REBUILD THE TWIN TOWERS! Nothing has rewarded the jihadists more than the ongoing sight of a world landmark wiped off the face of the earth.

— Dan Taylor / Citizen of Other Nations

The world was robbed of the 21st-century Twin Towers most of us always wanted.

As a former New Yorker, I have to say that it never made any sense to me why NYC would not rebuild the towers. Make them taller, stronger and in your face to Bin Laden. Make him see that we will not be cowed. Right now it looks like we are running away from the idea of offending any more idiots like him. Make it strong enough to withstand a nuclear missile strike, put Sidewinders on the roof, whatever it takes, but rebuild them!

Jim Hubbard All Other Americans 7/2/2007

If we do not rebuild what the terrorist have destroyed, they win. The Americans killed in the tragic events of 9/11 would not want anything else, and they deserve nothing less. Put back the Twin Towers. Put back American pride and values.

Randy Lieber All Other Americans 7/2/2007

I'm pleased and excited that there is a common-sense approach to the question of the WTC and it's reconstruction. Why we need a new design escapes me. Just rebuild using the original plans. Now!

Larry Fields All Other Americans 7/2/2007

The only right thing to do is to build them exactly the way they were ...plus... one foot higher!

Kathy Jennings All Other Americans 7/2/2007

Inspiring and touching!

Ray Parrish All Other Americans 7/2/2007

Build 'em back – higher. And put the memorial at the top – right next to the anti aircraft guns.

Richard Thomas * All Other Americans 7/2/2007

They should have been rebuilt before the end of 2002. Get it done.

Michael Carney * All Other Americans 7/2/2007

We are making the future for our nation – do we want to live in terror; with our streets filled with car bombs and threats? If we rebuild, if we won't back down, if we don't live in fear... Only then will terrorism fail and our future be filled with peace!

Rebuild, stand firm, don't make any decision from fear!

Do the impossible, that will make us mighty.

Nate Hukee * Our Armed Forces & Families 7/2/2007

Build 5 of them at escalating levels, so the 3rd one is the highest..then they precede to go back down. Kinda like a middle finger.

DON SPINA All Other Americans 7/1/2007

PLEASE REBUILD AND MAKE IT ONE STORY TALLER.

Richard Bolton * 9/11 Families & Close Friends 7/1/2007

We've got to start being a politically-incorrect country. Our enemies view us as weak and timid. We have to develop a strategy of winning this war. I will not permit my son to fight a war to win the "hearts and minds" of middle eastern fanatics.

I will support a plan to win.

I urge our President to put us on the path of victory. If he does not, we can't defeat this enemy. Nothing President Bush says will convince us otherwise. We want a plan to win.

Jarrod Perreault * All Other Americans 7/1/2007

DO IT

Thomas Hosker All Other Americans 7/1/2007

We rebuilt the Pentagon's damage in a year. Donald Trump was right. Rebuild the Towers, add a floor, and show our enemies their attacks will never stop America!

Shiela Fallon All Other Americans 7/1/2007

Myron Dansby Metro New Yorkers 7/1/2007

The tower should be rebuild the same way, but stronger and 150 stories each

Rodney Schnittjer All Other Americans 7/1/2007

Nothing could be a bigger slap in the face to terrorism and those who commit it than to rebuild the towers even taller than before. We MUST send a message than we will never back down, and that anything they attempt to destroy, whether it be a physical structure or our unique American spirit of freedom, will return bigger and better than before. They must be sent the message that the spirit of America will prevail at all costs.

BILL BOWERS * All Other Americans 7/1/2007

Glenn Layne All Other Americans 7/1/2007

Let's stand tall and tell them that we will not alter the skyline of Manhattan! REBUILD THE TOWERS!

Ray Gordom All Other NY & NJ Residents 7/1/2007

It's the right thing to do. Rebuild the Twin Towers!!

William Ayers All Other Americans 7/1/2007

Penn & Teller have the best plan. But either way it should be rebuilt as soon as possible.

The World Trade Center towers were the physical embodiment of the global world trade movement dedicated to "World Peace Through World Trade". That's why the terrorists recognized they needed to destroy the buildings, so they could then work on destroying the educational, cultural, and political underpinnings of global trade more effectively. For the same reasons, we must rebuild, improving where we might, but rebuild, and reoccupy the World Trade Centers!

BUILD THEM JUST ONE STORY HIGHER

"You can knock us down but we will be bigger, better, and stronger than we were before!"
- That should be the message and the towers should be built... bigger and better than before.

You are right. Everytime I see those great towers in an old movie I feel proud to be a native of NYC. Show the world a few crazy extremists cannot change the great skyline of New York forever. The original towers went up in record time and that was in the early 70's. We need to get this done. Stop screwing around and rebuild them!!
-  **Karen Godard** All Other Americans 7/1/2007
The symbolism lost by the twin towers is dwindling every day a plan is not in place to rebuild them.

Something important is missing from the New York skyline and it must be returned, bigger, better, more beautiful than before. It must be done to give Americans something to look up to and see themselves, all as Americans, in glass and steel a representation of the greatness of this nation and it's people. And it must be done to show the world that America does not falter and that this land and it's people have been blessed down through time and as potential enemies draw near they should be afraid

oorah!

I can't imagine a more appropriate memorial to those people who lost their lives than The Twin Towers. When I think of that place, I don't imagine some whimsical, piece of functional art. I see the Twin Towers. They are a symbol of American optimism, love of country more than self and the American spirit of persistence and hard work in the face of unending opposition. Rebuild those great towers!
-  **William Cox** All Other Americans 7/1/2007

Please Note: This petition is meant to provide a forum for this subject alone. It is a petition, not a bulletin board. We will not sanitize controversial remarks if the comments are primarily in support of the petition's purpose. But off-topic remarks are subject to removal on a case-by-case basis to keep the focus where it belongs. Thank you.

Important Mention: Those who read back over the comments will find that from time to time we have highlighted excerpts to help those who only have time to skim a page get a sense of what people are thinking and feeling. We rarely do that now and it was never a methodical effort, but just a window on public opinion regarding this monumentally important issue. The important thing to know is that no comment matters more than any other. Each one is valued and helps make the case that the public was sidelined on something that mattered so much.

TTA Note: Occasionally a current signature will disappear. When that happens it is because someone who has already signed the petition signs a second time and when the second signature is validated the two are automatically merged and appear in the original chronology. If someone leaves a second signature and comment, it automatically overwrites the earlier placement when the validation link is activated. If it isn't activated, or it is made using a different email address, there will be duplicate signatures. When we recognize that someone has signed before, we will delete the earlier entry and, if it was

verified, verify the new one, since the clear intention is to make the new comment visible. We may decide to manually include the earlier comment at the end of the current message.

Regarding anonymous signatures: Taking a stand using one's full name is always preferred, but when a name is withheld, the signature and sentiments are still of value. In every case, we have an email address that corresponds with the entry and is kept private.

* Indicates that the signer has not yet activated the validation link, often due to spamblocking software. They are included out of respect for the sincerity of the comments.
