REBUILD THE TWIN TOWERS! Nothing has rewarded the jihadists more than the ongoing sight of a world landmark wiped off the face of the earth.

— Dan Taylor / Citizen of Other Nations

The world was robbed of the 21st-century Twin Towers most of us always wanted.

Click above for more comments that rebuke the cynicism that tried to replace the Twin Towers and failed.

IN MY OPINION, THE TWIN TOWERS SHOULD BE RECONSTRUCTED. THAT WOULD BE ANOTHER WAY TO REMEMBER OUR LOSSES AND HEROES, THEY STOOD UP ONCE AND SHOULD STAND UP FOR EVER.

Franklin Sanchez * All Other Americans 5/8/2008

NYC must rebuild the towers... I have lost too many friends and family members to 9/11, they would want them rebuilt. My family has many memories of the twin towers so we want them rebuilt just the way they were.

Thank you
Amy Horton

If the towers are not rebuilt, it will be another case of our government failing us. Kneeling to the PC crowd, worried about how it will look or who it will offend. Who cares... rebuild and let the world know our strength... history will judge.

Ian McCann All Other Americans 5/6/2008
Rebuild! If They Would Rebuild The Towers, I would work in it.

Sean Holden * All Other Americans 5/5/2008
I'm pretty sure there were two towers, not one...

Jeremy Babcock All Other Americans 5/5/2008
I fully agree that to build anything less than this plan for a reconstruction of the Twin Towers would only create a permanent scar on our country. Seriously... a 200' windowless concrete bunker? How does that scream freedom? Nothing would show the resilience, pride, and freedom of the American people than honoring our will and defying our enemies by restoring what was lost. The memorial is also far superior than that proposed with the Freedom Tower. Rebuild the Twin Towers!

john amico All Other NY & NJ Residents 4/23/2008

they should have been completed already. footprints preserved with new towers at reverse locations next to the original footprints serving as memorials. at least call that freedom thing the world trade center. it's almost like the planners were happy they came down so now they could fix all that was wrong with the old sight, restore streets, improve transit, reduce windy conditions. come on. they never were supposed to come down. we should have put them respectfully back up.

Oscar Delapaz * All Other Americans 4/22/2008
we need to show terrorists that they will not change our skylines. we need to show how much we value our nation by rebuilding.

BRING BACK THE TOWERS

Susan Grohnke * All Other Americans 4/22/2008
Absolutely... I'm from the midwest and love New York City. I really miss those two beautiful towers - New York City looks naked without them.

julio alverio * Metro New Yorkers 4/21/2008
new york needs the towers, for the coming generations who never got to see the city skyline with them, they stood for the greatest city on earth!!!

Petru Negrila * All Other Americans 4/21/2008
I have always wanted to see world trade center since I was a kid, and never had a chance to. I strongly believe that the towers should be built to their exact originally.

i live in southampton and was in florida 2 days before 9/11 . my mum promised me that in 2003 we would see the twin towers while i was in florida . i went to ny in 2003 but cried when i saw ground zero . im going when freedom tower is built but i would much rather go and go inside the new twin towers . plz build dem agen . give them another chance

Phillip Wierciak All Other Americans 4/20/2008
I do agree, I would love to see this re-built. A native of Chicago, I have not been to NYC. But those towers represent strength, the kind that does not come from a monument. Those towers were not just Manhattan. They were the first sign of financial power from the Atlantic heading westward. A beautiful and unique stance for America as a whole. Let's get them back up.

One of the most exiting moments in my visit to NY was overlooking the city from the observation deck. My grand daughter is 10 years old – she can not even imagine what that was like. I would like to see the towers rebuilt – for all the future generations from all over the globe to have that experience. When I watch movies filmed prior to the fall of the towers, it's like watching movies of a family member that passed on. The skyline has a big hole in its heart without the towers. PLEASE rebuild them.

 **Bruno Zaccoli** Metro New Yorkers 5/4/2008

Show some balls and rebuild the Towers. BOTH OF THEM. Only taller!

 **Helen-Marie Willetts** Citizens of Other Nations 5/4/2008

I never had the opportunity to see the Twin Towers and I've never visited New York city but even I feel sad when I see the New York skyline without those majestic buildings reaching for the sky. I really do not think the Freedom Tower is the best way to remember all those who lost their lives that day. Rebuild the towers and make new york city, new york city again! The perfect symbol of freedom and the perfect memorial for 9/11.

 **Ron Ganis** All Other Americans 5/1/2008

Build it better. Build it the same. Don't change the skyline!

