REBUILD THE TWIN TOWERS! Nothing has rewarded the jihadists more than the ongoing sight of a world landmark wiped off the face of the earth.

— Dan Taylor (Citizen of Other Nations)

The world was robbed of the 21st-century Twin Towers most of us always wanted.

Any effort to build anything else but the Twin Towers is a victory for the terrorists who perpetrated this horrible act.

I grieve for the families and friends of those who perished in the attacks (I myself knew members of the staff of Windows of the World and of its security company, MAS).

However, when the Dutch purchased Manhattan in 1626 from the native Mannahatans, I am fairly certain that burial grounds and other lands that were considered sacred were rebuilt “for the greater good”.

Yes, rebuild the towers. That will be the best memorial.

If the USA's sometimes lumbering Federal Government can do the absolutely correct thing with the Pentagon, with the first rebuilt part being occupied in less than ONE YEAR, and with the Flight 93 National Memorial in Pennsylvania, there is no reason at all why New York's state and city leaders can't do likewise with the World Trade Center. 1 WTC 71.

I was there on 9/11 at my desk when the first plane hit.
Walking up west side highway I thought “They will probably invite us all back in 20 years for opening day when they’re rebuilt.”

It was obvious to me that the Twin Towers would be rebuilt.

I would like the Twin Towers rebuilt. I would work there again.

This design for the WTC site should be built:

I think that rebuilding the twin towers in all their glory would be the best option for the WTC site. I’m in NYC at least once every year for business and always remember the twin towers standing proudly in the New York City skyline. To rebuild the towers is to stand up against terrorism and the terrorists that took those buildings down and took with them the lives of our loved ones. The freedom tower plan is ridiculous. I hope that our efforts to rebuild the towers will be successful.

We lost my brother-in-law, FDNY Lt. Bill McGinn of Squad 18, Manhattan, in Tower 1. Bill was a Civil Engineer by background, and a student of the Towers since the 1993 bombing. He was also the first voice on tape to call this a terrorist attack.

Bill left a wife, 2 small children and a large extended

time has long since passed for them to get off of their egos and do that right thing. PUT THE TOWERS BACK! NYC, NYS, the USA and the World all need

SHOULD REBUIELD THE SAME AS WE HAD BUT 1 MORE FLOOR HIGHER.THIS WUOLD LET THE WORLD KNOW " YOU CAN KNOCK US DOWN BUT WE WILL COME BACK BIGGER- BETTER AND TALLER" SEE YOU CAN TAKE OUR BUILDINCS BUT "NOT OUR HOPES-DREAMS AND SPRIT.

My wife is a native New Yorker. We watched them fall on CNN. No words can discribe the horror on her face. The pain that I could see. If we don't rebuild them as they were, the terrorist win. We can't allow that to happen.

Please rebuild them, stronger and taller, as we americans should also stand against these terrorists, stronger and taller.

Thank you

 **Brian Cavanaugh** All Other Americans 5/6/2006
The "Freedom Tower" will be 1776 feet tall. Wow! What a message that will send to the terrorists! And the very name "Freedom Tower" as well. Bullcrap. Terrorists don't care, and the "message" will be lost on them.

The one thing that will send them a message will be a few years after 9/11 the Twin Towers are back up again EXACTLY AS THEY STOOD BEFORE. Now that's a "message."

It should be noted that anything less than rebuilding the towers and including footprint memorials should be considered a total terrorist victory.

At first I figured, don't rebuild them if you don't need the office space. But I've come to see that sometimes, symbols matter. If we wanted to take down the towers, I wouldn't care. But we can't let THEM get away with it.

The World Trade Center is like no other set of buildings in history. And with their terroristic and murderous destruction comes an opportunity to slay the demons over the heads of freedom loving people the world over. Raise them up higher, stronger and new but like their predecessors.

Rebuild the World Trade Center.

I feel that the Twin Towers should be rebuilt as they were, except with a couple very minor modifications: First, stronger, with thicker bolts on floor supports, better fireproofing, and next, with one extra floor each.(this to taunt the terrorists – ha ha screw you!!!

Though a remark about images (visual reminders) and not the towers itself, I find it applies equally and agree completely:

Mr. Mark Gobe, president and CEO of the Desgrippes Gobe Group, remarks in NY Post, Sept. 19, 2001: "The question is if the towers, because of events, have transcended being just office buildings to being an icon meaning 'freedom.' The Twin Towers qualify as a symbol of pride for people, and should be kept."
