REBUILD THE TWIN TOWERS! Nothing has rewarded the jihadists more than the ongoing sight of a world landmark wiped off the face of the earth.

— Dan Taylor / Citizen of Other Nations

The world was robbed of the 21st-century Twin Towers most of us always wanted.

I agree to rebuild the towers. They were not just "buildings" but American Icons that should not only withstand time but should be rebuilt with the mindset of thumbing our noses at the terrorists who cost many innocent Americans their lives.

We've suffered long enough!

Rebuild the towers... Anything less would be cowardice and serve as a symbol of shame!
-  **Steve Zellers** All Other Americans 4/19/2006
The most awesome buildings in the world need to rise again. The terrorists can not take the towers from us. I am a SSGT in the U.S. Marines serving in Iraq on my second tour. Most of us over here would love to see the towers rise again!!!!
-  **Fred Ferrarese** All Other Americans 4/19/2006
I saw them when they were being built the 1st time. I saw them after they were destroyed. I want to see

I watched them burn from the 69th St Pier, photographed the experience and cried. A Fireman's Bullhorn on the Pier is wonderful, but only rebuilding the Towers bigger and better will tell the world: We are not afraid and can't be defeated by cowards.

I watched those towers built as a young boy living in new york. I want to watch the new ones rise even higher than the originals. What better place to honor the lives that were lost than at a new Top of the World outdoor observation deck?

I'm sure the 'Freedom Tower' would look nice when built, but build it somewhere else. The towers need to be rebuilt as they were, or only slightly taller.
-  **Gregg Foti** Metro New Yorkers 4/19/2006
I have many pictures of the towers hanging in my home. They have been hanging since before 9/11. My father and I both worked in WTCl. It is heart breaking to look at the downtown skyline and to not see those majestic towers.

them built again, because in America WE DO NOT GIVE UP!!!

Build the towers an extra 10 stories high - I'd work in the top floors!

Francesca (Withheld) Metro New Yorkers 4/19/2006
Put the Towers back as they were one foot taller.

I like Donald Trump's idea of building them exactly as they were PLUS ONE STORY. Nothing can send a better message to all involved on 9/11 than us rebuilding the towers and our skyline and ADDING one floor.

To do anything less than rebuild equal or better towers is to give 'heart' to the enemy. They will continue to count it as a victory in their 1400 year war against all who love Freedom and everthing our Declaration of Independence affirms.

Richard Murphy All Other Americans 4/19/2006

I have thought from day 1 that the towers should be rebuilt identical but stronger, thats the only way to restore the skyline and pride to what it once was.

The best way to honor the Americans who lost their life and their love ones is to build the towers mightier and stronger than they were the on 9/10/01...

Mike Bacon Citizens of Other Nations 4/19/2006

If it is what the people of New York want, why not give them what they want!!!!

Shawn White * All Other Americans 4/19/2006

It would be a great memorial to many people in many ways to rebuild the towers.

Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.

* Indicates that the signer has not yet activated the validation link, often due to spamblocking software. They are included out of respect for the sincerity of the comments.
