**REBUILD THE TWIN TOWERS!** Nothing has rewarded the jihadists more than the ongoing sight of a world landmark wiped off the face of the earth.

— Dan Taylor / Citizen of Other Nations

The world was robbed of the 21st-century Twin Towers most of us always wanted.

I was 8 years old when the twin towers went down and I have always thought why dont they rebuild them. I am coming to New York next year 2010 because I love the look and atmosphere of New York. I think that the twin towers were the most beautiful buildings ever, they stood taller than anything else and it was as if to say "here I am" and I liked that. Obviously I don't live in America but that just shows if it has had that much of an affect on me then the people of America will agree.

**Saad Mirza** All Other NY & NJ Residents 12/8/2009

I sent a message to the mayor of NY recommending this "healing" of America. It is NOT the Muslims who are bad, those are NOT true Muslims, they are fakers. Wake Up Before it's too late!

**Sam Rees \*** Citizens of Other Nations 12/6/2009

The Freedom towers are really ugly! It would be a disgrace to build them. Build the Twin Towers II! It will make everyone smile! I say re-build them!!!

**Richard Tanner** All Other Americans 12/5/2009

"911" Oh Yeah, that day will be etched in my mind forever. THE TOWERS, I was there once, the view, the majestic splendor, the reason why they stood as tall as they did. Not only for New Yorkers, they symbolized the strength of our great nation, the achievements, nations from all over the world came together and we accepted that. It is time to get back what was taken away in such an evil act. "TWIN TOWERS" taller, and more stately than before. Nothing short of that should be accepted, period.

**Daniel Tanner** All Other Americans 12/4/2009

I truly hope that the Twin Towers are rebuilt. I think it would be a great day in America when all Americans see the official opening of the Twin Towers once again. I think it can be the greatest tribute to every person who lost their lives on 9/11 and to every person who helped to save lives on that unforgettable day. God Bless us all!

**Chuck Norton** All Other Americans 12/2/2009

I think what you are doing and trying to get accomplished is one of the greatest, most noble things I've ever seen, and I want to thank you for that, If we can all help get the Twin Towers rebuilt than that will truly show that America is the greatest and strongest country in the world and the terrorists will face defeat. PLEASE PLEASE PLEASE REBUILD THE TWIN TOWERS!

**Sara Lunini \*** 9/11 Families & Close Friends 11/17/2009

**We need those towers back! For my uncle and brother who both died that day in the north and south towers, and my dad who barely made it out of the pentagon! Those beautiful buildings need to be seen by the new generation, and we all need them back!**

**Bill Schoepflin \*** Metro New Yorkers 11/16/2009

When I look out my window, I want to see the towers, not the tower.

Rebuild the Twin Towers of the World Trade Center!  
New York City is incomplete without them.

**Miranda Boodt** Citizens of Other Nations 11/15/2009

The Twin Towers must be REBUILT!!  
Not only an icon for the City of New York, but an icon for the entire World.

Miranda (The Netherlands)

**Rita Wilson \*** NYC's Bravest & Families 11/14/2009

The Twin Towers should absolutely be rebuilt to honor the memory of those who were killed. It would symbolize a strong America and show the world that the USA will continue to be strong and stay strong!

**Bill Haag** NYC's Bravest & Families 11/13/2009

God Bless America

**Joshua Hilton** Citizens of Other Nations 11/10/2009

Good Luck in your fight to rebuild the originals. I sure hope it happens and dis-heartens all terrorists through out the world. Once again good luck to everyone involved in the Twin Towers Alliance.

**Cory Smith \*** Metro New Yorkers 11/10/2009

When I was little, I remember looking up at the Twin Towers when ever I saw them. They were my favorite buildings, and I always thought they could never be brought down. I don't want the Twin Towers gone because of an act of terror. I want them back, bring back the old New York skyline!

Those towers were NYC'S history. It's not even funny. Rebuild it. It's rebuilding history. New York loved those towers.

