REBUILD THE TWIN TOWERS! Nothing has rewarded the jihadists more than the ongoing sight of a world landmark wiped off the face of the earth.

— Dan Taylor / Citizen of Other Nations

The world was robbed of the 21st-century Twin Towers most of us always wanted.

Click above for more comments that rebuke the cynicism that tried to replace the Twin Towers and failed.

It sickens me to see politicians put their political agenda before America, and to settle for surrender to our enemies. We MUST RE-BUILD the Twin Towers, and show the world that America will not surrender! We must make America happen again! Anything less, such as the 'Freedom Tower', should be named Alqueda Plaza, wit a big fat white flag on top of it, showi9ng our pathetic lack of pride and belief in all that has made America the hope and inspiration to the world.

Replacing the two tallest, largest, and greatest towers in New York with four or five smaller buildings and a giant antenna is unthinkable.

To paraphrase what Kevin Kline said in *A Fish Called Wanda*, "Wake up! Wake up, NY developers and politicians!"

The Freedom Tower only restores the skyline halfway. Two soaring Twin Towers would honor those we lost by celebrating their lives and standing as a proud symbol of our resilience and defiance against those who wish to destroy us.

The Surrender Tower or Insanity Tower is substantially an empty shell of modern, ugly design. It's no replacement for the magnificent Twin Towers. By not rebuilding them, we tell the world that we are too afraid to rebuild New York City.

I get cheers from the fellas at my local firehouse when they see me in my "REBUILD" shirt. Isn't it strange that when they had that architectural "beauty contest" at the Wintergarden back in 2002 putting back what was there was not even a choice? I wanted to scream!

WE MUST REBUILD THE TWIN TOWERS. WHEN AMERICA WAS ATTACKED AT PEARL HARBOR SOME OF OUR FINEST BATTLESHIPS WERE SUNK OR DESTROYED. OUR ENEMIES THOUGHT THE AMERICAN PEOPLE WOULD LOSE THE WILL TO FIGHT AND OUR ENEMIES WOULD CONTROL THE WORLD. BUT WE DID NOT. WE RAISED THOSE SUNKEN BATTLESHIPS, REFITTED THEM, REMANED THEM, SENT THEM BACK OUT TO SEA TO DEFEAT JAPAN AND THEN JAPAN KNEW THE WILL OF THE AMERICAN PEOPLE. THAT IS WHY WE MUST REBUILD. WE MUST BECOME THE NATION WE ONCE WAS AND NOT BE AFRAID

The Israelis are old hands at this, and to them it's not even a question. No debate, no palaver, no design contests. As soon as the bodies are removed (painstakingly, bit by bit, as Jewish law dictates), construction crews are on the scene and they put back what was there. That tells the Arabs that they cannot win.

I was in Manhattan on that horrible day and I have been advocating for rebuilding for 20 years. Better late than never.

 **Richard Hughes** Metro New Yorkers 3/5/2006

Once those Towers were destroyed it stopped being a local matter. The future of the site is something that people from across the nation and the world care about deeply. Why should two New York politicians be standing in the way of what most people want to see rebuilt?

**Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.**

**Important Mention:** Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

**TTA Note:** Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

**Regarding anonymous signatures:** Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.

\* Indicates that the signer has not yet activated the validation link, often due to spamblocking software. They are included out of respect for the sincerity of the comments.

*This website is not as scalable as newer sites are and is best viewed on full-size monitors.*
