REBUILD THE TWIN TOWERS! Nothing has rewarded the jihadists more than the ongoing sight of a world landmark wiped off the face of the earth.

The world was robbed of the 21st-century Twin Towers most of us always wanted.

Rebuilding the twin towres is a great idea because it shows the strength of america. It shows that when we get knocked down we can get right back up.

Marcus Eriksson Citizens of Other Nations 3/21/2010
Any other building than the two towers of the WTC will be a shame. Rebuild now!

Luis Cordoba All Other Americans 3/20/2010
I can't believe this is even an issue. It should have been right from the start to re-build both towers bigger, safer, and as quickly as possible. I'm a New Yorker living in Fl now and it's a sad to see the stumblin' and bumblin' that is going on. Build it right or don't bother.

Zachary Teague-Bundy All Other NY & NJ Residents 3/19/2010
Rebuild the symbol of the American people. The twin towers represented truth, courage and the spirit of America. Build them to represent America again.

Listen to the voice of the people.
Rebuilding the twin towers will help heal the wounds of 9/11.

It's our country. 9/11 broke our hearts. If we rebuild, we will have a strong economy, our spirit and THE TWIN TOWERS.

For those of us who have seen the movie Click, seeing two freedom towers built side by side made me feel pure inside. It felt right, and looked like a good memorial and triumph over 9/11. A true mark of victory is to add another mark of victory. Show the terrorist that they didn't bring us down, but made us stronger.

I just finished reading the Wikipedia article about what building has been chosen for the main WTC building. I said to myself, "WHAT!?" It just isn't right to not rebuild the Twin Towers. I remember seeing the Towers from my window all the way in Woodbridge, NJ (about 2 driving hours from NYC) and think, "wow I'm so close to NYC, cool!" It was my beacon, telling me where I was, almost like a compass. It would be a shame to never see that beacon again.

New York City should look forward, but must not allow any outside change to be unnaturally imposed on the spirit of this greatest city of the world.

We need the towers back! its finally starting to hit home that they are gone, the originals. i miss gazing up in wonder at them or riding the elavators. they have to come back, its not the same without them. they symbolized the democratic free world.

Alex Bazhutin Citizens of Other Nations 3/10/2010
We must rebuild the Twin Towers! New York without the Twin Towers, it seems empty. This skyscrapers, were the greatest in the world. Freedom Tower – a terrible project.
Rebuild the Twin Towers!

Javier Pastor Citizens of Other Nations 3/9/2010
I was 16 when the twin towers went down and I will never forget that day because the eleventh of september is also my birthday. IÂ'd like the twin towers would be rebuilt and I think this is the best way to get over from the terrorist attack. From Spain!

Will Evans Citizens of Other Nations 3/9/2010
It's got to be the Twin Towers. When I visit New York I really miss them not being there.

Eric Johnson All Other Americans 3/9/2010
Ever since I was a little boy, I've always wanted to visit New York because of the World Trade Center that

The enemy can only win if we lose our defiance against injustice.

 **Amy Gerrard *** Citizens of Other Nations 3/17/2010

Horrible people who did this. Shouldn't let them (in a way) win, rebuild them and show that we are stronger!

 **Mat Lane** Citizens of Other Nations 3/17/2010

The NYC skyline is just not the same anymore..

It's a puzzle with 2 pieces yet to be found, them pieces are the Twin Towers.

Lets get them back up there, doing America proud and showing the world that no matter what, we fight back and become bigger and better than ever

Build them stronger and more robust than ever

I remember the towers when they were being built and when they were completed. They were something to behold! How many of you search for them in movies shot in New York before 9/11? What is planned to be put in their place is an insult! Rebuild the Towers!

 **John David** Citizens of Other Nations 3/15/2010

When you were young, made buildings with Lego or Sandcastles at the beach. Lets take sandcastles, you build two. Then somebody comes along and intentionally knocks them both down. Would you rebuild both or just one? Personally, I would rebuild both! One is like admitting defeat. But two, standing taller, signify power and pride. To summerize the above: Rebuild the Twin Towers!

 **Jordan Holt** Citizens of Other Nations 3/15/2010

Freedom Tower, along with the rest of the new WTC Complex is completely meaningless, bearing no memory to those who lost their lives on 9/11/01. I cannot emphasize this next point enough... Stop building that monstrosity that is 'Freedom Tower' and bring back the icons of the American Economy - The Twin Towers! A poll conducted by MSNBC found that 92% of Americans would want to see the Twin Towers rise from the ground again. 8% want to destroy New York. Pretty conclusive I would say.

 **Sammy Roberts *** All Other Americans 3/14/2010

 **carlo bernardo** Citizens of Other Nations 3/13/2010

First of all, I'm a citizen of other nation. Anyhow, I just want to support in rebuilding the TWIN towers in the WTC site- better, stronger, & taller! in this way we can remember the memories of the wounded hearts of the thousands of people killed/victims on that terrible day, also this is a bolder message to send terrorists that New York or the USA will NOT be defeated. "We can make things possible if we truly believe we can." Restore the New York skyline to it's previous beauty.

once stood at the southern end of downtown Manhattan. Replacing that ground with the Freedom Tower is not only immoral but weak to our nation. We cannot allow the middle east their victory over us. Bring our towers back!

