The world was robbed of the 21st-century Twin Towers most of us always wanted.

Click above for more comments that rebuke the cynicism that tried  
to replace the Twin Towers and failed.

I think this is the only appropriate response to the  
destruction of our skyline by these monsters.

The most resolute gesture we can make is to rebuild  
the beloved Twin Towers exactly as they were...with  
improvements regarding structure and safety  
systems, of course. I say, BUILD THOSE BABIES BACK  
TO THE SKY!!!!

The Fraud-em Tower is not a bad name, but I would  
think of it more as the "Osama Bin Laden Center" or  
"Al Qaeda Plaza" and a monument to terrorism that  
exists but for his "greatness". I have absolutely no  
doubt that it would truly be the world's safest building  
from terrorism because its mere existence would  
serve as an inspiration to terrorists the world over  
that they too can pull off death and destruction and  
have a huge skyscraper built just for them.

The biggest mistake that could be made at the site is  
if the twins are not rebuilt. If the crappy freedom  
tower goes ahead it will be the biggest win for the  
terrorists. If any other landmark in any other city had  
been destroyed it would have been rebuilt, so i cant  
see for the life of me why new yorkers havent shouted  
down the freedom tower pushers. Rebuild the twins in  
all their glory please, it is really the only option.

The absolute best memorial to the fallen heros is the  
rebuilding of the Twin Towers. The Twin Towers are  
the perfect demonstration of steadfastness.  
An over-the-top different design is just a provocation  
for more attacks.

Chicagoan here, If the freedom tower is built, they  
show the terrorists we can be defeated. We should  
rebuild the twin towers a few floors taller, improve the  
design, and put up a memorial for the people who

They should put back what rightfully belongs, not replace them with something that is a hollow mockery and embarrassment.

died at ground zero in the new buildings. Whats taking them so long, the half way effort that is being made is unacceptable, this is the world trade center we're talking about. The NYC skyline will never be the same without them. REBUILD REBUILD!!

The towers must be rebuilt. Update the architecture and make them taller if you want but not one inch smaller in any dimension.

**Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.**

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.

\* Indicates that the signer has not yet activated the validation link, often due to spamblocking software. They are included out of respect for the sincerity of the comments.
