REBUILD THE TWIN TOWERS! Nothing has rewarded the jihadists more than the ongoing sight of a world landmark wiped off the face of the earth.

— Dan Taylor / Citizen of Other Nations

The world was robbed of the 21st-century Twin Towers most of us always wanted.

Click above for more comments that rebuke the cynicism that tried to replace the Twin Towers and failed.

The Freedom Tower is a travesty. I beleive the way to show our reslove as a nation and to honor those who have fallen is to search our souls, reach into the sky and rebuild the Towers as they stood on Sept. 10, 2001.

The Twin Towers should return to the New York skyline for two reasons: to send the message that Americans will not be changed or intimidated by a handful of pathetic terrorists; and because we want our towers back. We can do it, we should do it.

If we don't rebuild the towers just the way they were, the terrorists have won forever. Of all the people who worked in those towers who died, I bet each and every one would be more proud if they were rebuilt as they were.

I never had a chance to visit the towers. My heart sank on that day and all I could think about was revenge and how to get even. That hate and want for revenge turned me toward a realization that if turned to a life of hate, racism and I would have fallen victim to the terrorism that took the Towers and more then 3,000 lives. Justice will eventually catch up to the criminals and those who follow their footsteps. Rebuild the Towers and show them what America is really made of.

Let's get the towers backup, taller prouder and stronger. No terrorist should dictate to us how when or where we construct our buildings. This can still be sacred ground with a greater testimony to AMERICA.

Please do my family and my new born baby justice. Build the Towers back for the future generations to be inspired and awestruck at their grandeur.

New York is defined by courage and the ability to rise above adversity. Let's show the world we haven't strayed from that ideal.

I already signed my name, but I need to make a comment...

It appears that the twin towers are not going to be rebuilt.

For unknown reasons, our politicians want to build that ugly Freedom Tower instead.

What can we do about this?

I still feel the general public has been too silent too long.

Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.

* Indicates that the signer has not yet activated the validation link, often due to spamblocking software. They are included out of respect for the sincerity of the comments.