 **Charles Meyette** All Other Americans 11/30/2009

*This should have been the only way to deal with the site - rebuild.*

 **Hunter Faulconer \*** All Other Americans 11/29/2009

I believe that a possible solution to bring back the appearance of the NY skyline to the way it was before the Twin Towers were destroyed, would be to build a set of memorial structures the exact same dimensions/location as the original towers once stood. They would be 2 steel shells that would resemble the Twin Towers from a distance. The hollow cage like structures could have long external vertical steel beams with interior horizontal support beams. These structures could also be illuminated.

*TTA Note: We are posting a 11/29 bulletin related to this comment.*

 **Dean McCallum** Citizens of Other Nations 11/28/2009

Rebuild them!!! Not rebuilding the twin towers would be a disgrace. Make New York New York again! Stand up against terrorism, show them they cannaot alter the skyline. Lets not give them the satisfaction. Rebuild in the honour of the famalies, the people and the heroic firefighters who died that day. Build the towers taller and stronger and show terrorists around the world that we as people, although we might stumble or get knocked down, we will come back stronger and prevail!

 **Nicole Burgess** Architects and Builders 11/26/2009

The twin towers should be rebuilt exactly the same. Freedom Tower is a horrid design; which is not New York or American.

 **Nathan Burgess** All Other Americans 11/26/2009

The World Trade Center needs to be rebuilt, the Freedom Tower is a disgrace to all Americans. The twin towers represented or democracy and power to the world and needs to be rebuilt!!

 **Mike Robie** 9/11 Survivors & Families 11/25/2009

 **Sam F \*** All Other Americans 11/22/2009

I was too young to even see the twin towers just recently i saw of picture of them before the attack and i would love to see them soaring high once again its part of are country memories and it lets children like me get to see their beauty.

 **stacie root** All Other Americans 11/22/2009

I think that they should rebuild the twin towers. If it was not for the vol. firefighter, police offiers and the american red cross and many another vol that helped out that day. I would love to see the twin towers be rebuilt.

 **vickie root** All Other Americans 11/22/2009

The towers were an amazing thing to see in New York City they should be re-built the same way as they were. This Country needs to put back what has been taken from us in its original way.

 **craig root \*** All Other Americans 11/22/2009

i will like to see it done cause i know how all of the people have had some one in there life die cause of it and i know how it is to not have there loved ones in life and all of the firefighters that have died there cause i am a vol. firefighter and i really will like to see new ones up cause that is the way i feel about this cause i really care about them firefighter Families and all of the other families out there when it was going down.

 **Donald Furrow \*** All Other Americans 11/22/2009

Rebuild them as before but build them 9ft and 11 inches taller!

 **Camron Fritz** All Other Americans 11/22/2009

I would really really like to have the twin towers back. The events that day were devastating. This plan is

 **John M \*** Metro New Yorkers 11/9/2009

Rebuild the World Trade Center's Twin Towers!!! I believe bringing the towers back will restore the icon and symbol of New York once again!!! I never was able to go atop of the second tower before, now could be me chance! Please President Obama, allow th PA to rebuild the twin towers! Rebuild it exactly the way it was, just make the buildings on the side glass with the memorial.

I want the towers back!!!!

 **Ivana Vrban** Citizens of Other Nations 11/9/2009

You have to call people. — 7000 — thats not enough for changes!!! You need hundreds of thousands signatures, and I`m in! Rebuild them!! God help You!  
*TTA Note: Thank you... If people had any idea that there is a movement and a real plan we surely would have hundreds of thousands of signatures — but then we wouldn't need a petition... If people knew that there is a viable Twin Towers option, it would be all over for that tower that is such a glaring symbol of tyranny, not freedom. And they will know — it is our constant aim. It really is just a matter of time...*

 **Bea Helmboldt \*** All Other Americans 11/9/2009

We need to rebuild to show that America does not give up!

