

WHAT THE PEOPLE WANT WHAT NEW YORK NEEDS WHAT AMERICA DESERVES

"Dream No Small Dreams"

THE ALLIANCE THE PETITION THE COMMENTS THE INDEX THE COALITION THE JOURNAL THE INSTITUTE

We don't let terrorists do our urban planning for us. The Twin Towers were meant to stand forever and they should be rebuilt.

— Darin Allan / All Other Americans

The world was robbed of the 21st-century Twin Towers most of us always wanted.

Click above for more comments that rebuke the cynicism that tried
to replace the Twin Towers and failed.

I was living in NYC on 9/11. I would definitely prefer to see the towers rebuilt, rather than the tepid, committee-driven compromises that have been the norm so far. We should have the courage of our convictions, and realize that the only way to truly make any sense at all out of all this is to rebuild the World Trade Center, just the way it was. What could more demonstrate that we were not cowed?

Margarita Lopez Candelaria All Other Americans 4/23/2006

I love my country the USA
Please give us back our Twin Towers bigger and better.
PLEASE REBUILD OUR TOWERS
OUR PRIDE
Thank You

As a native NYker who lives in Colorado, I say rebuild. The NY skyline has always been seen as one of the most recognized in the world. We need to say to those pathetic terrorists that we will continue to get up after being knocked down. NY has always taken the hits and has proven time after time that we always get up. That being said, rebuild and pay respect to those who lost their lives on that day. Put those buildings back and make the skyline whole again. The entire country would cheer

Please have the courage to bring the towers back. They will be so good for the economics of New York, and the heart of America.

DON'T simply rebuild the Twin Towers; build THREE this time to replace the smaller buildings as well!

Rudolf Meier Citizens of Other Nations 4/23/2006

I would never again go to New York if they don't rebuild the towers (although I loved NY before 9.11.), because New York without the towers is a symbol for the victory of terrorism.

Mark Smith All Other NY & NJ Residents 4/23/2006

The best way to tell the terrorists that they've lost is to put the Towers back exactly as they were before. Increase safety, but replace the skyline as it used to be.

Adam Robinson All Other Americans 4/23/2006

If we didn't want the Twin Towers, we would have knocked them down ourselves. Re-build. And set an example.

Marcella Rousseau All Other Americans 4/23/2006

I live in the midwest now but I will always be a New Yorker. (Yea! Queens!) Bring the twin towers back stronger than before. If they can make buildings earthquake-proof, they can make them terrorist-proof. Rebuild them and make it snappy, dammit!

Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.
