The Twin Towers II need to be built and not the 1 WTC (freedom tower). It is not New York City without the Twin Towers. Please rebuild the Twin Towers II and bring back the stunning New York City skyline.

Filipe Antunes Citizens of Other Nations 9/22/2010

I want the Twins back cuz they were an icon in the NY Skyline, Freedom tower it's nice, but it doesn't have story, it won't make feel like what is New York, and to show to those f*cking terrorist than they lost, nothing better than rebuild them again. I believe every new yorker and even every american wants the twins back, 7 billions wasted and almost 0 progress. They should have respect towards who died inside, and the family members of those people. We can't forget what happened that day, b

NEW YORKS SKYLINE IS NOT THE SAME WITHOUT THEM

May the Twin Towers rise up once again. I will never forget my first year in America and visit to New York. I started my walk in the morning, at Columbus Circle. Destination: those two legendary buildings all the way on the other side of town. Well, I made it there, went up to the observation deck, and then managed to squeeze in the last ferry to the Statue of Liberty. I will never forget.

The twin towers stood for our nation's power and confidence. Their beauty instantly became instilled in the majority of American's hearts. We must restore them, we must restore our American confidence, we must look the terrorists in the eye and tell them "we WILL not give up, nor surrender!" Rebuilding the twin towers is a crucial first step. Please hear our voices, and give us American citizens, not only what we truly desire, but what we rightfully deserve.

Geoffrey Mendelssohn Citizens of Other Nations 9/19/2010

I once had the chance to go up the original towers but never did. Rebuilding them would give me that chance again and this time I'll take it.

Cameron Jones * All Other Americans 9/18/2010

I think the twin towers should be rebuilt in the respect and memory of 9/11.

barry colohan Citizens of Other Nations 9/13/2010

i think the best thing to do is say no to the freedom tower and say yes to rebuild the twin tower and make the twin tower stronger and bigger and better stand up and speak out

Olivier Djidjelli Citizens of Other Nations 9/13/2010

France always loved the Americans; and what happened to NY and to its people affected us as much as if it had happened in Paris and to our Eiffel Tower! But there couldn't be another shape for the Eiffel tower or it wouldn't be the Eiffel tower anymore! Americans should stand up all together for the rebuilt of the exact same skyline which made the identity of NY, maybe with improved materials, but with the exact same shape! These towers are part of your patrimony and should be rebuilt as such.

Jeremy Hammonds All Other Americans 9/12/2010

The terrorists thought the destruction of the twin towers would crush America & that we would never rebuild them. We're proving them right! We're showing our weakness as a nation by not rebuilding the twin towers taller, stronger & safer than ever. America was not asked what we wanted. If we were, almost everyone would've voted to rebuild the TWIN TOWERS! Honor those who lost their lives on 9/11! If I'd died on 9/11, I'd be rolling over in my grave at the sight of the freedom tower!

Anthony Guida All Other NY & NJ Residents 9/12/2010

Restore our skyline to the way it should look, with the twin towers there!

Many times in my life, I have been knocked down, yet always got up and stood taller then before. Not building the World Trade Centers back, Bigger, Stronger and Taller in my eyes is a show of defeat. I am sure that there is room for a freedom tower that can accent the New Towers. This is America, We do not Bow to other leaders, We do not surrender, and We have never been defeated in the history of this Nation. The Towers must be rebuilt. If not, then we have suffered our 1st defeat.

Christopher Pratt All Other Americans 9/12/2010

While I support the building of Freedom Tower, I think rebuilding the Twin Towers would be a giant middle

everyone that this is a positive project and it would symbolise the fact that terrorism is ineffective and that it is NOT the way forward.

Richard Jones Citizens of Other Nations 9/14/2010
Rebuild the twin towers if you don't then the terrorist have won they knocked them down if we don't rebuild then they won let's do the right thing for all free person in this world scrap the freedom tower (wtc1) and build the twin towers it's what we want it's what the new york sky line needs urgent!!!!!!!

Michael Maserati All Other Americans 9/11/2010
I honestly think anything less would be a disgrace. New York is the greatest city in the world and the Twin Towers were part of that. Why anyone would not want them back is beyond me. We want them. We need them.

Francis C Corvino Jr All Other Americans 9/11/2010
Do the right thing and rebuild the towers.

Jhandy Echavarria Metro New Yorkers 9/11/2010
hey! that would be a fantastic idea to get the twin towers!!!

Brion Furnell Citizens of Other Nations 9/11/2010
I have always thought two totally revamped and updated interiors, but with the exteriors looking exactly like the original North and South Towers of the WTC was the best tribute and strongest response to the events of 9/11/01. Nothing would please me more.

Amen... I've been saying this since a week after they fell. Just like Trump says: Exactly as they were, and even a little taller.

Kelly Duval * All Other Americans 9/11/2010

It has been my consistent belief for the past 9 years that the towers should be rebuilt, better and with the utmost respect and commemoration to 9/11.

I regret my not coming to New York City prior to 9/11 and am immeasurably glad that someone has at least taken up the gauntlet to make New York City what it once was.

By building the freedom tower complex and placing beams of light next to it, you're in essence saying, "Look what we have now. But it's nothing as compared to what we had.

Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.

* Indicates that the signer has not yet activated the validation link, often due to spamblocking software. They are included out of respect for the sincerity of the comments.