 **Carl Flusche** All Other Americans 3/9/2010

What better statement to those that support and perpetuate hatred against our country and way of life than to rebuild what was lost, and to do it more grand, bigger, and more beautiful than before.

 **Thomas Taylor** All Other Americans 3/8/2010

I and EVERYONE I know want the Twin Towers back, not the monstrosity that's currently under construction. By rebuilding the new towers in the originals' image it would be a symbol of America's resolve and defiance to those who brought them down and to those who would plan another attack like this...

 **Andrew Padula** All Other NY & NJ Residents 3/7/2010

This could possibly be the most patriotic thing for anyone who is an American during this time in history. To rebuild what our enemies think they have taken from us. No other buildings will look the way the Twin Towers did on the Manhattan skyline. The American people can once again have a majestic and beautiful site to see, and the deepest sense of patriotism while gazing upon the Twin Towers II.

 **David Velez** Citizens of Other Nations 3/7/2010

New York will never be the same without the Twin Towers. I was 12 yrs old when they went down. I always wanted to visit and stand in top of them but I never got the chance. It should be Rebuilt Better and Stronger so my dream to stand on them can become real. REBUILD THE TWIN TOWERS!!! so New York will be New York again!!! NO Freedom Tower!!! it would be a disgrace if it is built!

 **Jacob Descheneaux** All Other Americans 3/7/2010

Since the debate began on what to do with the WTC site, I have never been satisfied with the current proposal of the Freedom Tower. Why would we not rebuild the twin towers? Give NYC its skyline back. Give America its towering symbols of freedom. God Bless America!

 **Roberto Karlsson** Citizens of Other Nations 3/6/2010

I add my name to the list. Cause i knew NY before the tragic events on 9/11. And i would love to see those towers in the sky again. Oboy, what a sight it was!

 **Anthony Morquecho *** All Other Americans 3/6/2010

I'm a born and raised Texan and I've always admired the architecture of many of our cities including Manhattan, Chicago, Houston and my own backyard of Dallas.

Before the towers were destroyed I always took pride in the fact that they were so unique and they were ours. The day they fell was surreal cause it really felt like somebody had stolen a piece of America from us. I've always supported the idea of rebuilding the steel twins the way they were, if not taller. Please Rebuild them.

 **Darius Hankins** All Other Americans 3/5/2010

It has been over 8 years since that tragic day and we still don't have anything done besides tower 7. I am all in for the rebuilding of the Twin Towers! Long Live Twin Towers II

 **Scott Helphrey** All Other Americans 3/5/2010

Just rebuild the damn towers already, bigger and better. That ought to be the best tribute and show of strength!

 **Stelios Makrinos** 9/11 Survivors & Families 3/5/2010

Only rebuilding a set of twin towers can properly do justice to all of the people affected in any way by the events on the 11th of September and the weeks, months, and years that have followed.

 **Richard Hoffmann** Metro New Yorkers 3/3/2010

 **jeremy kraft** All Other Americans 3/3/2010

This is by far the best design and best tribute/memorial that could be built. These towers were taken away from us and we need to rebuild them in their likeness. No tribute could be greater.

 **Gregory Wagner *** All Other Americans 3/2/2010

Its been nearly ten years since that tragic day. I was just twelve at the time and as watched every year go by the more i thought that there would be nothing built at the site. And after years viewing awful looking planed designs i saw this one it was one that i loved the most. And i always had a feeling that this one would be the winner regardless of what others said. Lets all come together like we did on that day and rebuild what was taken from all of us that day, ONE FLOOR AT A TIME.

 **Jean-Philippe Maheux *** Citizens of Other Nations 3/2/2010

I sincerely hope that your plan to rebuilt the twin towers will prevail instead of the lacklustre Freedom tower. Plus, the memorial you're suggesting is even more significative than the one that is planned. The twin towers provided lower Manhattan with a strong skyline which was llegendary prior to the attacks. I was only 17 years old when the attacks occurred but the old WTC is still a strong part of my imaginary. I can't imagine New York City without them.

GET THEM BACK PLEASE!

 **Matthew Mastrogiovanni** All Other NY & NJ Residents 3/2/2010

Why isn't this done yet? NYC just doesn't look or feel right without the towers. I don't want any "Freedom Towers" or any such nonsense either, just rebuild the towers exactly the way they were, straight from the original blueprints.

 **Rosanna Martinez *** All Other NY & NJ Residents 3/2/2010

I'm currently living in Jersey City and every time I look beyond the Hudson River it just looks like something is missing. The Twin Towers always struck my eyes as a child. They would be the first thing I'd notice about NYC before the Empire State Building. I grew up in Essex county and even from the right elevation I was able to see the WTC. I truly miss those buildings. New York hasn't been the same without them. I remember 9/11 perfectly and I really wish that day never happened.

We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.