I didn't have the opportunity to visit the fallen twin towers, but I know how they were significant to all the people not just in New York City, I mean USA-wide . They were an icon and they will be in the hearts of all those Americans that survived the attack. Re-building them will be a better memorial than a big park with a monument around a big hole, dear fellow Americans, don't let the government decide for you, you are able to decide the destiny of that historic place by yourselves!!

I've never been to New York City but one of the sites at the top of my list of places to see was always the World Trade Center. The Freedom Tower and the other buildings that are supposed to replace the buildings lost to terrorism just don't compare. Rebuilding with re-engineered Twin Towers is the most fitting memorial to all of the citizens of the world who were lost. Only then would the skyline say "THIS IS NEW YORK CITY.". Watching any movie made between 1975 and 2001 will tell you that.

 **Michael Lopez *** All Other Americans 4/24/2008

I think that rebuilding the two skyscrapers would be a great idea and it would be sure to make those terrorists' jaws drop to see that the buildings they helped destroyed have came back! Maybe they should look at Donald Trump's design.

 **linda ortiz** 9/11 Families & Close Friends 4/24/2008

I feel that they should be rebuilt and look the same as before, the country remembers them as they were and would like them back better and stronger looking the same.

 **Lisa Alatorre** All Other Americans 4/23/2008

I think it's a great idea to rebuild the Twin Towers.It might give more peace to the victims families and show how strong America really is.GOD BLESS THE USA... My heart breaks for the families... Just get it done...

 **Keifer Bellajaro** WTC Tenants Who Would Return 4/17/2008

the twin towers should be rebuilt.
are we putting up a fight or are we just showing osama binladin that we are giving up.
build the twin towers 5 more stories higher and stronger for anymore attacks.
people want to see them back.

 **Ethan Werrlein** All Other Americans 4/16/2008

The Twin Towers ARE a part of America's history, achievements and iconic standing worldwide. I want my children to grow up knowing terrorism is indeed a real thing in the world today, but not to fear it. To be courageous enough to stand up for what is right and to know America is strong and will not falter.

 **C.J. Benoit *** All Other Americans 4/16/2008

Rebuild so we can finally accept our victory!

 **Carlos Pulido** All Other NY & NJ Residents 4/14/2008

Building anything that is not similar to the original WTC is shamefull, misses the mark, and almost equates to being Anti-American in my book. Let those architects design new projects elsewhere, but not here. Would they have totally changed the Statue of Liberty also? The WTC should have been declared a national monument on that horrific day, and all of these non sense feeble designs would have been avoided. HELLO GOVERNMENT, CITY OFFICIALS AND ALL OTHERS INVOLVED : Put the WTC back up and lets move on!

 **kevin rappold *** All Other Americans 4/13/2008

just do it

 **Garrett Moon** Architects and Builders 4/13/2008

As an engineer and a former Marine I understand both the form and the substance of what the twin towers embodied; I also understand what our enemies were truly trying to destroy on 9-11. We owe those who were lost on 9-11, and we owe it to the cavemen who tried to destroy us, to rebuild the twin towers taller, stronger, bolder and more magnificent and defiant than ever.

 **Brian Snodgrass** All Other Americans 4/11/2008

Taller and stronger. The "freedom tower" is nothing less than a 1776 foot tall permanent monument-of-defeat our enemies will rally behind. I can't stand to look at it.

 **Brian Melies** Business Supporters 4/10/2008

The monument was destroyed by those who feared it. What better answer than to put it back?

 **Tim Patterson** All Other Americans 4/10/2008

Greetings from IRAN...I'm so sorry and I hope us to see the towers once again together..Those two towers are not just buildings..They are also the symbol of people who hate terrorism and everyone who brake the PEACE...so let us rebuild our world together!!

 **Jonathan Jasper *** All Other Americans 4/3/2008

rebuild the twin towers!! we want the old new york not the future new york. its not even funny

 **Per Arheim** Citizens of Other Nations 4/2/2008

9/11 was a horrible crime, and restoring at least the architecture of what that event took away is an imperative. Giving Lower Manhattan any other shape than the pre-9/11 one, means NY will remain a metropolis shaped by mass-murderers. Mixing the word "freedom" into it all doesn't help. It's intolerable.

A worthy memorial is also of vital importance, for those who lost dear ones and for the people still suffering from these memories all over the USA and the rest of the world.

Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.

* Indicates that the signer has not yet activated the validation link, often due to spamblocking software. They are included out of respect for the sincerity of the comments.
