloved towers will heal those soars. Hear our demands, and do as we the people desire! Give us back our towers and reintroduce the people of New York City with the greatest sense of pride, honor, and dignity that only their beloved twin towers were capable of giving.

I never got to go inside the twin towers and will if they get rebuilt just have to knock down that dumb one world trade center

 **Owen De la Cruz *** Lwr. Manhattan Residents & Workers 9/12/2017

The twin towers were iconic buildings. I want to see Two World Trade Center built to twin One World Trade Center. Bring the twin towers back to Manhattan.

 **Kyle Spadaro *** NYC's Bravest & Families 9/11/2017

My dad helped with the recovery operations at the WTC for months. Of the 343 firefighters killed on 9/11, my dad knew about 50 of them. Make the skyline whole again! Rebuild the towers!

 **Irvin Ferguson *** All Other Americans 7/2/2017

I feel we should have replaced both towers and NOT put up a TV broadcasting antenna that resembles a Muslim minaret on a single ugly tower. Sincerely, Irv

 **Ruilin Peng** Citizens of Other Nations 6/5/2017

In my opinion, twin towers are essential parts of New York consist memories unreplacable by the freedom tower. Without them, New York is not New York. By the way, I really think the new world trade center is ugly.

 **Guillaume Laporte** Citizens of Other Nations 6/2/2017

Some immigrants came in New York based on nothing but a postcard they had seen a photo with that distinctive Manhattan skyline. To me, a French citizen, New York always has been the Twin Towers. This distinctive, tough, violent shape, was indeed how America seemed to us. Powerful. Mighty. But also beautiful.

All the movies that featured the Twins have written in my head how NYC should look like. It's now a ghost that haunts even me, a young citizen in France... That's how amazing the Twin Towers were.

I've always wanted to see them, to breathe New York's air from the observation deck, at nearly 400 meters from the ground. But now it's impossible, and not only for New-Yorkers, but also for any citizen in

The Freedom tower is an insult, The WTC pre-911 was architecturally perfect.

 **Mick Russom** Lwr. Manhattan Residents & Workers 11/22/2016

Work in Chelsea. 14th st station. not seeing the twin towers makes me sad every day. disgusting we havent rebuilt them. the freedom tower looks like garbage.

 **Waylon Allsop** All Other Americans 11/6/2016

I'm among the many people who never got to visit the original World Trade Center prior to 9/11. Looking back at video footage of that tragic day is positively heartbreaking, and I'd give anything to see those tall towers return anywhere in the world, let alone to the Manhattan skyline. The new One World Trade Center is nice and all, but it's just not the same.

I'm not a big person in politics, I'm not a big person in government, in fact I'm not even old enough to vote. I just believe that the towers represented America's freedom it represented America. When the terrorists took that away from us they robbed us of our Liberty, they robbed us of what stood for us. If there was a way to bring them back, for my children to see, my grandchildren to see, that would be amazing... Bring back the Twin Towers!

 **Kacper Sadkowski *** All Other Americans 10/15/2016

I personally was born after 9/11, and I never even got to see them, and that breaks my heart. We need to rebuild them taller than One WTC including it's spire. Seeing these buildings again would make alot of people emotional, including me. So let's rebuild these Towers! It's never too late to rebuild them after all...

 **TTA Suporter *** All Other Americans 10/14/2016

That Freedom Tower in New York City doesn't remind me of 9/11 at all. I think the Twin Towers would be a better reminder of that day and would be more respectful to the 9/11 victims and families than the Freedom Tower is or ever will be.

 **Zack Harris *** All Other Americans 10/9/2016

The World Trade Center was a complex that symbolized NYC & symbolized our country and ever since the tragic events of 9/11/01 our voices and opinions haven't been heard and that goes for the victims who survived and the families that lost their loved ones on 9/11. I ask that we as a community and those who own the WTC complex listen to us and rebuild the Twin Towers (the original World Trade Center complex completely) & on a personal note I would love to see the Twin Towers come back because those towers and the complex was such a unique place to be at and it was a unique place that took the hearts of millions of people and like I said it defined the NYC skyline and NYC.

Twin Towers were simple. but very business-style and great. I wish they were rebuilt. If they will it will be perfect. They will be like Rished From Ashes! Never Forget. 15 years pass. We still remember and waiting towers to comeback!

It's time that, like the Phoenix, the Twin Towers arise from the ashes to retake their former glory in New York.

 **Anthony Camacho** All Other Americans 8/26/2016

I have sometimes wondered why the Twin Towers were not rebuilt instead of that pretty but not-good-enough thing they just threw down, and leaving those two giant fountain-holes. After visiting this website, I

the world. The new tower, somehow, has less than the old Twins.

Sorry Freedom Tower, but it's going to be very hard for you to replace such icons.

 **Nicholas Hanley** All Other Americans 4/27/2017

Even though I was only two when it happened, as a freedom-loving patriotic American, I look at what happened on 9/11 as an attack on the United States by those whose goal was to destroy these symbols of our economic prosperity, crush the American spirit, and destroy our way of life. If we go ahead with the current plan and continue to build these new odd buildings over where these symbols once stood, instead of rebuilding the original structures bigger and better and stronger than ever, then the terrorists and those who sought to destroy these symbols will win, and they will have succeeded in accomplishing their primary goal, which is something as Americans we cannot accept or allow. Rebuild the original towers.

 **Daniel Bond** All Other Americans 4/5/2017

I was born in '95 and never got to go see them, I never even knew they existed until I clicked on a 9/11 memorial video at 13 years old and was horrified! I fully expected them to be rebuilt but they were not inset an ugly giant tombstone was erected as a statement piece for the corporations rather than try to recover from what happened!

-Never Forget!

now realize it was worse than I thought. The Twin Towers need to return. They were stolen from us and any red-blooded American or New Yorker should be very angry that they haven't been rebuilt — good on Donald Trump for throwing his weight behind Twin Towers II. As a Millennial, my only memory of the WTC is of the smoking doomed skyscrapers. 9/11 defined the Twins for my generation. That's not right. The WTC is just a tragedy memorial now. As long as that's the case, Al Qaeda's won. RAZE ONE, PUT UP TWO!!

We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.
