Rebuild them taller. By 9-11-2011.

The Twin Towers played an important part in each and every person's life who perished on that fatal day. Some earned a living there, while others supplied the needs of this miniature city within a city so large as to have it's own zip-code. The only true way to memorialize those we lost is to rebuild the towers as they were with an additional floor on each tower to serve as a memorial for victims.

**Doug Antelman** All Other NY & NJ Residents 9/18/2006  
Very early on I thought we should rebuild the towers exactly as they were before. This would send a message to the Jihadists and the world that we will not be defeated, that we will rebuild and rise again. If twin towers were to be built again, they would need extremely high security inside and outside- that would be my only concern. And would they get tenants?

**James Penny** All Other Americans 9/18/2006  
Build them 50' higher, start with original plans and: make slight exterior improvements, improve structure and building systems, improve fire suppression, improve means of emergency egress, locate memorial in plaza, etc.

**Isaac Spiel** All Other Americans 9/18/2006  
The men who still wage war on our country deserve a slap in the face, not a sigh of acceptance. Rebuild the World Trade Towers!

**KENNETH WACHTELL** Metro New Yorkers 9/18/2006  
I agree with someone who said that the only response to 9/11 is to not only rebuild the towers the way they were, but to add one more floor! Fight on!

My family and I were there in 1976 and 1986 for the the 4th of July celebrations in our 18 foot boat. We watched the Tall Ships and the fireworks. We anchored near the Statue of Liberty.

I haven't seen NYC since my wife and I flew to Newark on our way back to San Diego. My wife had never been to New York so I said, "Look out the window. There's the Statue of Liberty and there's the World Trade Towers." That was September 2, 2001. I wouldn't want to see anything else in Manhattan.

we will rise again...

**Victor Blusnavage** All Other NY & NJ Residents 9/15/2006

I live 70+ miles away from Ground Zero, but work less than a block away. It is depressing to not see the 2 proud towers standing there anymore. My Grandfather worked on the towers at some point during construction. The Twin Towers always made me feel good every time I saw them from any angle and any distance.

I want to see them again.

**Grant Simmonds** Citizens of Other Nations 9/15/2006

Rebuild the towers, doing so will show that we are not afraid and that we can stand up!

I think that rebuilding the twins is the right thing to do. The NY skyline will not be the same with that ugly "Freedom tower". Especially all of us who grew up with the familiar image of NY with her twin towers will look at it with disgust if it gets build. Bring the towers back.

This "freedom tower" BS has gone on long enough! It is time to do the right thing and by doing so to spit right in the eye of those who would see us cowed and beaten..

PUT EM BACK. ONE FLOOR HIGHER! And DO IT NOW!!

To those who died that day, may God hold you in the palm of His hand. To those left to carry on, may you find strength! for you all shall meet again. And to our Military, taking the fight to the bastards that did this..

Good luck...and.

GOOD HUNTING!!

thank you...

 **Autumn Gieb** All Other Americans 9/16/2006

The towers should be rebuilt, but stronger. It's the best way to show that we are not afraid. Rebuild them!

 **Nick Battey** All Other Americans 9/16/2006

I think it would be disrespectful to America if they are not rebuilt.

 **Rob Watkins** Citizens of Other Nations 9/16/2006

 **CloudRidersMinistry** All Other Americans 9/14/2006

we all in our church would love to see something built on ground zero .... we need to show all we stand strong ..... so we all can heal.....

 **Greg Padgett** All Other Americans 9/14/2006

I would absolutely love to see the twin towers rebuilt. Ever since i was a little kid i've been fascinated by skyscrapers, and the twin towers were my favorite. When the tragedy of 9/11 occured, not only was i saddened by all of the people who lost their lives, and families who lost loved ones. I was extremely saddened to see my favorite skyscrapers collapse. I loved those buildings and really hope new and improved twin towers will be rebuilt. Let's restore the NYC skyline to its original glory.

Absolutely, rebuild them the way they were, or even taller, or even 4 towers. I agree– we should honor those killed on 9-11, not some narcissistic architect(s) trying to make a statement with idiotic designs.

I love the plans of MakeNYNYagain.com & Triroc.com/wtc.

They are clearly the very best I've seen so far. As for the LMDC plans, they SUCK so bad you'd think they'd came straight out of the mind of Osama Bin Laden or one of their appeasers. Then again...maybe they have...Good luck and God Bless you N.Y.C.

 **Eric Kolowski** All Other Americans 9/14/2006

Show the terrorists that we aren't afraid of them and rebuild the towers!

**Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.**

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.
