REBUILD THE TWIN TOWERS! Nothing has rewarded the jihadists more than the ongoing sight of a world landmark wiped off the face of the earth.

— Dan Taylor / Citizen of Other Nations

The world was robbed of the 21st-century Twin Towers most of us always wanted.

Click above for more comments that rebuke the cynicism that tried to replace the Twin Towers and failed.

I have thought from the beginning that this needed to be done. The only way to show the enemy that we cannot be intimidated is to replace – and quickly – what they tried to steal from us. The proverbial thumbing of the nose, if you will. And to rebuild the towers will be THE memorial to those lost.

**Matthew Mazur** All Other Americans 7/17/2006

Never forget what happend that day. Never.

**Terry Woods** Citizens of Other Nations 7/17/2006

**They absolutely should rebuild them as they were. And when it comes to standing together, as a Canadian, "Ich bin an Amerikaner"**

**Dan Taylor** Citizens of Other Nations 7/17/2006

REBUILD THE TWIN TOWERS!

**It is a moral defeat to shrink in the face of terrorist threats. Nothing has rewarded the jihadists more than the ongoing sight of a world landmark wiped off the face of the earth.**

The spineless fools of New York are willingly complicit to the tragedy, led by The Al Qaeda Times and Pinch Slutburger.

REBUILD DAMN IT!

**Pete Skillman** All Other Americans 7/17/2006

**Robert Plumpe \*** All Other Americans 7/17/2006

It is disgraceful that nothing has been built on the WTC site yet. No towers, no memorial. We need to rebuild the towers to show our strength and resolve as a country.

**D. Jeremy Harrington** All Other Americans 7/17/2006

Every American seeing a current picture of the NYC skyline does so with some sense of loss, and that we have been changed for the worse. Imagine the pride we, our successors, and our friends in the international community would feel, looking at the rebuilt towers and KNOWING that America has chosen not to be defeated or disheartened by terror, and that we will continue to build and grow despite their evil actions.

**Two characters from the show Babylon 5 said it best...**

**Delenn: By the way, there is something I've been wondering. Why Babylon 5? If the prior four stations were lost or destroyed, why build**

**Will S** All Other Americans 7/15/2006

I still think it isn't too late to bring back the twins, in original and stronger form. Bring back the WTC twin towers AS THEY WERE.

More than 7 years later, nothing has been erected. What a national embarassment and shame.

**Kerri Lopa** All Other Americans 7/15/2006

I only visited the Twin Towers once, and would like to again someday. Please return this staple of America.

**Mark Lopa** All Other Americans 7/15/2006

**The Twin Towers were a symbol of American strength. If they are not rebuilt, that will be a sign of American weakness** and that we will allow terrorists to push us around. A New York City skyline without the Twin Towers shows the world we're not strong. I and many others want those beautiful buildings back. Do it for America. Do it for those who lost their lives.

**ABSOLUTELY!!**

**STEPHEN HINSON \*** All Other Americans 7/14/2006

VICTORY is what we have when the twin towers are built 50 floors higher. DO IT.

**Sinclair: Plain, old human stubbornness, I guess. When something we value is destroyed, we rebuild it. If it's destroyed again, we rebuild it again. And again, and again, and again – until it stays. That, as our poet Tennyson once said, is the goal: "To strive, to seek, to find, and not to yield."**

Rebuild as they were, but stronger and higher.

**George Chevere** All Other Americans 7/17/2006  
I think the towers should be rebuild with some improvements like new fire retardants materials.

I feel that we MUST re-build the Twin Towers as ANYTHING else we build is a sign of retreat! We MUST send a clear message to the Islamofascists that we are not only throwing defiance in their filthy faces, but that if they do NOT stop their campaign against the civilised world,  
WE WILL KILL THEM ALL!!!

**Gavin Keating** Lwr. Manhattan Residents & Workers 7/15/2006

I only wish that Pataki and Co. would open their minds to this idea. I just don't feel the Freedom Tower will thrive economically, reinstate the NYC skyline, and send a message to the rest of the world.

I want our buildings back just the way they looked and complemented the NY skyline. We must build them to withstand better though. This freedom tower idea is too ideological. The modern angles of the freedom tower seem to geometric with weird angles. The twin towers re-built would have much greater symbolism than the freedom tower. I am also signing this petition on behalf of several other citizens that have expressed the same desire.

**Kenneth Duke Masters** All Other Americans 7/13/2006

Rebuilding the towers and making them a bit taller has been an idea of mine almost since 9/11. How about a giant American flag between them or on top?

**Adam Ciulini** Citizens of Other Nations 7/12/2006  
America should rebuild the Twin Towers to **show terrorists and terrorist sympathizers around the world that their despicable deeds are futile.** Such an awesome response would clearly show that America and its countless friends will prevail against these sick creatures masquerading as human beings.

**John Cotter** All Other NY & NJ Residents 7/12/2006  
Yes, this is what I thought from the beginning. Just build them the same way. The only thing I would add (not seriously) is a hand on top of each tower giving the finger facing East.

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear
