REBUILD THE TWIN TOWERS! Nothing has rewarded the jihadists more than the ongoing sight of a world landmark wiped off the face of the earth.

— Dan Taylor / Citizen of Other Nations

The world was robbed of the 21st-century Twin Towers most of us always wanted.

Click above for more comments that rebuke the cynicism that tried to replace the Twin Towers and failed.

With everything the United States has rebuilt for others, why can't we show the world that what has been will be again?

Using money on an expensive memorial only shows the world how much they can hurt us.. **Rebuilding shows we honor the sacrifice of those we lost by refusing to let the threat of death deter us from our dedication to freedom.**

I'd like to see the rebuilt stuctures look the same from the outside – just improved on the inner structure.

The Twin Towers should be rebuilt. They were powerful symbols and nothing different would have as profound an effect on me. I know there are other people who feel the same way. Whatever lack of approval I may feel for any particular part of our goverment or laws, I am always aware of my great fortune to be born in this country. Those Twin Towers represented part of America, and I have always felt awe at the sight of them in the skyline in Manhattan. NYC looks diminished without them.

M David Metro New Yorkers 6/12/2006
Let Trump build it and get the rest of these graft-taking incompetents ninnies out of the way (that means you, Bloomberg!)

I don't understand why so many people are against bringing back the REAL WORLD TRADE CENTER, instead of some pathetic looking Freedom Tower that looks like it should be from planet Krypton. Those terrorists knocked down the REAL WTC down on purpose, what would be a better statement than to put back twin towers that LOOK identical all the way to the last toilet, to show bin Laden our defiance, rather than an IMPOSTER????

Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.

* Indicates that the signer has not yet activated the validation link, often due to spamblocking software. They are included out of respect for the sincerity of the comments.
