REBUILD THE TWIN TOWERS! Nothing has rewarded the jihadists more than the ongoing sight of a world landmark wiped off the face of the earth.

— Don Taylor (Citizen of Other Nations)

The world was robbed of the 21st-century Twin Towers most of us always wanted.

Click above for more comments that rebuke the cynicism that tried to replace the Twin Towers and failed.

The Twintowers need to get rebuilt they where great looking buildings, and known all over the world as a part of the image of the U.S.A, besides they can ferfill a monumentall function now as well and the other designs made to replace them dont come even close to the beauty of the Twin Towers, those where great building's why build something else? if the foundation is still intact, the Twin Towers are part of america and they represent something, just rebuilt them, it will do a lot of good

I think the towers should be rebuilt. I remember when they were being constructed and how much I loved the buildings when they were completed.

I am so angry that the twin towers are not already being rebuilt I don't know what to do. The half way effort that is being made is unacceptable. Let's show the world what we can do and build the two most magnificent building ever seen.

**Rick Myers** All Other Americans 5/8/2006

Rebulid the towers as it was, to do anything else would only be letting them win.

**Bob Whitworth** All Other Americans 5/8/2006

It's time to rebuild our American pyramids, to last for generations. Taller, stronger, safer, better. A tragic turn in our nation's history needs to be corrected. Rebuild the mighty Twin Towers!

The only thing that rightfully belongs there and would be a true memorial and represent the true FREEDOM & DEMOCRACY of this nation are the rebuilt Twin

I saw the Towers built, watched them go up from what seemed like the bowels of the earth to touch the sky. We must rebuild them exactly, but stronger, better and one story higher. Would that some day I will again dine at Windows on the World. The only memorial should be the towers back and beautiful.

- Towers, because anything other then the Twin Towers has no TRUTH to it.
- Adam MacGregor** Citizens of Other Nations 5/7/2006  
Those towers were so much more than steel and concrete, they were a symbol of America, a symbol that even as a Canadian I am proud of. The White House was rebuilt after its 1812 destruction so why not the Twin Towers, they are as much of a symbol of prosperity in America.
- Please do not make a grave mistake building the Freedom tower, listen for once to public outcry

9/11 was a horrible day. I am an AMERICAN from FL. I believe that Building a sad ass looking building like the Freedom tower and museum shows that we have been defeated. I am a proud American and would love nothing more than to see those buildings stand again, but one floor higher.. I think that idea is great, showing that not only did we bounce back, but we returned higher than before... Rebuild those towers!!!!... Why is it so difficult for people to understand that thats what we want!!!!...

I would like to see the skyline retuned to the stunning image I use to see from my home in Brooklyn.

**Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.**

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.

\* Indicates that the signer has not yet activated the validation link, often due to spamblocking software. They are included out of respect for the sincerity of the comments.
