REBUILD THE TWIN TOWERS! Nothing has rewarded the jihadists more than the ongoing sight of a world landmark wiped off the face of the earth.

— Dan Taylor / Citizen of Other Nations

The world was robbed of the 21st-century Twin Towers most of us always wanted.

Click above for more comments that rebuke the cynicism that tried to replace the Twin Towers and failed.

I am praying that this works!

I worked at the trade center when it first opened many years ago, it will always be the building that I look to see there.

Christopher Thayer All Other Americans 4/27/2006
This is a good idea as long as it is privately funded and not paid for by the government. Oh...and it would be great if they were even bigger than before.

Not only should the twin towers be rebuilt, they should be built taller and more magnificent than before. Let the world know that we (Americans) cannot be kept down. That we cannot be stopped. That we will build, grow and stay free!

Bruce Moyer All Other Americans 4/27/2006
If America is to prove its resilience in the face of militant Islam's onslaught, it must rebuild the towers as on operating commercial center. We should do this to prove that freedom and trade are superior to mysticism and death threats.

I am a native New Yorker now living in Va. Everytime I visit family I take the Verrazano Bridge and tell my daughter (age 7) that there used to be two big buildings over there on that island. Shes asks — who took them away and when are they going to be put back?

Richard Loeser All Other NY & NJ Residents 4/27/2006
To Whom it may concern,

Similiar to so many other residents of New York, I watched The Twin Towers built originally and they meant so much to The Nation, including The World upon completion. The destuction of The Twin Towers has removed a vital piece of Society! The Twin Towers represented Man's ability to live together in harmony! Unfortunately The Towers no longer exist. However, if they were replaced with the same structures or Taller that would honor All Who were Lost on 9-11!

Robert Holden All Other Americans 4/27/2006
We can rebuild it better and stronger than before. Give NYC and the USA its Twin Towers back! Anything

Albert Shields All Other Americans 4/26/2006

I fully agree: we must rebuild the twins, at least as tall as before. I'm a building inspector and enforcement officer and would dearly love to help show the terrorists that they have failed and will fail, forever. Born in Manhattan I spent time in The Towers in the past and, although I now live in Oregon, my daughter was in her office in the WFC on 9/11. I am profoundly grateful that she survived and my heart goes out to those whose loved ones did not. Let us rebuild in their honor.

Planning to rebuild the towers – exactly as built – should have started 9/12, as a matter of principle. Allowing terrorists the final say on the shape of New York's skyline increases the danger to every American by signalling a lack of resolve.

Bob Keller All Other NY & NJ Residents 4/26/2006
Please rebuild the towers

Alice Schneider Metro New Yorkers 4/26/2006
Rebuild them with pride and remember all those that lost their lives, may they never be forgotten!

The collapse caused my son, at sophomore in HS at the time, to cry in front of peers. That tells me that he recognized the devastation in spite of his somewhat protected childhood. To rebuild the towers taller than before, with an appropriate memorial to the brave EMS folks, and the poor victims who were in the wrong place at the wrong time, would be spit in the eye of the fanatics who did this. We are at war with fanatics, and we cannot cave in to them.

Ian Edgar All Other Americans 4/26/2006

Charles Merson All Other Americans 4/26/2006
Exactly as before, (except with a few internal modifications to avert things like jet fuel spilling into the elevators shafts). What better way to piss off those that would seek to deface the landscape of America

TONY ZEBEKIS Our Elected Representatives 4/26/2006
ONLY MORONS WOULD NOT SUPPORT REBUILDING THE TWIN TOWERS!! OF COURSE THEY SHOULD BE REBUILT!! EXACTLY AS THEY WERE – WITH MODERN CONVENIENCES OF COURSE!!

Tige Thiessen Citizens of Other Nations 4/26/2006

They need to be similar to what was there, for all the

less is a victory for the scum that did this to us.

countless movies out portraying the NYC skyline, and the towers included, it would simply be a shame to replace it with a sky-needle.

They hit the pentagon. It wasn't replaced with a garden.

If they'd hit the statue of Liberty, what would we have replaced it with? You know the answer!

Rebuild the towers! God Bless America!

The twin towers were targeted by our enemies because they represented all that is great about America: free enterprise, individual rights and above all, the pursuit of happiness here on earth. Our enemies, the islamic militants, beleive in death worship and hatred of all that is held sacred by our society.

We need to rebuild the twin towers as soon as possible, but even taller than before. We need to show our enemies and more importantly to ourselves, that we are winning and we will beat them!

They rebuilt the Benedictine Abbey of Monte Cassino under a directive which stated:

"as it was — where it was"

and it stands today as a monument to the triumph of good over evil.
