REBUILD THE TWIN TOWERS! Nothing has rewarded the jihadists more than the ongoing sight of a world landmark wiped off the face of the earth.

— Dan Taylor / Citizen of Other Nations

The world was robbed of the 21st-century Twin Towers most of us always wanted.

I come from Glasgow, Scotland and have always loved NYC. I visit the city regularly and love it dearly.

The iconic image of the towers stays with me since early childhood; there's something missing everytime I visit or see images of downtown Manhattan.

Rebuild and show defiance against terrorism.

christopher ramsey * All Other Americans 9/10/2009
Put them back. Even though we cannot replace the losses and families we can provide a beautiful memorial dedicated to those who died and some closure to victims who still know what it was like to be there or to know that their family members died on the site.

Margaret Dahlin Our Armed Forces & Families 9/10/2009
This shouldn't even be a question. Those towers were such a part of the city. I've seen the architectural proposals and heard some very impressive interviews with people who were victims of the devastation on 9/11 who are for the towers coming back. I agree.

Lou Abigail Pilapil Citizens of Other Nations 9/10/2009
I'm not frm USA but I lyk this country and hav a few fellow countrymen who worked and died in 9.11.Watching the news and the real footages of the scene made me feel realy sad and mad(i'm sure evrybody felt the same way).I feel super sory for the victims and their families.Those animals who participated for this tragedy to happen and are still out there should be burned alive! Not rebuilding the Twin Towers also says "You won terrorists". **AMERICA CAN AND SHOULD BRING TWIN TOWERS BACK TO LIFE.**

It's been 8 years! New York looks so naked now. Don't let "him" win. They managed to rebuild Dresden and Berlin not to mention Hiroshima and Nagasaki in a reasonable amount of time and they were entire cities but you can't rebuild two towers due to bureaucratic bickering? Re-invent them a little bit fair enough but get the most famous skyline in the world back to its former glory at any cost.

Lynda Quintero-Davids All Other Americans 9/5/2009

PUT THEM BACK!!! FILL THE VOID!!! The current proposed structures make NYC look like Disneyland... which NY AIN'T!!! They punctuated the City and said "HERE WE ARE! HERE IS NEW YORK!" like NO other structure EVER will. Consider all the PRIOR PROPER PLANNING that already went into the Twins, as well as all the historical innovation that was derived from their construction...
P L E A S E PUT THEM BACK ! ! !

I was just looking at the design of the new rebuilt Twin Towers and like it much better than what they are building right now. It makes no sense building something totally different at the ground zero site. I think most Americans prefer to see stronger rebuilt Twin Towers added back to the New York City skyline. I found this website of the new redesigned Twin Towers 2 and its really a cool looking building which I don't understand why they are building a freedom Tower that no one wants.

REBUILD! These was an important historical site and we need them back.

Rebuild the towers.

Brandon Graves * Metro New Yorkers 9/5/2009
I think that will be built, we be strong proud of America is best!!!

Cameron Blight Citizens of Other Nations 9/4/2009

I was only 5 when the twin towers were attacked. I remember sitting on the floor in my lounge room waiting for my favourite children's television shows to come on. They didn't. Instead, ABC was reporting on the story of 2 commercial jet airliners that were hijacked and flown into the Twin Towers. Only as I grew older have I realised the importance of what happened on that day. If we rebuild the twin towers we are showing terrorists around the world that we are resilient and will not be kept down by them.

bring back these lovely buildings that suited new york very much

 **Mark Hicks** All Other Americans 9/9/2009
Put back what was once there. I don't live in New York but the skyline definitely has a void without the twin towers. The freedom tower is a dumb looking building.

 **Clif Eddens** 9/11 Families & Close Friends 9/8/2009
I lost my uncle, a.k.a my best friend's (my cousin's) dad. Any way to show that we could rebound from this, i support, and that is to rebuild the towers!

Return the New York skyline back to the beauty it once was.

I was only 7 years old when the attack happened and will always stick in my mind. I might not be an american but when the two towers feel they took apart of me with them.

 **Cheryl Schreck** Metro New Yorkers 9/8/2009
Having just moved to New York this year, it makes me very sad to see that nothing has been done to rebuild.

I am all for building new twin towers!!
No one will defeat the USA and bring us down.

The World Trade Center IS one of the biggest and greatest landmarks in New York and in United States history.
The Port Authority is stupid for trying to reshape Manhaten's famous skyline with something so pointless as the Freedom Tower, or as æTHEIR's so called One World Trade Center, which is a huge slap in the face to the Twin Towers, for frauding the North Tower's original name.

 **Robert Reklaw** Construction Workers & Families 9/7/2009
I always said that we should show the world we can not be intimidated. If you knock our buildings down we will be them back. If you knock them down again we will build three fold. We are not to show fear, Americans need to stand tall and show the world and our enemies that we will not live in fear..God Bless America

This tragedy has bruised my soul and my heart goes out to all the heroes that day inside of that building. I joined the US Army because I wanted to show support to the victims of 9/11. I wish that we could go back in time and stop this tragedy from ever happening, but who am I kidding time travel will never be possible, and God lets things happen for a reason. I hope that every American has learned something from this tragedy. I will never forget that day and the heroes in those towers.

The rebuilding of the Twin Towers is a moral imperative. The Towers lent an ICONIC status to New York City as the center of commerce, freedom & democracy. A civilized & forward moving society does not cower in the face of challenge but instead rebuilds in a bigger, better & bolder fashion. That would be the greatest tribute and honor to those who died on 9/11, those who built this great city, & a lesson for generations to come. I am New Yorker by birth, a former downtown resident, and still work downtown. Lower Manhattan is one of the most beautiful and historic urban centers in the world and it has a right to maintain that status. *Just building nice, pleasant, modern buildings in the place of the Twin Towers will never fill the void.* — Christopher London, Editor & Founder, ManhattanSociety.com

The New York skyline simply will not be complete until the Twin Towers are rebuilt floor for floor as tall as they were before the attack.

Lower Manhattan doesn't look right, and surely will not with some swooping fantasy that doesn't even dare house residents in its upper floors. My family used the photograph of us on the outside observation deck of the South Tower in February 2001 for our Christmas card as we'd always planned. I went back for the light sculptures. I also saw the Pile when a cousin was married at St. Paul's in December. Lord have mercy.

The Twin Towers are all I live for. I used to go to them once a week, just to stare at their amazing beauty. But one week i happened to be at the wrong place at the wrong time. I saw things that still haunt me, and the only thing that will ever really help me cope, is seeing the twin towers, standing tall, strong and proud. I have to beleive in my heart, I will be visiting the twin towers every week again. I just have to.

 **Patrick Hernandez** All Other Americans 8/30/2009
Our 8th year anniversary is almost here and my heart is still broken and longs to see the towers raised to their feet again so the rest of our country can get back up as well. God Bless our great country.

WTC MUST return. AS IT WERE. Changing the NYC skyline sets a final and long-lasting defeat to this city and to the rest of the free world. These towers must reign the skies again – better, stronger and safer but essentially the same. The voice of the majority will be heard. As we were shaken at the sight of the disaster, we need the spirit of what these towers stand for re-embodied, showing that our common beliefs and hopes will never be altered!

 **Alan Villegas** All Other Americans 8/29/2009

I'm only 17 and I miss those two towers.

Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.

* Indicates that the signer has not yet activated the validation link, often due to spamblocking software. They are included out of respect for the sincerity of the comments.
