REBUILD THE TWIN TOWERS! Nothing has rewarded the jihadists more than the ongoing sight of a world landmark wiped off the face of the earth.

— Dan Taylor / Citizen of Other Nations

The world was robbed of the 21st-century Twin Towers most of us always wanted.

Click above for more comments that rebuke the cynicism that tried to replace the Twin Towers and failed.

Put them back the way they were.
Capture Bin Laden.
Take him to the new towers.
Tell him he failed.

Then toss him off them.

Charlotte Brandin All Other Americans 7/12/2006

What better way to stick it back to the terrorist than to rebuild the WTC exactly the way it was? Nothing would hurt the terrorist more than to experience their own insignificance.

Taylor Clear II All Other Americans 7/12/2006

They weren't a symbol to us Americans before, but they were to others.

Rebuild them and add another floor to both...111 stories.

That's the symbol, and the message, we should send.

Regards;

Through the centuries we have seen monuments, statues, places n' even cities destroyed by wars n' even by nature. What happened to all these things n' places? They were rebuilt. Why NOT rebuild the WTC Towers? Why build something smaller? It's the most important city in the world, the strongest one n' the U.S.A. must show to those sick minds that they haven't won a goddamn thing! Something is missin' in the air when you look at the view of N.Y. n' humanity needs that view again! REBUILD THE TOWERS!

If the towers are not rebuilt it shows weakness.
If multiple phalanx "Anti-anything airborne" Guns are not mounted on the building it shows stupidity.

Donald Roeser All Other Americans 7/10/2006

build two of something, and make them big.

Valeri Wagner All Other Americans 7/10/2006

Rebuild the twin towers as they were but stronger.

Bill Brent All Other Americans 7/10/2006

Anything shorter and less magnificent than the original Twin Towers is a signal to our enemies that they have won an important battle in the war against Islamic fascism and barbarism. I am in favor of rebuilding the Twin Towers (with new designs if necessary) that are at least as tall as before, and in the same location they were in before Sept. 11th, 2001.

Always remember: they were not trying to kill just 3000 Americans, they were trying to kill 30,000-50,000 Americans.

stephen tate All Other Americans 7/10/2006

Penn And Teller said it best. Rebuilding the Twin Towers is the ONLY memorial we need. Business, housing, political, commerce, it would all be there. A more fitting memorial there would never be.

chris osullivan All Other Americans 7/10/2006

The Freedom Tower design looks pathetic. The Twin Towers should be rebuilt to re-establish a powerful and beautiful American Landmark.

Bruce French All Other Americans 7/10/2006

Please!!! Rebulid it the way it was or taller without any PC crap!!!

No other construction will ever be able to replace the original 2 towers within the skyline of NYC or in our hearts.

Rebuild the same 2 towers. Do not settle for less and do not give in to fear and intimidation.

 **Zinaida de la Cruz** All Other Americans 7/11/2006

My vote is also to rebuild what was lost. I always visited the towers whenever I was in New York, even if I didn't attend to everything else I was supposed to complete. I'm fearful of heights, but that didn't stop me from going to the top many, many times. We must replace the New York skyline's signature so future generations can enjoy being in awe as we have been fortunate enough to be. Thank you.

 **Jim O'Neill** Metro New Yorkers 7/11/2006

We need our leaders to be men and women of vision, like Lew Rudin who showed the true spirit of New York: a can-do attitude during the lowest depths of the city's fiscal crisis. It was tragic that Rudin died just days after the 9/11 attacks, and even sadder to know that he died with the knowledge that he would not be there to help his city recover, and that our current "civic leaders" would simply not have what it took to dare, to dream, and to resist the demands of those who hate civilization.

 **Gilbert Baldwin** All Other NY & NJ Residents 7/9/2006

By rebuilding the towers it would **show the enemy that they didn't succeed in destroying our spirit.** We feel that the people who lost their lives there would want the buildings replaced.

 **Richard Loeser *** All Other NY & NJ Residents 7/9/2006

Dear Sir,

Having grown up in New York, I like so many others watched The Twin towers built, enjoyed there existence while they were here with Pride! 9-11-01 was a Terrible Day in Our Hearts because we lost a Family Member. Fortunately it's within our Power to give Them New Life! It's for that reason I Endorce The Rebuilding of The World Trade Center Twin Towers as The Tallest Buildings on Earth! This would show that we haven't forgot our perished Brothers and Sisters!

 **Jerald Fox *** Our Armed Forces & Families 7/9/2006

I agree, let's not let them win. If they knock us down, we get right back up....same thing applies here.

Ever since a kid visiting my grandmother in the US i can remember those outstanding towers standing, what seemed to me to be so tall, reaching up to the sky more than any other structure in Manhattan. If anything should be built on the post-911 site it should be the Twin Towers!

 **Thomas Naylor *** All Other Americans 7/9/2006

Plain and simple, the terrorists win if we do not rebuild.

 **Bob Littlepage** All Other Americans 7/9/2006

Go with the Trump plan. Rebuild the towers, bigger and better than they were before.

Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.
