The world was robbed of the 21st-century Twin Towers most of us always wanted.

Click above for more comments that rebuke the cynicism that tried
to replace the Twin Towers and failed.

The twin towers need no improvement;just our vigilance!

Richard Ryals All Other NY & NJ Residents 9/12/2006

We will never know the real reason for the attacks.No matter how much some one thinks they know.We however not just as Americans, but as people must stop the hate.What does violence solve?You can win a war but what does it mean? How do you fight an idea? How do you fight a war when the enemy is an opinion based on what we dont know? The war is in ourselves.Someone has to be the better person and initiate it.Starting with building the towers the way they were, and rebuild ourselves on both sides.

We are Americans, the strongest in the world. We get knocked down, we get back up. The Towers were American, they got knocked down, why are we debating on putting them back up???? There should be no question about it. We need to show terrorist that we will stand again along with OUR Towers!!!!!!!

I'm sorry for the families and not a day goes by that I don't think about the ones who lost their lives that horrible day. I never thought I would live long enough to see an attack on U.S. soil, but I was so wrong. My American flag is proudly displayed every single day of the year.

JR Keating All Other Americans 9/12/2006

Dont let the terrorists win! Show them that American can rebuild, and we are not afraid of them or their acts of cowardness! Rebuild the towers, and they will come!

Greg Burris Our Elected Representatives 9/12/2006

Bring Our Country back to the way it was along with the Great City of New York, for our children and Grandchildren to come. Lets all unite under the Twin Towers.

Sean Horrigan All Other Americans 9/12/2006

To not rebuild the towers would be a form of surrender and a capitulation to evil.

Healing and closure begin when we fill the void in our skyline and our hearts with the restoration of one of the great symbols of this country, and memorialize and honor all who gave their lives on that fateful day.

glenn kephart All Other Americans 9/11/2006

twin towers should be rebuilt as the same or better, america deserves only the very best for the new york skyline. anything less is a mockery to 9-11 & those that perished. may god bless america!!

Pamela Neil All Other Americans 9/11/2006

i think they should rebuilt to help all of us heal from what happened i was raised there when i was young and i miss see the twin towers.....

Jonathan Bornstein WTC Tenants Who Would Return 9/11/2006

Failure to rebuild the Towers, is to assign ourselves to permanant humiliation and degradation.

The only thing worse than the Attack on 9-11, is our failure to restore our skyline.

How will our Children judge us?

Edward J Correia Journalists & Media Figures 9/11/2006

They took the towers from us, from our children and grandchildren. We need to give them back, not put up some stupid-looking building designed by a committee.

Edward T. Kirschner All Other Americans 9/11/2006

- Please rebuild the Twin Towers, I miss them so much. I feel that nothing would be more effective as a memorial that a huge memorial in the lobby of both the towers. By making a small, low tone, memorial we are showing weakness in the eyes of the terrorists. I wish so much that more people felt like I do, again, please rebuild the twin towers, its what is right.

- We must do whatever is needed to make sure that the World Trade Center rises once again.
- I remembered thinking in September 2001, where would we be in September 2006, would the pain be less? Would we have already rebuilt? and here it has come and gone, 5 years, and it still feels as it was yesterday. Anything but a new World Trade Center would be admitting defeat.

- No greater homage or tribute can be paid to our fellow fallen americans, than the rebuilding and resurection of what the twin towers stood for. Not only for America,but for all those who called it home and for all the families who called it our bread, the towers must go up to show the world and the families of 911, that here again stands a symbol, a symbol of the spirit of America, a symbol which will prove again that America too as well as its citizens will not stay down in the face of adversit

- I want to say that i'm very ANGRY that someone would do such a thing. I remember exactly where I was 5 years ago. If it was another event, I wouldn't have remembered but this event was so terrifying, so tragic that it is stuck in my mind and heart forever. On september 11th, 2001, i was sitting on the left side of my grade 6 class sitting beside my bestfriend and when i was listening, I started to cry. I was scared out of our own sake in canada. I was terrified and it brings me to tears.

- Today is 9/11/06 A couple of day's ago I thought that the best thing to do is rebuild the II's towers Just mightier & stronger. I never thought this way b4 but if they build the freedom tower it's going to be a hollow victory. **These II's were Majestic they went on forever into the sky, they were the cities BIG Protective Brother. We the People of America and it's Allies must Build them again. You cannot replace the mona lisa with a lesser painting.**

We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology.