 **Hal Helmboldt** All Other Americans 11/8/2009

I am absolutely positively begging you to rebuild the towers in the likeness of the original design that Ken Gardner is pushing to build. HIS design is the ONLY design that should ever be passed to replace the original WTC Twin Towers. We MUST rebuild those towers for the sake of the morale and self-esteem of the American people. The new design is exactly what America needs and the majority of those I know in my own hometown feel the same way. We want those towers rebuilt! PLEASE!

 **Peter Marshall \*** All Other Americans 11/5/2009

Rebuild the towers, they will symbolize the fact that we can rebuild and move on. Those who destroyed it will fail and it's now the time to act on it. Rebuild them.

 **Alexis Cooper** All Other Americans 11/4/2009

The Twin Towers were one of the great icons of our nation. And now they are building this random piece of junk! They know we want the Twin Towers, so why are they going on with the Freedumb Tower? REBUILD THE TWIN TOWERS!!

 **William Healy IV** All Other NY & NJ Residents 11/1/2009

These need to be rebuilt. We must show the World that when we get knocked down we are not down and out but better yet we come back bigger and stronger and will not be intimidated by terrorists.

 **Thomas John** All Other Americans 10/31/2009

Please, fill the hole in the ground and get these buildings up soon!

 **Brett Gowen \*** All Other Americans 10/31/2009

The Twin Towers are what made New York's skyline unique and what it was. It defined New York. It was New York. That is how everyone knew it was New York. The Freedom Tower makes it look like any other city skyline, and New York is different. We need to rebuild the Twin Towers and make New York the familiar, happy place it was before 9/11. IT'S NOT TOO LATE!!!

 **Mark Williams \*** All Other Americans 10/30/2009

I think they should rebuild the twin towers instead of the freedom towers...The twin towers are more pretty. Freedom towers are ugly and its a waste because theres 5 towers.

 **michael stucklen \*** Metro New Yorkers 10/27/2009

we need the towers back in the skyline with out them not only newyork but america looks like it has been defeated.

BRING THEM BACK!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!

 **Thomas Morris** Citizens of Other Nations 10/26/2009

i think we need to rebuild the twin towers! they where amazing! and im from the UK and im 12. on the day

great and will show the terrorists that we will not go down! I hope this plan comes through and that the towers will once again rise into the sky.

 **Tor Morten F** Citizens of Other Nations 11/22/2009  
Rebuild the towers! That is what the people wants.

 **Dennis Walker** Construction Workers & Families 11/21/2009

I worked in the trade center in the early 70's as a Drywall taper. And I was always proud of that. But most of all we need to rebuild them and not show that we live in fear. If we can spend trillions on this war why not rebuild the towers giving thousands of people much needed jobs here at home. And most of all let's do it in remembrance to all of those who died that fateful day on Sept 11. 2001. Let's rebuild for them. God bless America.

 **Bob Veigel** All Other Americans 11/21/2009

If my home burned down what would I do? Easy, rebuild it and even better than before. The 'twin towers' is no different. It was home to many. It is time to rebuild.

 **Nate Mould** Citizens of Other Nations 11/21/2009

I believe that replacing the old towers as opposed to going with the current watered down and non-inspiring project would be a great tribute to the families involved with this tragedy, would replace one of New York's iconic landmarks and also show the resilience and strength of this city and the nation as a whole.

 **Susan Kittrell \*** NYC's Bravest & Families 11/18/2009

of september 11th i was at school so i didnt know about the whole thing and i was to young to understand but now i think shoud get them back! im hoping this petition might make a change!

 **Jason Clark \*** All Other Americans 10/25/2009

I think this is a GREAT idea, and they should rebuild the towers, so America can prove to the world that we can not be taken down, and we will never give up!

 **Dario Jelencic** Citizens of Other Nations 10/25/2009

Big YES for TWINS!! Rebuild!!!

We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.**

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.
